

NEW PARCEL POST STATION

Government to Establish Terminals at the Burlington Depot.

DEAL IS CLOSED FOR THE SPACE

Will Mean the Bringing of More Clerks to Omaha, as This Will Be Made Quite a Center for Mail Distribution.

Terminal railway postoffice for the distribution of parcel post mails will be established in the Burlington depot, according to a statement given out by Captain W. E. Felt, acting superintendent of the fourth district division of the railway mail service. Approximately 1,700 square feet of space has been leased by the Burlington Railway company.

Negotiations for space in the Union depot have been pending for some time. Recently representatives of the various lines constituting the Union Depot company held a meeting in Omaha and named a price for the rental of space desired. Superintendent C. M. Reed, who is now in Washington, thought the price asked excessive and declined to enter into a lease with the company.

When the Burlington company Wednesday sent word to Captain Felt, offering approximately 1,700 square feet of space in the Burlington depot at a much lower figure than named by the Union Depot company, a message was rushed to Superintendent Reed, who wired back to close the deal, which was done.

Ready for Holiday Rush.

No time will be lost in reconstructing the new terminal office, as it is important that the terminal be in full swing, and the clerks who will be assigned to the work will be in the harness before the holiday rush begins. This will mean, also, that the Christmas packages will be dispatched out of Omaha several hours earlier than under present conditions. The opening of the terminal, however, will be delayed until the Burlington can install the necessary letter cases, paper racks and other equipment, and it is not believed that this will require more than two weeks.

Three transfer clerks are now employed at the Burlington station, and they will be assigned to the new terminal, and authority is already at hand to employ six additional clerks, who will become residents of Omaha. The terminal will be inaugurated with this force working in three shifts of eight hours each, and it is probable this force will be materially increased later.

Superintendent Reed, being impatient with the delay in concluding negotiations for space for the new terminal, believed that a little more mail could be handled at what is known as the "Blue Train" terminal at Council Bluffs, and two weeks ago issued orders for all parcel post packages for the states of Nebraska and Wyoming, passing through the Chicago gateway, to be given to the Council Bluffs terminal. The bags over there responded and took care of the mail, and another order gave them the parcel post to be concentrated on this terminal July 1.

As soon as the Omaha terminal is established the Nebraska mail will be

brought to this side of the river for distribution and will be concentrated here from all points north, east and south. Other parcel post terminals in the territory of the fourth district division will be established at Lincoln, Denver and Pueblo, but final arrangements for these have not been made and the Omaha terminal will be the first in operation.

Woman Asks Refund of Large Amount of Money She Paid Out

Alleging that she has paid \$19,430 to William H. Brown for rights under a patent to manufacture medicine, for the purchase of land and the construction of a plant at Aberdeen, S. D., which never materialized, Mary F. Gruber has brought suit in district court to recover the money.

She alleges that she paid Brown \$5,000 July 20, 1912, and other amounts varying from \$400 to \$5,000 at later dates and did not learn until last January that all was not well with her business enterprise. She alleges that in October, 1912, Brown bought Omaha property and she asks the court to allow her to take this to repay her.

INSPECT LOCAL SYSTEM OF WEIGHTS AND MEASURES

State Pure Food Commissioner Harmon and two deputies, F. W. Schaap and G. A. Ort, are inspecting the local official system of weights and measures as maintained by John Grant Pegg, city sealer of weights and measures. Pegg conducted the officials through all the market places yesterday and assisted with the inspections.

Sick, Sour Stomach Indigestion or Gas

Take "Pape's Diapipin" and in five minutes you'll wonder what became of misery in stomach.

Wonder what upset your stomach—what portion of the food did the damage do you? Well, don't bother. If your stomach is in a revolt; if sour, easy and upset, and what you just ate has fermented into stomach lumps; head dizzy and aches; hiccups, gas and acids and eructate indigestion food; breath foul, tongue coated—just take a little Pape's Diapipin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapipin occasionally keeps the delicate organ regulated, and they eat their favorite foods without fear.

If your stomach doesn't take care of your fibers, limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapipin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it fits food and sets things straight, so quickly and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, averted stomach; it's no unnecessary.
