# CHURCH DECLARES FOR PEACE

**Congregationalists Favor Cut in Expenditure of Armament.**

**WILSON ASKED TO TAKE LEAD**

Resolution Sent to President and Congress Asking Them to Defend the Cause of Armament.

# KANSAS CITY, Oct. 29.—The National Council of Congregational churches today appeared in a resolution to President Wilson and members of congress to call a halt in the "bleeding expenditures of the paraphernalia of war."

The resolution was adopted after some opposition.

"The peace" resolution as passed follows:

"The Congregational churches of the United States, confessing anew their allegiance to the Prince of Peace, and desiring to place on record their disapproval of the present rivalry of Christian nations in creating colonial empires and navies, and to declare themselves the unflinching antagonists of all who by word or deed fan the flames of racial prejudice or disseminate the seeds of international ill will.

Believing that our republic, both by situation and tradition, is peculiarly fitted to lead the nations into paths of peace, we appeal to our president and congress to cut a halt in the swelling expenses for the paraphernalia of war and exhort our pastors and teachers to keep before the public mind the evils and perils of militarism, to explain and defend the cause of arbitration and to work in season and out for the wider worldwide brotherhood.

We hereby commend the work of the international conference engaged in the program for commemorating the first century of peace between the United States and Great Britain and recommend

# NORMAL BOARD WILL SUE

Orders Secretary to Bring Action to Get Charge of School.

**THOMAS WILL ANSWER SOON**

Declares at No Time Represented to Board that He Had Offer from Trustees of Arkansas University.

(From a Staff Correspondent.)

LINCOLN, Oct. 29.—(Special Telegram.)—A conference of members of the State Normal board was held this afternoon upon the arrival of H. C. King from Kearney with the information that Dr. Thomas, the opposed head of the normal school in that city, had refused to turn over the school, and after consulting with the attorney general over the matter it was decided to notify Secretary Tolley of the board to begin proceedings in court to compel Dr. Thomas to turn over the institution to M. H. Snodgrass and R. C. King according to the order of the board.

It seems to be generally the opinion that the board has fallen down woefully on its contention that they were justified in dismissing Dr. Thomas from the presidency of the school because he had misrepresented to the board the object of his school for vacation.

"I thought the board had something up their sleeves," said one man this morning, "but that letter doesn't get anywhere. They make the charge that they understood Dr. Thomas to say that he had been hired by the Arkansas State University board, and that when they find out they had got the wrong dope themselves they turn round and fire Thomas. There is nothing to the charges and were it not such a serious matter for the state, I would consider it a great joke."

**Arkansas Men's Attitude.**

"I read those letters that Caviness got from the members of the Arkansas board," said another man this morning, "and in my estimation they did just exactly what our own State Normal board would have done had the matter been turned around and the Nebraska board was trying to get one of the most successful men in the Arkansas university away from them. Caviness in his letters to the members of the Arkansas board said that the people of Kearney were objecting to Dr. Thomas leaving the State Normal and were urging the State Normal board to find some way to retain his services. He then asks them to tell him what salary they had offered Thomas so that the board could act intelligently in the matter.

"He might as well have said, 'If you fellows down there will let us know how much you have offered Thomas, we will know how much we have got to raise your offer in order to keep him.' Receiving a letter naturally let on that they had made him no offer and would try and convey the impression that they were not considering the matter. It is a natural thing for them to do, and their answers to Caviness might just as well have said, 'you take us for a set of fools?'"

# Thomas to Speak Soon

In a conversation with Dr. Thomas over the phone this morning he told the Bee representative that he was well satisfied with the charges made by the board and that in a very short time he would give the people of the state his side of the matter.

"You can say, however," said the doctor, "that I never represented to the board that I had had an offer from the Arkansas board of the position of president of their university. I had been approached by a committee and sounded on the matter and at the time I asked the board to give me a two-weeks' leave of absence I had received a letter and also a telegram stating that the board were to hold a meeting and for me to come down and meet with them. The board, as I understood, were divided on the proposition. Since that time there have been some changes.

"Regarding the letters written by certain Nebraska people to the members of the Arkansas board 'knocking' me for the position, that is a proposition that will be taken up later, but I will simply say that I know whereof I speak, for I saw and read the letters myself and at the proper time my friends, yes, and my enemies, will have a chance to know what they contained.

# Checking Up Property

"I am very busy now checking up the institution and have no time to take up the matter, but as soon as this work is over I will have time to go into it fully. I appreciate most fully the stand that my friends have taken in the matter and they can rest assured that the confidence they seem to have in me has not been misplaced. I care not so much for myself, but for the principle that is involved in the whole deal and for that reason I hasten to do it in a way that there will be no doubt in the minds of the public who is responsible for this condition of things."

# CATHOLIC DECORATION BESTOWED UPON SUTTON

(From a Staff Correspondent.)

LINCOLN, Oct. 29.—(Special.)—In a reception tendered Bishop Tihen of the Catholic church, held at the Auditorium after his journey to Rome, the Order of St. Gregory was bestowed upon John P. Sutton. In bestowing the honor Bishop Tihen said that the honor was one bestowed upon the most distinguished man and was bestowed upon Mr. Sutton chiefly as recognition of his services to religion through the press.

Other speakers were A. L. Bixby, Father Bradley and L. G. Brian, who was toastmaster. Music was furnished by Mrs. A. B. Guzman, Miss Annette Abbott and Miss Carrie E. Raymond.

# Ministers Meet

ORLD, Neb., Oct. 29.—(Special.)—The ministers of the North Loup valley held a meeting in this city and formed an association to be known as the Ministerial Association of the North Loup Valley. A constitution and bylaws were adopted and the following officers were elected: President, Rev. George B. Shaw, North Loup; vice president, Rev. R. A. VanLauren, Urbway; secretary, treasurer, Rev. C. H. Mead, Scottia. The first regular meeting of the association will be held in this place on December 1.

# Farm Home Burns

ORLD, Neb., Oct. 29.—(Special.)—At 6 o'clock Tuesday morning the residence of John C. Carlske on the outer edge of Elvira was completely destroyed by fire. The flames originated from a defective fuse. The house and all but a small portion of the household goods are a total loss.

# OUTLINE MEXICAN PROGRAM

President Wilson and Secretary Bryan Go Over Situation.

EUROPE IS ASKED TO WAIT

Great Britain, Germany and France Will Take No Action Until the United States Announces Its Policy.

WASHINGTON, Oct. 29.—Secretary Bryan said today that a formal note had been sent to all the European governments asking them to suspend the formulation of a policy toward Mexico until the United States has defined its attitude. While England, France and Germany, he said, had already been heard from, it is expected the other governments will follow the great powers in awaiting the decision of the United States as to the next step in bringing peace in Mexico.

President Wilson had an early conference with Secretary Bryan today and the secretary said after it that they were at work on the next step in the policy that will be pursued. It is expected that the United States will make formal demand for the termination of Huerta and the conduct of fair and free elections, possibly with some safeguards to systematize the election machinery. There was no comment forthcoming, however, from executive quarters as to just what was intended by the United States, but it was generally agreed in official circles that some positive action looking toward a solution of the problem would be in line with the expectations of the power-holders to bring about a new election would involve negotiations with the constitutionalists, and there is a confidence that if guarantee for a free campaign can be arranged through the establishment of a provisional authority at Mexico City acceptable to the constitutionalists the latter are likely to fall into line.

# CLARK S. REYNOLDS GETS CLAIM THREE AT DRAWING

LOUP CITY, Neb., Oct. 29.—(Special Telegram.)—A message from North Platte received this afternoon gives the corrected information that it was Clark S. Reynolds instead of Charles S. Reynolds of Loup City, who drew No. 3 in the drawing at that place Tuesday.

# Will Change Battleships

The sailing today of four battleships from Hampton Roads to relieve those at Vera Cruz marks the first step on the part of the United States toward complying with the recent declaration of Huerta that foreign ships had been too long in Mexican waters. The battleships Rhode Island, Virginia, Nebraska and North Carolina of the third division of the Atlantic fleet will relieve the four vessels of the second division, which have been on duty in Mexican waters for several months and are expected to come north on the arrival of the ships which leave Hampton Roads today.

# Few Reports from Election

Only meager reports have reached the State department of the recent elections. Consular dispatches reported Monterey still in the hands of the federals after

# Hope For Bald Heads

Well Known Politician Nearly Bald Now Has Heavy Growth of Hair.

Tells How He Did It.

A western politician, well known on account of his baldness and his ready wit surprised his friends by appearing with a heavy growth of hair; many of his friends did not know him, and others thought he had a wig. On being asked how he did it, he made the following statement: "I attribute the growth of my hair to the following simple recipe which any lady or gentleman can mix at home. To a half pint of water add 1 oz. of Bay Rum, a small box of Harbo Compound and 1/2 oz. of Glycerine. Apply to the scalp two or three times a week with the finer tips. It not only promotes the growth of the hair, but removes dandruff, scalp humors and prevents the hair from falling out. It darkens streaked, faded, gray hair and makes the hair soft and glossy. These ingredients can be purchased at any drug store at very little cost and mixed at home."

# Rheumatism

A Home Cure Given by One Who Had It

In the course of my life I have suffered with Rheumatism. I suffered as only those who have it know, for over three years. I tried nearly every remedy, and doctor after doctor, but was never cured. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number of those who were terribly afflicted and even bedridden with Rheumatism, and it effected a cure in every case.

I want every sufferer from any form of Rheumatism to know the true nature of the healing power. Don't send a cent; simply mail your name and address and I will send it free to you. After you have used it and it has given itself to be that long-suffering means of curing your Rheumatism, you may send the price of it one dollar, but, understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when positive relief has been offered you free? Don't delay. Write today.

# Grain Dealers Approve Proposed Federal Standard

WASHINGTON, Oct. 29.—Representatives of the National Grain Dealers' association today formally notified Secretary Houston of the Department of Agriculture that the organization favored the government's proposed standardization of foreign grades. Objection was made by members of the Baltimore Chamber of Commerce, who declared that the promulgation of the new grades would seriously affect their export trade, the largest in the country.

Many of the speakers at the hearing today, while favoring the proposed grades, urged modifications. In place of the government's proposed No. 3 corn with a moisture test of 15.5 per cent, they urged the substitution of a grade to be called "standard," and making the governments proposed No. 4, a No. 3, with a moisture test of 15.5 per cent. This, they pointed out, would leave the present grades practically unchanged and would give the producer an incentive to produce a "standard" grade with a moisture test of 15.5 per cent.
