GRAIN AND PRODUCE MARKET

Holders of Wheat Are Waiting for a Higher Level.

REPORTS ARE CONFLICTING One Set is in Favor of the Bear Side of the Pit, While the Other is Distinctly of a Buillsh Character.

OMAHA, Oct. 27, 1913. OMAHA, Oct. N. 1213.

The best authorities in the spring wheat country not only claim that the run of cars at Minneapolis and Duluth are to show a further falling off in the near future, but these people are accumulating a good line of the cash article and they intend to hold it until prices have reached a higher level. They figure that under present conditions there is but one course for values and that that course is uppresent conditions there is but one course for values, and that that course is upward; that the premiums for the best spring wheat will show a marked improvement over the winter description and that all that will be required of an investor is to sit down and wait developments. The farmers of spring wheat countries are said to be in fair condition financially to hold at least a goodly portion of their unsold wheat, and this, more than anything else, will prove a buil help, not only at Chicago, but in the other markets of the world. In addition to the holding fever of the northwest farmers, city traders are quietly working to prevent any pressure on the grain

to the holding fever of the northwest farmers, city traders are quietly working to prevent any pressure on the grain markets, as they figure that the farmers hold the whip hand and there is no use of them selling their grain at prices below its actual value.

News on wheat coming forward from competing countries is of a conflicting character. One day the reports say that Russia will not sell its wheat at these prices, while on another day word comes that large fleets of grain are waiting to be moved and that Russia is anxious to realize on its farm products. The reports that the government has been giving the growers of wheat in that country a lot of assistance is being given only under certain conditions, and these conditions are against the growers and in favor of bankers. Crop conditions in Argentine are mainly favorable, yet the advices from Buenos Ayres on Saturday told of rains being needed in certain districts. The crop in India is an uncertain quantity and will likely be quite short of a year ago, and this will cause the Australians to withhold their shipments unless they are enabled to secure certain prices.

CHICAGO GRAIN AND PROVISIONS Centures of the Trading and Closing Prices on Board of Trade.

Prices on Board of Trade.

CHICAGO, Oct. 27.—Wheat developed notable strength today in consequence of builish foreign advices and because of a huge falling off in the domestic visible supply. The market closed firm at an advance of 1½c to 1½gil½c net. Other leading staples, too, all showed gains—corn ½gil½c, cats ½c and provisions 5gi25c.

Great activity as well as strength characterized the trade in wheat. Sharply higher prices at Liverpool turned the market here upgrade from the outset. World shipments were unexpectedly small and crop conditions were less favorable in Russia, India and Argentina. There were, also, continued decreases in arrivals at Minneapolis and Duluth. The most decided bulge, however, came as a result of the curtailment of the United States visible supply total, the figures making an unusually striking contrast with the bearish exhibit a year ago.

Snow and rain that threatened to put a stop to threahing for the rest of the season in Saskatchewan helped the upward trend of the wheat market.

Twenty per cent of the yield of the province was alleged to be in danger.

corn market higher. Sympathy with the advance in wheat cut a good deal of a figure by intimidating short sellers. Bulls declared that the need of corn in the southwest would soon be so overwhelming as to take precedence of everything else in the market here.

Oats rose with other grain, but reacted under heavy selling. Most of the bear orders came through commission firms. Provisions responded with vigor when corn and hogs began to climb. Packers took a liberal hand on the buying side. Article Close | High. | Low, | Close | Sat'y

CATTLE—Receipts this morning were very light for a Monday, only 210 cars being reported in. This was over 3,000 lead smaller than on Monday of last week and almost 3,000 head smaller than on the corresponding day two weeks ago; in fact, it was the smallest Monday srun in a number of weeks back and a little more than half as large as on the corresponding Monday a year ago.

The light receipts would naturally have given the market a strong turn, but while receipts here were small, they were extremely large at Chicago, and prices there were reported as sharply lower. Under the influence of unfavorable advices from eastern points the market on beef steers opened slow, with prices anywhere from steady to lie lower than last week's close.

NEW YORK, Oct. 7.—In a quiet, even way, stocks rose generally today. There was at no time a large volume of business. Many of the leading stocks gained a point or more.

Reduction in the German bank rato from 5 to 5% per cent contributed to the strength of the market. This put an end to reports of another advance in the Bank of England's rate. Although a minimum discount rate of 5% per cent implies anything but easy money, any reduction at this time of the year is regarded as important. There was no material chanke in rates for time money here, but call funds were held more firmly, a late flurry sending up the quotation to 4 per cent. The news from Maxico tended to restrict the volume of speculative trading. The reported failure of the election yesterday caused traders to hold back, pending the receipt of information as to the attitude of the Washington government. Hock Island issues were strong and rather active, both the preferred stock and the 4s making good gains. Buying of these securities was altributed to reports that the Pheips-Dodge interests had taken over a large block of the stock.

New Haven securities were heavy at first, but later railied strongly.

Guards and Strikers Battle in Colorado; One Dies, One Missing

LUDLOW, Colo., Oct. 27.-A general battle between strikers, mine guards and deputy sheriffs was waged for twelve hours today in Berwin canon, at Hastngs, and in the vicinity of the Colorado & Southern station at Ludlow.

Firing started at 2 o'crock this morning and continued intermittently until nearly 4 o'clock this afternoon. One mine guard was killed and, according to union men, one striker is missing. The situation is extremely critical tonight. .

More than 700 armed strikers are reported to be in the field against the mine guards.

Armed strikers patrol the entire district in the vicinity of Ludlow and communication with the camps of the Cedar Hill, Tollerbugh, Berwin, Hastings, Delegua and Tobasco has practically been

The firing started this morning in the vicinity of the Colorado & Southeastern bridge, the scene of yesterday's battle. The guards, it appears, retreated in the direction of Cedar Hill and Tobasco.

At daylight the strikers from the Ludlow tent colony made their way along the hills past Cedar Hill to Tobasco and opened a heavy fire on that camp. The guard who was killed was struck while returning the fire of the strikers near the mine tipple at Tobasco. The attack on Hastings began at about

The shots rained upon the camp from two quarters for nearly two hours, but, according to the officials of the Victor American Fuel company, no serious damage was done.

The final skirmish of the day was an attack by the strikers elong the Colorado & Southeastern tracks near Barnes station on a passing Denver & Rio Grande train which the strikers declared was carrying nine guards.

Italian Government Wins in Elections

ROME, Oct. 37.-General elections were held throughout Italy today. Disorders were not as grave as expected, although one person was killed and many wounded. Numerous arrests were made in

The balloting was night because, on account of spring-like weather the people preferred to go on excursions rather than to the polls. Results of the elections will not be known until Monday, but already the government is assured of a large majority.

Giovanni Gioloftti, the premier, has been re-elected with many members of his cabinet. Others include Premier Baron Sydney Sonnone and Luigi Lawzatti, the ex-governor of Erythrea, Ferdinando Martini, the socialist leader; Leonida Bissola-Hergamachi, the republican leader; Elgnor Barzilai and the former minister of public instruction. Nunzio Nasi, who served a term in prison for eral times to the chamber of deputies only to have his election annulled. In 100 constituencies a fierce struggle was waged, especially between socialists

INDIANAPOLIS, Ind., Oct. 27.-The funeral of Mrs. Charles W. Fairbanks. wife of the former vice president, who dled at her home here Friday, was held this afternoon and burial was in Crown Hill cemetery. Bishop William F. Mc-Dowell of Chicago, who accompanied Mr. and Mrs. Fairbanks part way on their recent trip around the world, conducted the services and in paying tribute to the character of Mrs. Fairbanks said: "An American girl missionary in India

told me it was easier to teach the Indian children the way to Christ, since they had seen and heard Mrs. Fairbans, and a native Chinese said it was easier for him to follow the teachings of Christ since he had heard this godly woman." Many friends of Mrs. Fairbanks from out of town who had been associated with her during her term as president general of the Daughters of the American Revolution attended the funeral.
