DE BOLT'S CASE AGAINST M'BRIAN UP IN COURT
 (From a Staff Correspondent.)
 LINCOLN, Oct. 22.—(Special.)—When the case of DeBolt vs. McBrian was called in supreme court this week, Senator Burkett, appearing for J. L. McBrian in the case, asked for leave to file his briefs in the case and argue the matter immediately.

This is a case in which DeBolt alleged that McBrian when state superintendent had written certain letters which had been the cause of the former losing his job. He asked for judgment of \$1,000. McBrian appealed the case and it was set for hearing Monday morning.

However, Senator Burkett stated to the court that he could not file the briefs before because he had been unable to get any money from his client to pay for printing the briefs and that he got it only a day or so ago, which was the reason why the briefs had not before been filed.

Judge Lawcott asked the senator if the lawyers had got any money out of his client and Mr. Burkett admitted that as yet they had not. The judgment of the lower court was approved.

Two More Arrests Made in Automobile Tire Theft Cases
 MASON CITY, Ia., Oct. 22.—(Special.)—Walter Davis and William Wright were bound over to the grand jury on the charge of grand larceny. Captain Campbell arrived from Boone last night with Fred Brown and William Shaw, who were picked up by the chief of police of that city. Officers here are quite certain that these four are implicated in the stealing of the seventy tires from the Mason City Automobile company. How many more have been stolen it is impossible to tell. The amount has already reached between \$2,000 and \$3,000. Of the entire number stolen only eight are thus far accounted for. Officers have not been so insistent upon finding the tires as they have the thieves. It may be that two more are implicated. Two arrests have been made at Fort Dodge. Two women may be drawn into the net before the mystery is unravelled. They left here Sunday night with their trunks and all were large and very heavy. The supposition is that these were filled with automobile tires. Their destination was first Fort Dodge, then Des Moines and finally Kansas City. All the parties implicated are negroes and valuable information is being picked up in the negro colony in this city which may unravel some silk and diamond thefts.

LAND LAW UP TO COURT
 Appeal in Toop Case Calling in Question Alien Act Filed.
DECIDED AGAINST BY MUNGER
 Judge Held They Could Not Occupy Tract Because They Are Heirs of Citizens.

WASHINGTON, Oct. 22.—An appeal in the Toop land case calling in question the constitutionality of the Nebraska alien land law was filed today in the supreme court. It is said to be the nearest approach to the California alien land law controversy which has ever been before the supreme court, and on that account its outcome will be awaited with keen interest.

The Toop case involves the question of whether William Toop and others, all British subjects residing in England, may inherit an undivided two-thirds interest in the land of their uncle John Toop, an Englishman who became naturalized and acquired land near Ulysses, Neb. The Ulysses Land company claims title to the entire tract on the ground that it purchased the land from those of John Toop's nephews, who were residents of the United States.

A Nebraska statute written in 1889 provides that land cannot be acquired in that state by the descent or purchase by nonresident aliens, though it permits the widow or heirs of aliens to reside on the land for ten years and sell it within that period or acquire it by becoming naturalized within that period.

Judge Munger of the federal district court of Nebraska held that the Toops residing in England could not occupy the land in question for the ten-year period because they were the heirs of a "citizen" and not of an alien. This interpretation, the attorneys hold, makes the law violate that provision of the fourteenth amendment, which declares that no state shall make or enforce any law which shall abridge the privileges of citizens of the United States. They also claim that the law violates the treaty between the United States and Great Britain of 1900. Judge Munger held, however, that the treaty was not applicable because John Toop died the year before the treaty went into effect.

Our First Sale of Perrin's Kid Gloves
 —AT—
1/2 to 1/3 Less Than Regular Prices

We have been official agents for Perrin's Kid Gloves in Omaha for years. Every well known dressed woman knows there are no better gloves made and none better sold.

We have never conducted a special sale of these gloves before. The makers have always insisted on standard prices. We succeeded in convincing them that a one day sale at special prices each year would introduce these gloves to throngs of women who do not regularly wear Perrin's gloves, and in this way increase the output and stimulate the demand for regular gloves. We have the consent of the makers of Perrin's gloves to offer special lots of this famous make for one day at 1/2 to 1/3 off the regular price. Such a sale as this was never before held in any store in the west. You will be greatly interested in the window display.
