MANY STRIKERS STILL ARMED

Intermittent Firing Continues All Night Near Hastings, Colo.

CAVALRY IS ON PATROL DUTY

Work of Taking Arms from Strikers at Walsenburg Proceeds Systematically—Deputies Surrender Rifles.

TRINIDAD, Colo., Oct. 30.—Detachments of artillery from batteries B and C of Denver, in command of Captain Ledford, left here this afternoon under orders from General Chase to move in the direction of Ludlow, the center of the recent disturbances. Unless an outbreak occurs the detachments will probably spend the day in reconnoitering and return to Trinidad tonight.

A line of snipers was seen along the ridge between Hastings and Tabasco, and intermittent firing all during the night confirms the belief that the strikers still are armed. Shots were fired

into Tabasco early today, but no damage was done.

At Walsenburg two troops of cavalry were placed on patrol duty today. The work of gathering up the arms of the strikers was carried forward systematically. Many of the Huertano county strikers are said to have joined those now in the hills in the northern section of this county. The Huertano county deputies have turned in their rifles.

A squad of cavalry late this morning was ordered to return to Aguilera, where according to reports received at headquarters in the military camp, shots were fired by armed guards into the tent colony of strikers. Adjutant General Chase today stated that he would order troops to remain at Aguilera indefinitely, as he had learned that conditions there threaten a violent uprising momentarily. The 125 infantry troops which guarded that mine camp last night returned to Walsenburg early this morning and the firing into the colony began as soon as their train departed.

Today the sanitary condition of the Ludlow strikers' colony was called to the attention of the military officers and an investigation was begun to determine whether the camp should be closed and

tents ordered struck because of the perilous condition there. One death this week has occurred from typhoid fever and other cases have been reported.

Blasting Operations Kill Million Salmon

WASHINGTON, Oct. 30.—Railroad blasting operations on a tributary of the Fraser river in Washington, having killed more than 1,000,000 salmon and prevented the spawning of between two and three million sockeye salmon eggs, the Department of Commerce and Labor announced today that the fish-loving American public might expect a decided shortage in its favorite article of food three or five years hence. The department pronounces the slaughter of the fish to be a "catastrophe."

The effect of this catastrophe, it was declared, "will be seen three or five years hence, when the 1913 progeny come back to the river to spawn. How serious the outcome will be can only be surmised." The livelihood of thousands of persons in the state of Washington and in British Columbia, and the department, depends on the annual "run" of these fish, which return year by year to the same spawning grounds. This, it is suggested, makes the matter one of even greater economic interest. Rocks dislodged by the blasting blocked the stream and caused the death of the ascending fish.

Newspaper Plant Dynamited. BELLE FOURCHE, S. D., Oct. 30.—(Special.)—A climax in the fight for better moral conditions in the town of Hulet, Wyo., northwest of here, reached a sensational climax when the office of the Hulet Globe, a weekly newspaper, was dynamited. The building was badly wrecked, but no one was hurt and the plant was unharmed by the explosion. The Globe is conducted by H. H. Gunderson, formerly a Baptist minister at Lead, who lost his health in clerical work and went to Hulet and took up homesteading, later acquiring the Hulet Globe, which for some months past has been waging a vigorous campaign against the lawless element in that community. Editor Gunderson declares that he will continue the fight.

Indigestion Ended, Stomach Feels Fine

Time "Pape's Diapepsin!" In five minutes all Sourness, Gas, Heartburn and Dyspepsia is gone.

Sour, gassy, upset stomach. Indigestion, heartburn, dyspepsia. When the food you eat ferments into gases and stubborn lumps; your head aches and you feel sick and miserable. That's when you realize the magic in Pape's Diapepsin. It makes all stomach misery vanish in five minutes. If your stomach is in a continuous revolt—if you can't get it regulated, please, for your sake, try Pape's Diapepsin. It's so needless to have a bad stomach—make your next meal a favorite food meal, then take a little Diapepsin. There will not be any distress—eat without fear. It's because Pape's Diapepsin "really does" regulate weak, out-of-order stomachs that gives it the millions of sales annually. Get a large fifty-cent case of Pape's Diapepsin from any drug store. It is the quickest, surest stomach relief and cure known. It acts almost like magic—it is a scientific, harmless and pleasant stomach preparation which truly belongs in every home.

MRS. EATON IS ACQUITTED

Widow of Admiral Found Not Guilty of Murder.

JURY IS OUT ELEVEN HOURS

Appearance of Defendant on Stand, an Unusual Incident in Capital Cases, Helped Decide the Case.

PLYMOUTH, Mass., Oct. 30.—Mrs. Jennie May Eaton was acquitted of the charge of murder of her husband, Rear Admiral Joseph G. Eaton by a verdict of the jury rendered at 5:30 o'clock this morning.

The jury retired at 8 o'clock last night. Notwithstanding that there seemed little prospect as the night wore on of a verdict before morning, a crowd of nearly 300 persons sat out the tedious night. Mrs. Eaton awaited the verdict composedly and smiled when she heard the foreman of the jury pronounce her "not guilty."

Mrs. Eaton had sat up in a private room at the court house until 3 o'clock this morning. Then she was permitted to go to the judge's lobby, where she slept on a cot until awakened at 4:30 and summoned to the court room. After the foreman had announced the verdict, Chief Justice Alken warned the jurors to keep secret the proceedings in the jury room.

Defendant Thanks Jurors. After Mrs. Eaton had left the court room the jurors, through their foreman, asked that they might be allowed to meet her. The permission was granted, and they formed a semi-circle in the corridor. Mrs. Eaton came out from the judge's lobby and thanked them individually. As she did so she burst into tears for the first time since her trial started. A little later Mrs. Eaton gave out the following statement: "I am glad most of all because of my mother and child, both of whom need me. I shall go home late today. I hope that a new life will be opened to me and that the trials and tribulations which have been mine are ended."

Makes Good Impression on Stand. Her chief counsel, Mr. Morse, said: "It was Mrs. Eaton's appearance on the stand, an unusual event in any capital case and a remarkable one where a woman was on trial for her life, which decided her innocence in the minds of the jurors."

"The verdict was what we expected. It frees an innocent woman, but leaves as a mystery the end of the admiral, her husband. For six months I have tried to find out what was behind the poison which caused his death, but my investigations have developed no explanation. It leaves as the prominence of Rear Admiral Eaton, the trial of Mrs. Eaton, who was his second wife, attracted country-wide interest. The admiral took a prominent part in the battle of Santiago. After his retirement he settled down on a little chicken farm at Assinippi, where he died on March 2. Mrs. Eaton was arrested on March 15. The trial began October 14.

MEXICAN ISSUE MARKS TIME

(Continued from Page One.)

The United States. While the election has been repudiated here the actual formalities of proclaiming the result may have some bearing on the situation, for while this government has already refused to countenance the result, foreign governments have not taken any position, and it is felt in many quarters that the United States should wait formal action by the authorities in Mexico City before putting on record its rejection. President Wilson is considering carefully suggestions from his advisers, and it was said today the plan might not be ready until next week's cabinet meeting.

Will Transfer Diaz to Linares. Acting Secretary Roosevelt of the navy today instructed Rear Admiral Fletcher to place General Trevino in the Mexican public hospital, and his party aboard a New York and Cuba mail steamer after the ship leaves the last Mexican port on its sailing. Under that plan Diaz and his party will be transferred from the battleship Louisiana to a New York and Cuba ship after the latter sails from Progreso at a date yet undetermined. Mr. Roosevelt's instructions were issued after a conference today with President Wilson. The transfer of the fugitives will be at sea to guard against their arrest by the Huerta authorities.

Trevino Declines Presidency. MEXICO CITY, Oct. 30.—General Geronimo Trevino, news of whose capture by rebels during an assault on Monterrey, was telegraphed to the federal authorities yesterday by his son, was recently called to Mexico City by Provisional President Huerta, who is said to have offered him the provisional presidency.

General Trevino declined the office. He has been a soldier ever since he reached manhood and was formerly federal commander of the northern military zone of Mexico, with headquarters at Monterrey. A thorough search is being made by the police of the federal capital for further evidence of an alleged plot against the life of Provisional President Huerta, disclosed to the authorities by two women last night. The women accused several men who they declared had offered them \$500 to induce General Huerta to visit them so that the plotters could have an opportunity of assassinating him. The women asserted that they have declined to participate in the conspiracy. The men named have been arrested.

News Notes of Fairbury

FAIRBURY, Neb., Oct. 30.—(Special.)—Harry D. Andrews, electrician for the Rock Island at this point, has returned from Chicago, where he has been attending the sixth annual convention of railway electrical engineers. He also visited with his parents at Muskogee, Mich.

The annual session of the Jefferson County Farmers' institute opened in the court room yesterday afternoon with an address by its president, John P. Thies. The session will last until Friday. A stock show is one of the principal features of the institute. The stock is being housed in the Smith's sale pavilion. A number of valuable prizes will be awarded at the close.

The Brotherhood of Locomotive Engineers, together with the Brotherhood of Locomotive Firemen and Engineers, held a joint conference in this city this week and listened to talks by Peter Kilduff of Chicago and Joseph McQuaid of Rock Island, Ill. The former is general chairman of the engineers for the Rock Island, and the latter fills the same position for the firemen. As a result of the conference, the firemen decided to make the lay-over of the Jersey passenger runs on the Nebraska division at Fairbury instead of Lincoln and Phillipsburg, Kan., as formerly.

SUIT FILED TO HAVE THE SUPREME COURT REVIEW SULZER CASE

(Continued from Page One.)

interesting themselves in obtaining control of the expenditure of money of the state, been successful." Moore says, "that your orator and most of the citizens of the state believe the administration of the state on January 1, last, had passed out of and beyond control of the people of the state into the control of one or more of the men so interesting themselves as aforesaid together with a small group of other citizens in accord with them in the sole purpose of obtaining control of the moneys of the state to their sole use and benefit and not with any hope, desire or ambition to profit or safeguard the state in the expenditure thereof."

Will Take Case to Supreme Court. Mr. Moore denied that there was any politics behind his suit. He said that he and his attorney, John Leary, had conceived the idea and submitted the petition to several attorneys, who agreed that it held a substantial basis. "If I lose in the district court," he said, "I expect to appeal and lay the whole impeachment question before the supreme court."

He confirmed Sulzer's declaration that the former governor knew nothing about the suit before it was filed. Moore has been active in democratic politics and in the Typographical union. He never held office, although he was candidate for appointment by the governor as state labor commissioner.

The publishers of the New York World said that although Moore was one of their employes they did not know he was to bring the suit and that the newspaper was in no way connected with it.

Absurd, Says Attorney General. ALBANY, N. Y., Oct. 30.—"A suit to restore Sulzer to power is absurd," said Attorney General Carmody today. "I cannot believe that anyone would bring such an action."

Former Senator Edgar T. Brackett, chief counsel for the assembly managers in the impeachment proceedings, declared that "there is no way the constitutionality of the impeachment can be tested."

Judge D. Cady Herrick, chief counsel for the defense, on several occasions has expressed the opinion that the carrying of the case to the supreme court would be futile. No Precedents for Action. WASHINGTON, Oct. 30.—There are no precedents for the supreme court reviewing impeachment proceedings as such. The injunction proceedings filed in New York today might come to the highest court for review on the contention that federal constitutional rights had been denied to Sulzer. For that much there is legal provision for a supreme court review. Should the case be forwarded from the lower court it undoubtedly will be expedited, otherwise a decision would not be reached in regular course much under three years.

SEND NORRIS HOT MESSAGE

(Continued from Page One.)

Douglas county bull moose committee; Dr. W. O. Henry, president of the Roosevelt club.

They quailed and talked very low. Hutchinson caused a little trouble showed some sore spots and believed Norris' move would hurt the progressive cause. Dr. Henry was sure it would. Nathan Merriam remarked that Norris had made a great mistake. Kingbell thought some action should be taken. Lewis was outraged at Norris' action. And so there was unanimity.

Rip Off Denunciation. With due deliberation, then, this self-constituted committee, self-constituted to represent the bull moose of the state, ripped off a manuscript and rushed to the telegraph office. It was addressed to Senator George W. Norris, Washington, D. C., and it had saw-tooth. It told him how "outraged and hurt we all feel at your action." It asked whether or not he cared to explain to this worthy body his recent actions in supporting a republican against a progressive and ended with a satisfactory flourish in regard to loyalty and gratitude and a lot of other words that come easy in political vernacular.

Then they adjourned, very secretly. But some of them were too mad to keep the secret. They had to sneer at Norris on the street and let out divers hints and when some of them were approached and asked for an explanation they shrunk back and wondered who had been letting the cat out of the bag.

To date the senator has not replied to them.

NORRIS NOT WEDDED TO NAME

Senator from Nebraska Sends Answer to Staff Correspondent.

WASHINGTON, Oct. 30.—(Special Telegram.)—Senator Norris left for Massachusetts tonight, where he is to campaign in behalf of his former colleague, Representative A. P. Gardner, candidate for governor on the republican ticket. His principal opponent is a progressive, Charles S. Bird.

Certain Nebraska progressive supporters of Senator Norris wired him today expressing disapproval that he did not support Bird instead of Gardner. The senator has sent them a letter giving his reasons for supporting Gardner. They are based on the fight the two made against Speaker Cannon and so-called boss rule. He said in part: "I would support Gardner regardless of politics on the ticket. He is bucking the machine rule in Massachusetts. I feel it my duty to help him. No one sacrificed more than Gardner in the fight. He had to turn his back on former supporters and members of his own family. I have never known a man who has superior courage or stronger fidelity to what his conscience told him was right."

With reference to the progressive party, Senator Norris said all progressives

BARR NOW DENIES HIS CONFESSION OF MURDER

MEMPHIS, Tenn., Oct. 30.—Meade Barr, an inmate of the Jeffersonville, Ind., reformatory, who was said to have confessed that he killed Florence Brown in Dallas, Tex., last July, was brought to Memphis today by officials, enroute to Texas. They will not go to Dallas direct because of fear of violence there, but probably will make the trip by way of New Orleans and El Paso. Barr here today denied that he had made a confession.

CHAPIN ESTATE GOES TO FAMILY

CHICAGO, Oct. 30.—Charles A. Chapin, who died a week ago, left an estate estimated at \$4,651,000, according to the will which was filed today. The estate goes to the widow and seven sons and daughters. The heirs are instructed to devote \$200,000 to charity.

MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to flush kidneys if Back hurts or Bladder bothers.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach aches, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night. To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness. Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.
