Leave at Post office. Telephone 31. Council Bluffs, Ia. County Jailer Heller left last evening for the crematorium at Annapolis, where he will conduct the funeral of a man recently sentenced to an indeterminate term of not to exceed ten years for breaking and entering. The work of paving South Twenty-first street was commenced yesterday from Ninth avenue to the Union Pacific transfer station. Contractor Wickham has a large force on the job and expects to complete before November 1. Deputy Sheriff Unthank and Special Deputy Sheriff E. A. Heller will this morning take Peter Olson, who was recently found insane by the lunacy commission, to Clarinda, where he has been committed for treatment. The Council Bluffs Medical society has selected the following officers for the ensuing year: President, Dr. W. F. Hornbach; vice president, Dr. L. L. Hamilton; secretary, Dr. John McAttee; treasurer, Dr. W. F. Dean; board of control, Mrs. Hennessey, Treynor and Cole. The death of Willard R. Lincoln at Phelps, N. Y. Mr. Lincoln was an old time resident of this city having brought the first engine for the Milwaukee Council Bluffs yards from Chicago in 1831. Interment will be in Forest Home cemetery, Milwaukee. The revival services at the Island Park school house are drawing good audiences and there is good interest. On Sunday the services will comprise Sunday school at 10 a. m., sermon by the pastor, J. E. Cunningham, at 11 a. m. W. E. Orchard will give an address next week. Preaching will be by Rev. C. S. Marsoy of Logan. The First Baptist church will hold its fall day services next Sunday. The morning service at 10 a. m. will be in charge of the Bible school, which has a most excellent program prepared, to be announced later. This will be followed by the regular Bible school work at noon. The evening service at 7:30 will be in charge of the original classes and the Baptist Young People's union, with a short talk from each representative, and a program of music. The Progressive Spiritual church of Council Bluffs was legally organized yesterday at a meeting held at the residence of Mrs. John Bird, 222 Avenue B. The church was organized by E. A. Thomas, deputy state missionary for the state. Officers were elected for the ensuing year: President, D. W. Kempster; secretary, J. E. Cunningham; treasurer, Alder Green, with full board of trustees and C. O. Kempster, sr., pastor. A meeting will be held Sunday night at the South Brotherhood hall. North Main street was closed early in the day yesterday and the work of tearing out the old steel bridge to make way for the new concrete viaduct was pushed forward by a large force of men. It will take several days to remove the heavy steel trusses. It is likely that the street will be closed to all kinds of traffic for some time, although a foot-bridge may be built at a later stage of the work. Such a structure will cost more than \$100,000 and will be justified by such more of an encroachment upon the meager profit that Contractor Wickham will find in the larger job. A suit was filed in district court yesterday in which Anna Hutchinson seeks to recover \$2,000 damages from the Northwestern Railroad company for personal injuries. The plaintiff alleges that on September 8 of the present year she was driving at 7:30 a. m. on the main line at a point where Tenth street parallels the tracks of the company, when an engine came along the tracks, emitting dense clouds of smoke and cinders. One of the cinders struck her in the eye, and she believes the sight permanently injured. She alleges carelessness on the part of employees. Judge Wheeler yesterday announced his decision in the matter of the alimony to be allowed Mrs. Kathryn Bennett Milroy, who was given a decree of divorce a week or more ago. Mrs. Milroy was given a term in Horton county, Kansas, comprising 240 acres and valued at \$3,000. The property, however, is to be used for the exclusive benefit of their child. The husband has to pay the costs of the suit. David C. Hull, 15-year-old son of Mr. and Mrs. W. H. Hull, died at 2 a. m. this morning at the family residence, 124 South First street, of diphtheria. He is survived by five sisters and four brothers, besides his parents. They are Mrs. Olive Greenway, colorado; Myrtle, Myrtle and Alda at home and Frank in Utah. William, Ralph and Jesse at home. The funeral, which will be private, will be held Friday morning at 10 o'clock at the residence, Rev. Edgar Fatico conducting the services. Burial will be at Fairview cemetery. The Council Bluffs police department was yesterday advised by letter from the Chicago department that the big copper-colored negro who murdered Miss Ida Leagon, the Mason City art student, may be in this city. The Chicago police are now positive that the negro was under arrest at Des Moines on Tuesday and released through a series of blunders. The man fully filled the description of the copper-colored negro with a slight limp who paraded the murdered woman's watch. Des Moines negroes are alleged to have taken a great interest in the man after his arrest and assisted in securing his release. He was in company with another negro and both bought tickets to Council Bluffs. Marriage Licenses. Marriage licenses were yesterday issued to the following named persons: Name and Address. Age. Charles H. Caldwell, Omaha, 33. Mrs. Amelia Abernethy, Omaha, 33. J. J. Cook, Council Bluffs, 33. Bernice Hamblin, Chanute, Kan., 23. Chris Johnson, Omaha, 43. Agnes Reeske, Omaha, 20. Paul J. Hartmann, Lincoln, Neb., 20. Ethel E. Olson, Broken Bow, Neb., 20. Quick-Help to Backache and Rheumatism. The man or woman who wants quick help from backache and rheumatism will find it in Foley Kidney Pills. They act so quickly and with such good effect that weak, inactive kidneys that do not keep the blood clean and free of the impurities that cause these symptoms are toned up and strengthened to healthy, vigorous action. You cannot take Foley Kidney Pills into your system without having good results. Contains no habit-forming drugs. For sale by all dealers everywhere.—Advertisement. Council Bluffs

WICKHAM TO BUILD SEWER

City Council Lets Contract for West End System.

WILL USE TILE IN WORK

Councilmen Decide to Buy Webb Auto Truck and Refuse Renewal of Lease to W. A. Smith for Scale Site.

The city council at the adjourned meeting yesterday afternoon awarded the contract for the west end sewer system to E. A. Wickham, who was the lowest bidder on every item in the specifications, with an aggregate bid of more than \$6,000 lower than his nearest competitor, the Lana Construction company of Council Bluffs, and nearly \$3,000 lower than the H. J. Cathro firm of Omaha. The low bid of the Wickham estimate, as compared with the others, was on the use of concrete for the section of nearly a mile from the sewage pumping station to the river. For this section the Wickham bid included estimate for the use of vitrified tile or vitrified brick. Both of the latter estimates were the same and approximated \$3,300 more than the concrete. The question of the desirability of concrete was brought up and it was shown that the percentage of sulphuric acid contained in all sewage matter had a deleterious effect upon the concrete. A sample of this destructive power was shown by a 30 per cent solution of sulphuric acid on seasoned concrete, resulting in complete disintegration in a few days. This fact, coupled with the additional fact that concrete could not be used in freezing weather, and would thus materially delay the work, led the council to decide upon the use of tile and ordered the mayor to sign the contract with the thirty-six-inch tile specified. Reys Fire Truck. The council also acted quickly when it came to buying an additional automobile fire truck for No. 2 fire station. The choice lay between the Webb, a duplicate of the car in use at the central fire station, and the American La France car. Both bids were the same, \$5,000, but the La France company presented an additional offer of 2 per cent discount for cash. Alderman Stone spoke in favor of the La France machine, pointing out that it had some superior features and had been standardized for years and that it was a six-cylinder car and consequently

Council Bluffs

more powerful. Aldermen Harding and Huber coincided with his views and Mayor Maloney added the weight of his influence, declaring that if he had a vote it would be cast for the standard car. The equally strong argument was presented that the Webb car had made a record in Council Bluffs that was not equaled anywhere in the United States. When a vote was reached Aldermen Hesba, Boyer, Evans and Flood voted for the Webb, giving them a majority of one.

Head to Pave Street.

The request of W. A. Smith for a renewal and extension of his lease for the site of the city scales at the Junction of Pearl and South Main streets was rejected, and thus the sale of the scales and the new brick building to Page E. Morrison was defeated. The decision leaves Mr. Smith in a rather unfortunate position. He is pretty nearly a helpless cripple, having lost both legs in a railroad accident and the long hours and hard work at the scales has become too great for his strength. The pretense for turning down the request was that a number of citizens desired to have the property vacated and the small flatiron strip converted into a park. Such an action would cause Smith to lose practically all he has invested, \$2,000. It is said that the park scheme has been started by a few people who have rival business interests in the vicinity. Lease Not Allowed. The agreement between the city and the Union Pacific Railroad company by which the city waives its right to any supervision over South Twenty-first street, from Ninth avenue to the Transfer depot, was presented and approved. The street is located at the point mentioned entirely upon Union Pacific property and is now being paved at the cost of the company. The agreement states that if at any time in the future the

Council Bluffs

company finds it desirable to close the street and use the property for railroad requirements that the street will be constructed and paved a new street leading from some point on Ninth avenue to the depot. The council spent several hours assessing pavement and sewer work completed by E. A. Wickham.

Woman Attacked and Saved by Father

Pursued by her father, F. W. Waitpez, armed with an ax, a man who seized and attempted to assault Mrs. Beate Schmidt, escaped by out-footing his pursuer. The near tragedy occurred about 10 o'clock Wednesday night, but was not reported to the police, or at least not given out, until yesterday morning. Mrs. Schmidt and her husband have been living in California since their marriage here a little more than a year ago, and have decided to return to Council Bluffs. Mrs. Schmidt arrived several days ago. In advance of her husband and is living at the home of her parents, 323 North Seventh street. With her infant in the baby buggy Mrs. Schmidt Wednesday evening was calling upon some of her friends in the vicinity, and shortly before 10 o'clock was returning.

GREAT ANXIETY CAUSED BY MOST CRUEL HOAX

Mr. and Mrs. Lewis Hammer have been made the victims of a cruel hoax that has caused much annoyance and cost. Mr. Hammer was called up on the phone at his residence by a person claiming to be in charge of the business at one of the local telegraph offices and was told that a message had been received from Chicago announcing the dangerous illness of their daughter, Hazel. It purported to come from the daughter's husband and urged that Mrs. Hammer start at once for Chicago. Mrs. Hammer is at Gordon, Colo., where she has spent the summer on a ranch, and it required several messages to locate her. The purport of the alleged Chicago message was given her and she

Council Bluffs

took the first train for the east. After communicating with his wife Mr. Hammer then wired to Chicago and received a quick response, asking for an explanation, and stating that the daughter was in the best of health. Explanatory telegrams disclosed the hoax. Inquiry at the telegraph offices showed that no telegram had been received from Chicago and no one at the telegraph offices had phoned to Mr. Hammer. Mrs. Hammer's anxiety was not relieved until she had reached western Nebraska yesterday on her way home. Mrs. Schmidt was suffering severely yesterday from the nervous shock but was otherwise unharmed. Mr. Whitney is a railroad machinist and for many years has been employed by the Northwestern, but is now connected with an automobile garage on North Main street. The street is fairly well lighted where the attempted assault took place and Mrs. Schmidt was able to give a good description of her assailant. He was short and thickset with a two weeks' growth of beard and appeared to be a young man.

This Will Soon Banish All Objectionable Hairs

Beauty specialists have discovered a new and simple method for ridding the skin of objectionable hair or fuzz and invariably but one application is required to obtain the desired results. A paste is made with powdered delatone and water and applied for 2 minutes to the hair surface, then rubbed off and the skin washed and dried. This treatment removes every trace of hair and leaves the skin firm and smooth. Disappointment will be avoided if you have delatone in an original package.—Advertisement.
