OMAHA, Oct. 29, 1912. The eyes of the specuative world are now on the growing wheat crop of Argen-tina. While the public cable received yes-terday claimed there were sections of the southern hemisphere wheat belt that need rain, a private cable later conveyed the news that the prospects there are gener-ally good. The latter news was well re-ceived in Liverpool and that market re-fused to follow the sharp upturns made in Chicago. There are a few in the Chicago trade

in Chicago." There are a few in the Chicago trade who are holding moderate sized quantities of wheat. It must be romembered that it will be some little time before the wheat

galows of the very latest type, with splendid material, construction and finish. All have oak floors and oak finish in halls, parlors, dining rooms and dens. 3818 and 3821 Lesvenworth are one story with 5 large rooms being 94x69 ft. on foundations and nicely terraced and sodided, with cement steps and walks, and grade entrances to cel-lars. All basements have heavy sement floors, guaranteed furnaces and laundry facilities. The very intext ideas in colonnades, built-in bookcases, built-in buffets and china closets, rails, paneling and beamed cellings, all in osk, are to be found in these bungalows, while the Uters. beamed ceilings, all in oak, are to be found in these bungalows, while the lighting fixtures and decora-tions, already in, make them with-out exception the choicest little homes in Omaha for the money. The prices are \$5,500 each for 3818-23 Leavenworth and \$4,000 for the larger corner bungalow. Both streets have new paving and all paid for. of wheat, it must be remembered that it will be some little time before the wheat in that country can be harvested, and there are many possibilities of losses by pests, storms or floods. It will be remembered that the bull crowd in wheat of a few years ago, and, in fact, up to and including last year, held on to their wheat in the Chicago market in the hope that something would happen to the Argentina crop; that the prospects would be changed and that values in all markets of the world would be sinhanced in consequence. These buils were disappointed, as there was never a semblance of detarioration in the promise, and big crops were raised. The wheat futures held at Chicage are in the hands of some of the strongest houses in the trade. It is said that a coteris of buils in the east, possibly the same who suffered heavy losses on the buil side last year, are again giving their attention to wheat, and they have been quietly accumulating a line through two of the larger houses in the chrouge the Payne & Slater Co. Reports Mexican Situation Entering Upon More Serious Phase and Depreasing News as to Steel Turn Market Downward.

Point or So Early.

NEW YORK, Oct. 29.-Quotations of the principal stocks were carried up a point or more in the fore part of today's session, but the market turned heavy in the afternoon. The reaction in many cases brought prices under yesterday's close. Conditions in the money markets here

conditions in the money markets here and abroad figured prominently in deter-mining the temper of speculation. In London private discounts were higher, following the engagement there of gold for New York yesterday. No further en-gugements of gold were looked for at this time. In the home market call loans were

In the home market call loans were renewed at 4 per cent, an increase of 16 The rate rose later to 55 per cent. In London American stocks were de-pressed. There was some selling here for foreign account, Restrictions of funds in this market for speculative purposes also exerted an unfavorable influence. Reports that the Mexican situation was entering upon a more serious phase and further depressing news from the steel trade beiped to turn the market down-ward. The weekly review of the fron Age, a recognized trade authority, was frankly possimistic, speaking of further price concessions, reduction in working forces and curtainsent of operations. Florence Bridge is Considered at a Mass Meeting

For the purpose if initiating a movement. to put a new bridge across the Missouri river at Florence a mass meeting of the citizens was held at the Eagles' hall Tuesday night. Joe Redman was on hand with blue prints of the bridge, showing the rock bottom on both sides of the river. He presented his data in a terse form and was followed by E. Stoddard, John F. Staley, R. H. Olmsted, F. S. Tucker, F. M. King, W. R. Wall and Henry Anderson. A committee of twentyfive is to be appointed by the president of the Commercial club, Henry Anderson, to circulate petitions to congress to build the bridge. Across the river from Florence is an exceedingly rich agricultural country that at present has no way to market its crops except to drive fourteen. miles to Council Bluffs. Mention was also made of the new electric line from Sioux City to Omaha, which would undoubtedly use the bridge, thus shortening the distance about ten miles. According to those addressing the meeting it is the purpose to secure, if possible, the erec-

proved to be very satisfactory from a sellers' standpoint. Buyers were out in the yards in good season in the morning and desirable beef steers sold at prices that were strong to as much as 100 higher. While there was nothing here to compare with the yearlings that brought 5.50 yesterday, there were cattle good enough to bring 39.25. Cows and helfers were in light supply and good demand, so that they, too, sold at prices that were strong to a little higher than yesterday. The market was sufficiently active to effect an early clearance.

Clarance. While the demand for slock cattle and feeders was no larger than usual, the offerings being moderate, gave the mar-ket a little stronger tone on all desirable

Commercial Club Will Establish a Bureau of Legal Aid

A movement for a legal aid bureau tor be run in connection with the Commercial club was given an impetus at the meeting of the executive committee of the Commercial club at noon. J. A. C. Kan-nody was given full charge of the affais and instructed to investigate such bodies in other cities which now have them and give in his opinion as to the establishment of such a bureau in Omaha.

This is the outgrowth of the romarkable, work done by the legal aid bureau established shortly after the Easter Sunday tornado for the benefit of the sufferers, who were left in such financial condi tions that it was impossible for them to pay for legal aid. The object of the sureau will be to aid those worthy and

unable to pay for legal assistance.

PACKING HOUSE EMPLOYE STABBED IN THE ABDOMEN

Mike Unkozevich, packing house isborer, 2714 R street, South Omaha, was severely cut in the abdomen Tuesday, evening near his home by an unknown assailant. The injured man was attended by Drs. F. O. Beck, A. H. Koenig and E. J. Shanahan, and after giving the man immediate medical assistance, he was taken to the South Omaha General hospital.

Just who the aggressor was and the motive back of his action remain tinsolved by the police. The assault occurred in a district that has been without police protection for some little time. Unkozevich was almost disemboweled and but little hope is held out for his recovery.

DR. SHAW WILL SPEAK AT THE COMMERCIAL CLUB

Dr. Anna Howard Shaw, president of the National Women's Suffrage associaion, will address the members of the Omaha Commercial club at a public affairs luncheon on November 6. Dr. Shaw will take for her subject, "Women's Place in the Commercial World." She will have the distinction of being the first woman to ever address the Commercial club members at a public affairs juncheon, and it is expected that the club's rooms will be hardly large enough to seat the crowd which is expected.

WANT MORE TIME TO SELECT SUCCESSOR TO GUILD

The special committee appointed by the executive committee of the Omaha Commercial club to choose a successor to Commissioner J. M. Guild asked for more

time at the meeting of the executive committee and it was granted.
