### NEW PARCEL POST STATION

Government to Establish Terminals at the Burlington Depot.

Will Mean the Bringing of More Clerks to Omnha, as This Will Be Made Quite a Center for Mail Distribution.

Terminal raiway postoffices for the distribution of parcel post mails will be cufablished in the Burlington deput, according to a statement given out by W. E. Pelt, acting superinthe Burlington Rallway company.

Segotiations for space in the Union sepot have been pending for some time. lines constituting the Union Depot company held a meeting in Omaha and named a price for the rental of space desired. Superintendent C. M. Reed, who is now in Washington, thought the price asked excessive and declined to enter nto a lease with the company.

When the Burlington company Wednes day sent word to Captain Felt, offering supreximately 1,700 square feet of space in the Burlington depot at a much lower figure than named by the Union Depot Supany, a message was rushed to Superintendent Reed, who wired back to lose the deal, which was done.

Ready for Holiday Rush, time will be lost in reconstructing the new terminal office, as it is important that the terminal be in full awing, and the clerks who will be assigned to the work will be in the harness before the holiday rush begins. This will mean, sico, that the Christmas packages will be dispatched out of Omaha several hours earlier than under present conditions opening of the terminal, however, will be delayed until the Burlington can install the necessary letter cases, paper tacks and other equipment, and it is not elleved that shis will require more than two weeks.

Three transfer clerks are now employed at the Burlington station, and they will be assigned to the new terminal, and authority is already at hand to employ additional clerks, who will become esidents of Omahu. The terminal will to inaugurated with this force working in three shifts of eight hours each, and it is probable this force will be materially

ndent Reed, being impallent with the delay in concluding negotiations for souce for the new terminal, believed that a little more mail could be lundled si what is known as the "Riue Tag" thal at Council Bluffs, and two weeks rued orders for all parcel post ckages for the states of Nebraska and Wyoming, passing through the Chicago atomay, be given to the Council iffe terminal. The boys over there rended and took care of the mail, and prother order gave them the parcel post from St. Louis. Consequently, 150 sacks the to be concentrated on this terminal

As soon as the Omaha terminal is stablished the Nebraska mail will be

brought to this side of the river for distribution and will be concentrated here rom all points north, east and south-Other parcet post terminals in the territory of the fourteenth division will be entaldished at Lincoln. Denver and Puchlo, but final arrangements for these DEAL IS CLOSED FOR THE SPACE have not been made and the Omaha terthat will be the first in operation
