Many of the low church delegates op posed the change on the ground that it a step in th edirection of archbishops and "an American pope." The report provides for eight provinces or synods, in which the various diocese, and misgrouped, according to their geographical

## CHANGING NAME IS DEBATED

Question Agitates Convention of Episcopal Church.

DEPUTIES PASS A RESOLUTION

Body Votes to Appoint Commission to "Revise and Enrich" the Book of Common Prayer.

NEW YORK, Oct. 14.-The suggestion that the corporate name of the Protestant Episcopal church be changed to the American Catholic church precipitated a long debate today at the general convention of the church. At the instance of the high church party it was voted by the house of deputies to appoint a commis sion to revise the prayer book.

It was openly declared by low church delegates that the resolution, as introduced by the high church members, left the way clear for the commission to decide for the whole house of deputies that the church name should be changed. The low church delegates succeeded in having restricting amendments adopted, making it impossible for the commission to take such action if it desired to do so. The resolution to "revise and enrich"
