Would Build Missouri Capitol.—Omaha contractors are interested in preparing bids for the construction of a new state capitol building in Missouri. The Builders' exchange has written to Jefferson City to inquire in regard to bids. They have received the reply that specifications and plans will be furnished only to bona fide contractors who will enclose a certified check for \$250, made payable to the treasurer of the state of Missouri. The \$250 will be refunded as soon as the plans and specifications are properly returned after the contractor has studied them with a view to making a bid.

Court in Beiliss Case Moves to Cave Where Boy's Body is Found

KIEV, Russia, Oct. 13.—The entire court engaged in the trial of Mendel Beiliss for the murder of the boy, Andrew Yushinsky, 1910, was transferred temporarily today to the cave in which the boy's body was found. Judges, jury and counsel were driven in carriages to the brick works where Beiliss had been employed and in the vicinity where the body was discovered.

The first witness was Deblansky, a republican, who testified that he had Yushinsky's aunt, Natali, who has since died from tuberculosis, say: "His own people killed him." This remark, according to the witness, was made before the arrival of the authorities at the cave and before the character of the wounds on the boy's body had been ascertained. The witness added that Yushinsky's uncle, Theodore Nezhinsky, had visited a cafe on April 1, ten days after the crime, when he seemed excited. His overcoat was splashed with clay.

A boy gave evidence that he had brushed and cleaned Nezhinsky's coat on that day.

Asserts Two Great Powers Are Trying to Win by Violence

NEW YORK, Oct. 13.—Prelates in attendance upon the general convention of the Episcopal church occupied various pulpits in this city today. Bishop Lawrence of Massachusetts touched upon events at Albany and also declared that there were two great powers which are trying to win their ends by violence, in part Bishop Lawrence said:

"The politicians of today have made a man feel that they can dictate to him and make him evade the path of duty. They do not realize what a great force public opinion is, nor do they care."

"There are two great powers today trying to win by violence. One is the great united mass of wealth that sends to the legislature to have certain bills put through. When they find that it is impossible to get the bills through they have them jammed through by unworthy methods. The other great power is the labor unions. When these find that it is impossible to put their plans through they resort to violence."

Ad Club Appoints Lawyer to Prosecute Fake Advertisers

Wilson Opposed to Recess of Congress

WASHINGTON, Oct. 13.—President Wilson let it be known tonight that he did not favor a recess of congress at this time, but desired uninterrupted consideration of the pending currency bill. Reports that the president was attempting to force the senate to act more speedily than it wished, and efforts on the part of some democratic senators to secure a recess until November 18 brought from those close to the president a clarification of the White House position.

The president, they said, has no idea of attempting to fix an arbitrary time when the currency bill should or should not be enacted into law. His wish, as expressed throughout his conferences with senate leaders, has been for continuous attention to the currency measure with the confidence that with concentrated effort and study the bill would be out of the senate before the beginning of the December session of congress. While adverse to any haste that would impair the value of the currency reform, the president is anxious that if the senate can improve upon the house bill it will proceed to do so. He still believes, however, that all this can be accomplished during the seven weeks remaining of the present session.

ELECTIONS WILL BE HELD

Dissolution of Congress Won't Stop Them, Says Minister.

DEPUTIES TO STAY IN PEN

Will Not Be Released on Any Writ, but Families Assured They Will Be Treated with Consideration.

MEXICO CITY, Oct. 13.—There has been endless speculation here regarding the effect of Provisional President Huerta's coup d'état. Many appear to believe that the logical result will be a split in the army, which they assert has only been held together by General Huerta's personality. They argue that there has been dissatisfaction over Huerta's course in general and that this will lead to the danger point. On the other hand, there is a large element which believes that President Huerta took the only possible course and express wonder that he had not taken the step long ago. Huerta's friends say it is no secret that had the deputies believed any substantial part of the army would stand with them, they would have overthrown Huerta completely and taken the reins of government wholly in their hands.

The minister of the interior, Manuel Garza Aldape, issued the following announcement today:

"The deputies who have been arrested and imprisoned cannot be released on any writ. They will be tried for the various offenses of which they are accused. Not one of them has been released by the government to date. They will be treated well while in confinement. The dissolution of congress will not affect the holding of the elections in the least. The ballots will be cast in October. The only change in the election program will be that new senators and

deputies will be elected to replace those put out of office by the coup d'état.

"The governors, civil and military, of all the states have been notified of the dissolution of congress, and all have responded, accepting the government's course of action. All the governors have reported that conditions in the respective states and territories are tranquil and that there have been no disturbances anywhere."

Cannot Talk to Anyone.

Minister Adalpe has assured the families of the deputies that the prisoners will be treated with consideration. They will be allowed to receive clothing, food and reading matter from their families and friends, but will not be permitted to talk to anyone, even on regular visiting days.

Detachment of troops patrol the streets, but the excitement has subsided. At no time has there been any rioting or disorder in the capital in consequence of the events of the last few days.

Seen at Washington.

WASHINGTON, Oct. 13.—Throughout the day messages came to the State department describing the situation in the Mexican capital as quiet but fraught with all sorts of possibilities. Attention was drawn to the approaching return of Felix Diaz, homebound en route, as likely to have some effect on the situation. Some of the imprisoned deputies were close friends of Diaz and his influence may be brought to bear to secure their release.

No comment was made at the White House or the State department. Secretary Bryan expected to discuss the situation with the president early tomorrow.

Turn Wires Into Money.

EL PASO, Tex., Oct. 13.—Rebels at Parral, Chihuahua, have taken the copper trolley wires from the Parral-Santa Barbara Electric Railway line and are selling the metal into two-cent pieces, according to W. W. Stewart, manager of the Electric line, who arrived here today from Parral. The electric railway has had to suspend operation because of rebels confiscating the trolley wires.

Think More Flags Should Wave on Public Buildings

Members of the public affairs committee of the Commercial club benighted the fact that there were not more flags and more decorations displayed over the city in honor of Columbus day. An effort will be made to have larger recognition of holidays. Topics of speakers for the club were also discussed, this being brought in connection with the controversy over Dr. Cook's speech.

Thick, Glossy Hair All Dandruff Gone

Girls! Try it! Hair gets soft, fluffy and luxuriant at once—No more falling hair.

If you care for heavy hair, that glimmers with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scour robs the hair of its luster, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots flanch, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 2-cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually why not now?
