**Mayr's Wonderful Stomach Remedy**  
Is Recommended and Praised By  
Thousands Who Have  
Been Restored.

"I was a sick man for about three months caused by gall stones of the liver and was told by three of our most prominent physicians that I would have to submit to an operation to get relief but heard of your Wonderful Stomach Remedy and secured a full treatment and took it according to directions and passed hundreds of Gall Stones. Since taking your medicine I work regularly and don't feel any ill effects. I am praising your Remedy to all my friends. I think it worthy of the highest praise. **E. L. DOOLEY, Roscoe, Va.**

Sufferers of Stomach, Liver and Intestinal ailments are not asked to take Mayr's Wonderful Stomach Remedy for weeks and months before they feel benefited. Just try one dose—which should make you feel better in health, convince you that you will soon be well and strong, free from pain and suffering and get you a sound and healthy stomach, as it has done in thousands of other cases. Wherever it is taken you will hear nothing but the highest praise. Go to your druggist—ask him about the great results it has been accomplishing in cases of people he knows or send to Geo. H. Mayr, Mfg. Chemist, 154-156 Whiting St., Chicago, Ill. for a free book on Stomach Ailments and many grateful letters from people who have been restored.

For sale in Omaha by Sherman & McConnell, Druggists, 16th and Dodge Sts. 16th and Harney Sts., 17th and Farnam Sts. and Hotel Loyal, and druggists everywhere.

### SOUTH ATTRACTS TOURISTS

Many Cruises Arranged for Those Who Have a Desire to Travel.

**FLORIDA AND CUBA FAVORITES**

Panama Zone and the West Indies to Be Visited by Many, While Others Will Spend Winter Abroad.

"Indications are that winter travel will be very heavy during the coming season, judging from the number of inquiries at this office in the last week or two," said W. E. Rock, city passenger and steamship agent of the Chicago, Milwaukee & St. Paul railway.

"The winter tourist rates go into effect October 12 and are about the same as last year to Florida, Cuba and south-eastern winter resorts. There is considerable interest displayed in the Panama and West Indies cruises, and with the number of sailings and size of the vessels in that service during the coming season there should be ample opportunity for all who desire to take this trip. These cruises range from sixteen to twenty-nine days, and include Cuba, Jamaica, Panama, Venezuela, Trinidad, Barbados, Island Martinique, St. Thomas, Porto Rico, Nassau and New York. A tourist bureau is maintained aboard these vessels and side trips are arranged for passengers at the different ports on short notice. The North German Lloyd September number of their monthly magazine has a very interesting write-up of this trip and the places visited, also an imaginary trip through the Panama canal. We have a number of copies of this magazine on hand for free distribution.

"Another trip that is booking up rapidly is the Orient-India cruise of the Hamburg American line steamship Cleveland, sailing from New York January 12 to Madeira Islands, Cadiz, Spain; Gibraltar, Algiers, Genoa, Malta, Athens, Port Said, Suez, Bombay, Colombo, returning through the Suez canal to Palermo and Naples, where passengers are given the option of returning direct to New York or from Hamburg, Cherbourg or Southampton. Attractive side trips are arranged at each of the ports which are open. The entire cruise takes about ninety-three days and costs from \$60 up, according to location of accommodations. "For a short sea trip and a delightful climate the year round there is nothing better than Bermuda. It is a two days' run from New York and the round trip fare is \$25 and up, according to location of stateroom."

### ALL BOOSTING GOOD ROADS

Big Conference to Be Held at Commercial Club Thursday.

**PARDINGTON IS TO BE SPEAKER**

Vice President of the Lincoln Highway Association to Tell of the Plans and Prospects of the Organization.

It is expected that no less than 500 boosters will be present Thursday evening at the Commercial club rooms for the conference of Omaha business men with regard to the Nebraska section of the Lincoln Memorial transcontinental highway, which is to pass through Omaha. This will be the day following the big meeting of the Platte Valley association at Central City. A. R. Pardington, vice president of the Lincoln Memorial Highway association, will be here at that time to deliver an address. He is to arrive this morning and go from here to Central City for the meeting there, returning to Omaha Thursday evening in time for the mass meeting at the Commercial club at 3 o'clock.

H. E. Fredrickson, Nebraska counsel for the highway, who has established temporary quarters in the Commercial club rooms, will also talk. The meeting is called largely to bring the business men of Omaha together where they may hear just what this transcontinental highway contemplates, and what it will actually mean to Omaha and Nebraska. Those who have followed the matter closely feel greatly elated at the fact that Omaha is placed on the route, and that the route runs through the entire length of the state of Nebraska. It will mean thousands and thousands of tourists passing along the route throughout every summer from coast to coast.

Certificates of membership in the association have arrived. They will be sold in Omaha and throughout the state to raise funds for the building of the Nebraska section of this great highway, which, as it is now contemplated, is eventually to be a concrete thoroughfare from coast to coast.

At last the good roads boosting that has been in progress for some time has taken definite shape in one great transcontinental highway, and Omaha is fortunate enough to be on the official route. Some of the more enthusiastic business men feel that the majority of Omaha's business men do not yet fully realize the magnitude of this fact, or the possibilities it holds in store for the metropolis.

### Tilden Banker is Injured When Car Goes Into a Ditch

P. Michaelson, a banker of Tilden, Neb., received some internal injuries and a severe shaking up at 11 yesterday morning when his automobile fell over a ten-foot embankment a few miles east of Elkhorn while he was on the way to Omaha. His driver was unhurt. The recent rains softened the clay to such an extent that it caved off near the edge of the embankment as the car approached. The car turned turtle. Farmers near at hand came to the rescue. C. A. Anderson and C. H. Jackson of the Bankers Realty company of Omaha, who were just passing in their car, stopped and helped Jack take the car up to get Mr. Michaelson out. They turned around and brought Mr. Michaelson to Omaha in their car as fast as possible. He is at the Methodist hospital, where his injuries are being looked after. He is not considered seriously hurt.

### SPENT \$1000 IN VAIN, THEN RESINOL CURED HIS ECZEMA

New York: "I became afflicted with eczema twenty-five years ago. I did everything for it, but the itching and burning was so intense and continual that in 1893 I put myself in the care of a specialist. The result was of little or no benefit.

**Specialist Said to Use Resinol**

"About 1898 I called on the doctor to ask him if he yet knew of anything to cure me. He said, 'Get a box of Resinol Ointment.' I got it. The itching stopped as if by magic. By the time the jar of Resinol was all used the cure was perfected. I expended perhaps a thousand dollars, and endured real suffering for many years, and at last was relieved and cured in a month for the sum of fifty cents, the price of one jar of Resinol." (Signed) Franklin Burt, late Capt. U. S. Army, 81 Fulton St. Best proof, even than such a letter, is to try Resinol yourself and see how quickly the itching stops and stubborn skin or scalp eruptions disappear. Every druggist sells Resinol Ointment and Resinol Soap. For free trial, write to Dept. 13-R, Resinol, Baltimore, Md.

### Butler Waiting for Approval of the Gas Election Bills

City Commissioner Ian B. Butler of the department of finances and accounts is holding up payment of gas franchise election bills because Election Commissioner Harley G. Moorhead has not certified to the correctness of the bills. Some of the bills were approved by a deputy in the election commissioner's office.

Butler has asked the election commissioner to officially declare the result of the gas franchise election, something Moorhead neglected to do.

"We have no official knowledge that the gas franchise was defeated," said Butler. "Not a word as to the result of the election has come from the election commissioner's office. It's about time they woke up over there."

### Great Western is Enjoyed by the Man Who is a Traveler

"In looking back over a trip of more than 5,000 miles neither my wife nor myself can recall a single road over which we traveled that we were so pleased with as we were with our line. The treatment by the trainmen was the quintessence of politeness and courtesy. The engineers who pulled us handled the train smoother and nicer than any I have ever rode behind. On our next visit to the northwest we are determined to make the trip over the Chicago Great Western," says a man who travels extensively.

The Chicago Great Western has, during the last four years, spent more than \$100,000 per mile in rebuilding the line, installing automatic electric safety signals, steel, asbestos-lined cars, new and heavier rails, double track and in generally fixing up things so that your trip will be safe, comfortable and enjoyable.

Coincident with the improvement of the physical property the employees were educated and new blood infused into the entire working force. The result is that today the Chicago Great Western is fast acquiring fame as the road that takes a warm-blooded traveler to its patrons—the road that has as its first aim a sincere desire to please.

### Many Go West in Search of Farms

Homeseekers day brought a goodly number of people into the city en route to the lands to the west. The largest party came over the Burlington. George E. Douglas, assistant immigration agent of Chicago, coming with forty-one, nearly all of whom will go into the Big Horn basin country, where they expect to buy lands. Most of the members of the party are from Illinois, several of them being young farmers, sons of men who have grown rich on the farms of the state.

The Northwestern took out a large party of people, destined to Valentine, where they will look over the Fort Niobrara reservation to be opened to settlement. The movement to Canada and the British northwest was much lighter during the dates in September when homeseekers' rates were in effect.

### DOWIE'S VOICE HEARD AGAIN AT ZION CITY

ZION CITY, Ill., Oct. 7.—The voice of John Alexander Dowie, founder of Zion City, who has been dead for several years, again spoke to those of his followers who filled Shiloh temple last night. The voice was preserved in sixty phonographic records which were re-covered in the wilds in interior Australia after a long search. The records were sent to Nibbar Gan, Dowie's present overseer of the city, who then was in Melbourne. He left the records there when Dr. Dowie became ill. They were afterwards sold by a former elder of the church. The search covered three years.

### Graff Sets Price for the Teachers to Pay for Rooms

Fifty cents a night for a room is a reasonable price, according to Superintendent E. U. Graff, who in a circular to principals of schools announces that this price has been fixed and that the committee on arrangements does not care to have higher-priced rooms listed.

"In order to obviate any misunderstanding," says Superintendent Graff, "regarding what a teacher should pay for her room we have decided to set a price of 50 cents a night for each person. Send word out through your children that we do not want the rooms offered to us unless the parents are willing to take teachers at this price."

Circulars will be issued stating that rooms may be obtained at 50 cents a night. The rooms will be listed at the Young Men's Christian association.
