Remarkable Catarrh Cure That Gets Right into the Affected Parts and Stops Gatherings.

It is definitely known that catarrh can ht is denniery known that catarrh can be cured by the simple process of inocu-lating the blood with antidotal remedies that stop inflammatory conditions throughout the mucous linings of all the organs of the body. This is done with the famous Swift's Sure Specific, or as it is widely known. S. S. S. It is taken into the blood just as naturally as the most nourishing food. It spreads its infuence over every organ in the body, turough all the veins and arteries, and enables all mucous surfaces to exchange inflammatory acids and other irritating substances for arterial elements that offectually cleanse the system and thus put an end to all catarrhal pollution. Assistant Coach Dudley Thinks Gopher Line is Weak.

howing Made by Minnesota Against Ames Does Not Impress Mentor as Being of Very High Order.

LINCOLN, Oct. 8 .- (Special.) - Assistant Coach Dudley, returning from the Minnesota-Ames game last Saturday, declared today that Nebraska has more than an even chance to win over the Gophers a week from next Saturday. With Stronger Team Dudley was not at all impressed with

the ability of the Minnesota line, and asserts that the strength of the forwards lies in the center slone. The tackles were only fair, Dudley declared, and the Nebraska scout could not see the ends at all. He declares that unless a rapid improvement is shown, Nebraska's back field will not have the slightest difficulty in gaining ground around the end.

The Minnesota back field, Assistant Coach Dudley says, is very poor in formresult is confident that the Omaha ing interference and Ames repeatedly, spilled plays. The Aggles are weefully weak, in the opinion of Dudley, and did not show anything.
