**Blacks Rush Jail and Free a Negress; One of Them Killed.**

JOLLET, Ill., Oct. 8.—Fifty negroes and as many white people almost caused a riot in the village of Romeo, near here, this afternoon, when the negroes attacked the wooden jail and liberated Lulu Gibson, a negress, who had been arrested for drunkenness. In the fight one negro was killed and the little jail was demolished.

The woman, found on the railroad tracks, had been removed to the jail, when James Winfield, after calling out all the negro citizens, led an assault against the jail, which was defended by James Hausen, a village trustee. The negroes had succeeded in liberating the woman when Hausen opened fire. Winfield was killed. The negroes dispersed after calls for help had been sent to Jollet. The woman again was arrested. The jail was hastily rebuilt, and with the woman prisoner in it, was kept under a special guard.

**Crowd Storms Office of Socialist Mayor.**

ST. MARY'S, O., Oct. 8.—A mob of several hundred angry citizens late today stormed the office of Mayor Wilkinson, a socialist, in the city hall, and the mayor barely escaped rough treatment. Later he himself said that some one in the crowd had brought a rope.

Service Director Schierenback, also a socialist, today shut off the city water supply of the Standard Chain company's plant until it paid about \$50 for having a meter installed. The manager of the plant immediately shut down the factory and many of the employees were in the crowd that went to the mayor's office.

The socialists have been in office here for two years and other demonstrations against the socialist officials have been made by the citizens.

**Seventy-Five Stock Yards Employees Go Out on Strike.**

**WANT MORE PAY AND OVERTIME**

**Without Has Serious Effect— Cattle Dealers Forced to Get Out and Work Own Stock.**

About seventy-five men employed at the Union Stock yards struck yesterday for higher wages and pay for overtime. The strikers went out in two divisions, one at 10 o'clock in the morning and the other at 2 o'clock in the afternoon. About fifty chutes men quit about 10 o'clock and presented their demands to Yardmaster Frank Jones, who referred them to Superintendent John Walters. The chutes men are said to be paid from \$4 to \$5 a month. They get no pay for overtime. They demanded a \$5 a month increase with full overtime such as is paid the cart men.

At 2 o'clock in the afternoon twenty-five hay men quit work for the same reason as the chutes men. The hay men are said to get more than the chutes men. It is claimed by some of the men that foreigners employed as wagon men get paid for overtime which is denied to the chutes men and the hay men.

**Affairs in Chaos.**

For several hours things were in a more or less chaotic condition, it is said, and some of the cattle dealers had to go down into the yards and work with the cattle, while the yard employees were presenting their demands. Later the men placed their grievances in the hands of a committee, which paid a visit to Superintendent Walters. Walters recommended that the men wait until today when Everett Buckingham, general manager of the yards, would return.

Because he introduced motions for the benefit of people not residing in his

ward Councilman Henry Hartnett drew the fire of his councilmanic colleagues at a meeting of the city council yesterday evening. Hartnett introduced motions which Councilmen Williams and Cavanaugh claimed pertained to their own affairs and not to Hartnett's province. Hartnett flared up and declared that he introduced the motions in order to get them through and save delay.

Hartnett claimed that some of the councilmen were too prone to object to anything he did. At this point most of the council joined in the dispute and Mayor Hootor blandly urged "Harmony, gentlemen, harmony." Councilman Alton then remarked something about "dry weather," referring to the condition of the streets, and some one else audibly remarked on the propriety of a motion dealing with cold bottles. The council then adjourned.

**Mail Carrier Threatens Suit.**

The National Construction company pulled off a new contract or so and was awarded partial estimates totaling \$5,000 on contract work now under way. William Britton, an Omaha mail carrier, asked the council to reimburse him for damages sustained by reason of some defects on Q street. Britton says that on the night of October 2 his motorcycle was damaged by an accident on Q street by reason of want of lights. He threatened a lawsuit if the city did not settle.

**Abolish Examining Board.**

It has practically been decided to abolish the old local teachers' examining board in South Omaha in favor of the regular state examinations for teachers. President E. R. Leigh of the board stated last night that the "rule" would be amended in that regard and that hereafter it is quite probable that teachers holding state certificates would be eligible to appointment as teachers in South Omaha without any further examination.

Heretofore the examinations have been held under the direction of special teachers' examination committees appointed by the school board. It has been said that there has been much dissatisfaction with the old method of selecting teachers. If the new rule is adopted the teachers will be granted state certificates upon passing an examination prescribed by the state superintendent. The examination will be held at the office of the county superintendent once a month.

Janitors of the school department have asked that they be placed under the permanent civil service list in the same manner as the teachers. It has been a source of much grief to members of the school board to replace janitors every time the political complexion of the board changed. Robert McGeemey has been appointed janitor at the new manual training building at Twenty-fourth and J streets.

**Books in Confused State.**

At a meeting of the new Library board last night the report of W. H. Rawley, recently appointed to audit the books of the board, was presented. The books, according to the report, are in a confused state.

The board decided hereafter that the city treasurer shall be the board's treasurer, and all money paid out shall be through him.

Appointments to committees were announced as follows:

Finance—J. J. Breen, Charles Lepert, Ella M. Floyd.

Books—L. Wheeler, J. M. Mullin, Emma L. Talbot.

Buildings—A. M. Hagan, J. F. McReynolds, E. O. Mayfield.

It was announced that hereafter the library hall shall not be used for "feeds" or any sort of function to which admission is charged. It is to be used only for "intellectual" events.

**Park Board Meets.**

Plans and specifications for a bath house at the north end of the swimming hole at Spring Lake were submitted by two engineers, Scott King and Rohrboy, at a meeting of the Park board last night. The plans call for ninety-seven women's apartments.

**HENDERSON DE LUXE, 5 PASSENGER, \$1785**

**The Henderson Kerosene Car Burns Seven Cent Fuel**

For two years engineers have searched for a practical new fuel to beat gasoline at 20 or 25 cents a gallon.

The Henderson struck the idea in a carburetor that will vaporize Kerosene, coal oil or gasoline. Kerosene costs only 7 or 8 cents a gallon.
