### From State Press

Fremont Tribune: The esteemed World-Herald pronounces it a perfect tariff bill and beneficent in every aspect. It ought to send a marked copy to Governor Foss, democratic chief executive of the commonwealth of Massachusetts, who has quit the party and will remove his big factory to Canada. There are also many others who will be pleased to get the assurance of the World-Herald's cheerful dictum. It would save the Burroughs Adding Machine company the expense of transferring to Canada also, with Its 15,000 employes. And the farmers who voted against Canadian reciprocity will also be consoled, now that not only Canada but the whole world may come in and compete with them.

Wayne Herald; Mrs. Weekes, editor of the Norfolk Press, has been advised that the postmastership to which she as pires is a man's job, and that she ought to be at home darning her husband's socks. She contends that the fact of her sex has never been raised as a barrier to her conduct of a newspaper, to her boosting of party candidates and measures, and that it cannot be consistently raised now as an obstacle to reward for her services. Newspaper people were often given the postoffices by the repub-Hean party as substantial evidences of appreciation, and democratic editors who use the blood of Christian children quiet at from \$3.50 to \$4.25, and hogs from have perspired for their party through many weary years naturally feel de-

Falls City News: The city council last including Omaha, with each club on a year made no levy for the poor. This year a levy of 1 mill was made presumably because the national democratic administration has passed its low tariff do? What can they not do, if by Charles Nelson and addressed by C. the most severe drouth since 1800. The through their governments and civil J. Randall, who paid his respects to J. city fathers knew that with the double organizations they try? One thing Sterling Morton, Mr. Bayard, President affliction many good men would be out Did the country ever experience anything the White House by a democrat?

and twenty base ball writers attended the opening of the world's championship series in New York. We do not remember how many reporters had tickets to the battle of Waterloo, but we are sure there Springfield Republican: It is believed

in Madrid that the visit of President with the tired watcher in "Hamlet." this relief, much thanks."

# The Bees

Contributors are again reminded of our rule requesting reasonable brevity and the right we reserve to out down letters exceeding 300 words.

WEBSTER CITY, Is., Oct. 16 .- To the Editor of The Bee: You certainly hit the nail on the head in your stand on the lawyer-a condition which exists all over the country. Why not try them by a jury of the people when complaint is filed for shady practice in the place of a jury composed of a bunch of brother grafters? Trial by jury the same as any one else, of lawyers, would go a long way towards giving us clean courts. R. B. LEROY.

By Their Fruits.

AVOCA, Ia., Oct. 16.-To the Editor of The Bee: Your readers have often expressed admiration for the Letter Box given to the people for public expression of thought. Counsel is to be found here from minds in all walks of life. There is a saying, old as the everlasting hills, that "In the multitude of counsel there is safety.' Someone also has mentioned the babel of tongues and conclusions to be arrived at from such source. It matters not how we look at these things, both truth and faistly are to be observed in the writings of the various contributors and the reader must do the sifting.

It appears that a M. D. from "Some where" has started something. Let us consider the ulterior thought he may have at Knights of Labor hall, presided over bill and introduced to the middle west in mind. Is it the almighty dollar for services rendered from the medical side og it. He says such things would be impossible as he is 100 miles from the seat of the location of disease. By this. one would infer diseases of the kind rebut tribulation during the occupancy of ferred to exist only in the big cities. Is this intended for a joke on the municipalities of larger size?

On a recent Sunday the minister took rebating 5 per cent of the duties on made clear. He was up and about his goods imported in American vessels in competition with foreign bottoms in competition with foreign bottoms is generally regarded as an indirect.

Styan and hobnobbing with President Wilson, which fact he makes prominent Wilson, which fact he makes prominent Wilson, which fact he makes prominent with foreign bottoms of the specific for his text. By Their Fruits business, in good spirits and had just been named as receiver for Wallace & Columbus Telegram. His letters make a nauseating condition that is pleasing to for his text, "By Their Fruits Shall Ye no acknowledgment of visits from either none. He also spoke of the mulberry ship subsidy, and it seems that, after ton, lil., where he was manager of the Senator Hitchcock or Congressman Dan tree that was symmetrical and beautiful Stephens. Apparently, he has hall had been set for a few days hence. University of Nebraska has been duly the clause. Apparently, he has hall had been set for a few days hence but if the above named servants have of us democrats guessing. If the M. D. observed the custom Judge Howard has would come over into lows and strell along the banks of the Nishnabotne river on a bright October morn, he could Palls City Journal: Something must see more beauty in the purity of "September Morn" than many people do. He could then go home and tell his patients more of natural laws that help society for three battleships when he thought far more than all the nostrums, etc., known to the materia medica.

WILL I. TELL. Body Drainage. OMAHA, Oct. 16.-To the Editor of The Bee: Disease does not originate because of garbage piles, sewer gas or dumps, however offensive they may be. Diphtheria, typhoid fever, and scariet fever have never been traced to sewer gas The terminal disinfection of rooms, clothing, etc., in common use after scarlet fever, small pox and diphtheria is of no appreciable value. Almost every municipal health department in this country is devoted to combating imaginary dangers, or applied to tasks that have little or no bearing on the public health. opinion, based, as it is, on wrong or

antiquated conceptions of the main causes of disease and the ways of preventing disease. Physicians have claimed by far too much for the "Germ Theory" of disease, and have overlooked the greatest and almost the sole cause of disease viz, the pollution of the blood stream from an improper in-take of food and a deficient out-put of waste matters. In the maintenance of health the ques tion of prime importance is body drain

ford is the editor of this bright little age-the non-absorption of poisons and sheet, which is less than three years old. the elimination of whatever poisonous matter may be produced within the blood and the alimentary canal before there had been college mates back at old Times, O. M. Mayfield, editor, is a forty- has been inaugurated a vicious cycle of events, which constitutes the forerunner of disastrous end-results. One of the important bacteriological ad-

the discovery that a considerable number

breeding germs, and yet these persons do not get the disease, because of their strong power of resistance, furnished by their own pure blood stream, though these same carriers of germs may be the source of infection to those people whose blood stream is contaminated by an accumu lation of waste matters not eliminated, Every one of us nearly every day, or at least very often, takes into our body, eat or the liquids we drink, countless articles, each written by a specialist, myriads of tuberculosis bacilli and other. This is one of the best balanced editions serms, and all this with perfect security to us, because of the resistive power we possess in a strong and vigorous consti-Edtor Beushausen of the Sherman tution and a reasonably fair purified cumulation of waste matters from at out-put, that retains well known chemical substances in the system to poison cell life, cell structure and cell function and the foundation has been laid for not only tuberculosis, cancers, rheumatism. appendicitie, but most other diseases. Germs cannot develop in our bodies, when our blood stream is pure because there is no soil for culture. We live in a fast age. Our nation may go as other nations have gone. Greece and Rome perished because their people degenerated. We feel proud of our nation. There are 500,000 imbedies in our land. Insanity is increasing at a terrible rate. Sin, vice act reduces the cost of living and raises and crime are intellectual mistakes, erwages, as Secretary Bryan says it will, rors of judgment in the undeveloped or degenerated. A poisoned blood stream is the fundamental cause of this degoner acy. A thousand lives are sacrificed in Omaha every year. Hundreds are lying in hospitals with painful diseases be cause they have not respected the laws of their bodily organization. Boys and girls are growing to become men and sin, sickness and death. There are thou sands of men and women of adult age in every part of our country, who ought entry of Spain, after a shrunken century, well. Preachers are earnestly and faithrequested by the barkeep, and wound recuperation is doubtless due in no small not know how to have the body that "For of today. It will revolutionize the existing methods of medical and surgical

practice among the intelligent people. It VOICE OF THE ENGLISH SPARROW is based on the eternal laws of nature. Harmony of function and perfect health can only come when the blood stream is clean and perfect body drainage is the L. A. MERRIAM, D. D.

"What's all the hurrah about?" "The Anti-Noise society has just put over another one of its pet ordinances and the special committees are celebrat-ing the victory,"—St. Louis Republic.

The Mother-If you are polite, my dear and have good taste in drems, and marry discreetly, I shall be perfectly satisfied. The Daughter, Aged 12—Then I don't need an education! Isn't that lovely!—Cleveland Plain Dealer.

W. J. Lampton, in New York Sun. It makes me rather weary
To hear good people tell
Or dogs and cats and horses
That in the city dwell.
And how they have to suffer
For lack of food and care,
With agmetimes cruel treatment
That they can scarcely bear.

Have tender hearts, and they No doubt should be assisted Upon their kindly way.

No doubt should be assisted
Upon their kindly way.
And yet while they are caring
So very tenderly
For dogs and cats and horses
Nobody cares for me.
And I am so much smaller
Than any dog or cat
Or horse it seems they oughtn't
To treat me quite like that.
But I don't ask attention.
And I can tell you what.
Those dogs and cats and horses
Should have the spunk I've got.
You never heard me crying
For shelter, food or care,
But I get out and hustle
To find them unywhere.
I'm always fat and sassy.
And if I do not get
My share of things a plenty.
I fight for it, you bet.
That's me, the English sparrow.
And though some poople think
I'm something of a nulsance
I'm never on the blink,
That's why when I consider
That I am not admired
Like dogs and cats and horses
It makes me almost tired.
See?

It makes me almost tired.

The cook is happy, the other members of the family are happy appetites sharpen, things brighten up generally. And Calumet Baking Powder is responsible for it all. For Calumet never fails. Its wonderful leavening qualities insure perfectly shortened, faultlessly raised bakings. Cannot be compared with other baking powders, which promise without performing.

Even a beginner in cooking cets delightful results with this neverfailing Calumet Baking Powder. Your grocer knows. Ask him.
