JOIN FARMERS' CONGRESS
Three More Organizations to Take Part in Deliberations.
TAX COMMISSION JOINS TOO
Rural School Conference to Be Held at the Same Time—Should Bring Many Delegates to the City.

state tax commission, the Nebraska Rural School Conference and the Agricultural Council.
The state tax commission was created by the last legislature and the members appointed by Governor Morehead. They have for some time held meetings in Lincoln, where they have discussed ways and means of improving the taxation system of the state. Also they have agreed a great deal about the single tax system, or the system which seeks to exempt, in a measure, improvements and products of labor while placing most of the levy on the value of ground. The commission will meet with the farm congress this year in Omaha and will hear further arguments from the farmers on and classifying of the schools so that the rural children may enjoy the same advantages as the city children in the grade schools.

Fola La Follette Also is Stung by McBrien's Bureau

Miss Fola La Follette, daughter of Senator Robert M. La Follette, has a claim of something like \$1,000 against J. L. McBrien, former state superintendent of public instruction in Nebraska and former life insurance promoter. She placed the claim in the hands of Salisbury & Salisbury, attorneys in Lincoln, and a year later writes a letter to one of the many Nebraskans who were also stung by McBrien's bureau. In her letter she sets forth the facts of her contract and states that she has been unable to make any satisfactory settlement with Mr. McBrien.

Grain Men Show Great Interest in the World's Series

The spacious floor of the Omaha Grain exchange was deserted yesterday afternoon, while no less than 1,000 men crowded the two office rooms of Sunderland & Saunders and Ware & Leland, where the returns of the opening game of the world's series were received. As the returns came in detail the crowd cheered or groaned in turn, while hats occasionally flew in the air. Grain brokers and clerks fled from their desks to watch the board for a moment and then rushed back to their offices just long enough to answer the telephone or do some other trifling task that was a "necessary evil" to them when the big game was on.

Grain Receipts Are About Normal for This Time of Year

Grain receipts on the Omaha market showed a decided falling off during the rainy weather of last week, but since then they have picked up and are again about normal for this season of the year. Although corn is still being held back in anticipation of higher prices during the winter.

GREEK LETTER SOCIETY HOLDS INVESTIGATION

Local members of Delta Gamma fraternity are feeling quite pleased over the outcome of the recent investigation at the Iowa university. A persistent rumor was current broadcast that the Delta Gamma fraternity women at that college had broken faith and pledged some of the freshmen before pledge day. So a national officer of the fraternity was sent immediately to Iowa City to investigate and it was found that some of the young fraternity men had started the rumor to see the excitement, but they found more excitement than they planned when the story was wired to newspapers of other cities. The dean of women of the University of Iowa, assisted by the national officer of this fraternity, sifted the matter down and found that not a single pledge had been made before pledge day.

practical business man, but he says his chief concern is for the husbanding of men's souls.

Mr. Peterson stressed the importance to men of the Sunday school. "I know it is considered by those who don't know a 'kiddie' affair," he said. "Well, the Sunday schools of this country have a combined membership of 12,000,000 and 2,000,000 of the members are men. And what is more, the largest percentage of increase just now is of men. We are living in an age of men Sunday school pupils. And it is bible study that attracts them."

Sage and Sulphur Darkens Gray Hair

Wash this through faded, lifeless locks and they become dark, glossy, youthful.
Hair that loses its color and lustre, or when it fades turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmothers made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful and thousands of women and men value that sage color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Gets Thirty Days for Toting Ladder

Peter Tergascezza, 1949 South Twenty-eighth street, was arrested in the still hours of Monday night by Officer Stambaugh while making his way up Dodge street with a step-ladder under his arm. This being very incriminating evidence he was brought to the station and booked as a suspicious character.

Consumption Takes 350 People Daily

In the United States and the deadly germs claim more victims in cities than in rural districts, due no doubt to the increased number of indoor workers in confining quarters and their lack of sunshine. Tubercular germs always attack when the system is weakened from colds or sickness, overwork, overstrain, confining duties or any drain which has reduced the resistive forces of the body. But nature always provides a corrective and the best physicians emphasize that during changing climate our blood should be kept rich and pure and active by taking Scott's Emulsion after meals; the cod liver oil in Scott's Emulsion warms the body by enriching the blood—it peculiarly strengthens the lungs and upbuilds the resistive forces of the body to avoid colds and prevent consumption.

Speeding Chauffeur is Given Heavy Fine

Jack Wolf, a chauffeur living at 2704 Farnham street, was arrested at 3 o'clock yesterday morning by Deputy Sheriff H. Hoover, for exceeding the speed limit. Wolf with several companions was traveling south on Sherman avenue at a high rate of speed when Hoover in another car hailed him to stop.

Prince of Monaco Prolongs Visit

The Burlington passenger department is now issuing bulletins of the movements of Prince Albert of Monaco, who has been up in the Big Horn mountains, hunting big game. It was expected that the prince would leave Cody today and arrive in Omaha tomorrow, but the bulletin of the Burlington this morning states that the prince has postponed his return east somewhat indefinitely, and that at the earliest he will not get out of Cody before Tuesday, October 14.

BIGGEST GAINS IN SUNDAY SCHOOLS ARE AMONG MEN

William A. Peterson of Chicago spoke informally to a body of men, including many of the directors of the Young Men's Christian association at that building at noon. The occasion of his visit is the opening of the bible study year of the association. Though a layman, Mr. Peterson is conspicuous in Bible study and religious work. He is head of the largest ornamental shrubbery nursery in the country, it is said, and notably a very

OMAHA COMMERCIAL CLUB NOT FOR GLASS-OWEN BILL

That the Glass-Owen currency bill in present form is not in the opinion of the executive committee and board of directors of the Omaha Commercial club as registered at the meeting at the club rooms at noon yesterday. The opinion will be forwarded to the Chamber of Commerce of America, which organization is taking a vote of all the commercial clubs in the country that are members of the national chamber. Because the local club did not get its papers and copies of the bill in good time from the National Chamber of Commerce the question could not be submitted to a referendum vote of the membership of the club and had to be taken up at the last moment by the directors and the members of the executive committee.

RUPTURE

YOUNG GIANT ARRESTED FOR STEALING BABY FOOD

Jim Nolan, 88 South Eighteenth street, six feet three inches tall and weighing 260 pounds, was arrested at Sixteenth and Webster streets Monday evening by Officer Francis while trying to sell a box of Mellin's baby food, which he had stolen from E. E. Bruce & Co. while delivering some merchandise for the Merchants Express company. He was fined \$25 and costs in police court.

ANOTHER SET CARPENTER TOOLS STOLEN FROM MAN

E. C. Lloyd, 2426 Brown street, reports the theft of a valuable set of carpenter's tools, which were stolen while he was working on a building at 214 Parker street. This is the fifth report of the kind to be received by the police within the last week, who are confident that one man has accomplished all of the thefts.
