State Assessment Roll Reveals Agricultural Efforts.

HORSES SHOW A DECREASE

Cattle, Sheep and Hogs Are Also Less in Number Than Formerly—Showing in Personal Property.

(From a Staff Correspondent.) LINCOLN, Nov. 1.—(Special.)—According to figures in the office of Secretary Henry Sherman of the State Board of Assessment, there are 12,000 more acres of improved lands in Nebraska, as shown by the 1913 assessment, than there was at the last assessment. It is also shown that there are 1,000 more acres of improved lands in the state. Improvements on the above lands show a total of \$1,000,000 in the same period. Horses show a decrease in number of 1,000, but sales have increased so that there are 1,500 more of the long-eared Missouri than there were in 1912. Cattle, sheep and hogs have also taken a fall. Sales of cattle have fallen off in the amount of over \$1,000,000, but other sales have increased \$1,000,000. There is less money loaned on this year than there was last and also less on deposit, but there is \$2,000,000 more paid to building and loan associations.

STRIKERS GREET SOLDIERS

Fifteen Hundred Men, Women and Children Meet General Chase.

MINE WORKERS ARE FOR PEACE

Conference is Held and Plans Are Discussed for Colorado Miners Tearing Over Their Arms to the Authorities.

TRINIDAD, Colo., Nov. 1.—Fifteen hundred men, women and children of the Ludlow tent colony, singing "Marching Through Georgia," marched one mile south of the tent today to meet Adjutant General John Chase in command of two troops of cavalry and a platoon of artillery as they approached. "You come to us in peace and we greet you as friends," was the greeting extended to General Chase by John R. Lawson, the leader of the procession. Many of the men carried picks and the women and children carried American flags. The formalities concluded, the entire company turned about and moved in the direction of Ludlow station to await the arrival of the infantry from Trinidad and Walsenburg. The infantry from Trinidad detrained at 11:30 o'clock and received a demonstration similar to that accorded General Chase. The soldiers marched between solid lines of strikers on either side of the road to the tent colony, where General Chase at once entered into a conference with John Lawson regarding the manner in which the arms are to be collected. Eleven rifles have been turned over to the troops at noon.

EXPRESS RATE ON STOCKS IS ON MARKET VALUE

WASHINGTON, Nov. 1.—In transportation of stocks, bonds and other securities, the Interstate Commerce commission today held a carrier is responsible in case of loss for the market value of the securities only and not the par value. The decision was in the case of some Portland Cement company against the American Express company, in which the express company charged \$17.50 for transporting securities from New York to Seattle and based its rate on par value. The commission held that the charge, based on market value, should have been \$18.50 and ordered reparation amounting to \$10.00.

Newspaper Advertisement Points Way to Health

I can truthfully say that Dr. Kilmer's Swamp-Root is a very good medicine, not alone for kidney trouble, but also for weak and sore back, as well as for rheumatism. About a year ago I became ill and unable to work, my trouble being a lame back. I read of your Swamp-Root in the newspaper and in an Almanac. Believing it would do me good, I went to my drugstore, Mr. Skinner, and purchased a bottle. Finding relief in one fifty-cent bottle, I purchased several more and in a short time was able to continue with my work and am today feeling well and strong. I always recommend Dr. Kilmer's Swamp-Root to my friends as I believe it is as good a medicine as can be found.

HUERTA SUPPORT IS CALLED ARTIFICIAL AND NONEXISTENT

(Continued from Page One.) ANNOUNCEMENT by the President of the newly planned policy of the United States in regard to Mexico. There was discussion today in official circles over the possibility that the president might send a message or make an address to congress giving a detailed report of what has occurred since his last informed congress on the Mexican side. There was no indication at the White House that such was the plan. Inasmuch as it has been said at the White House that no communication was intended to be addressed directly to the powers and since negotiations with the Huerta government formally have been broken off, one inference drawn in official circles was that the president might address himself to congress again, foreign governments being advised of his views simultaneously as part of the program.

Thomas Lapointe died in a hospital from injuries sustained when he was knocked down by a fire department wagon which was answering a false alarm some joker had set off. Twelve-year-old Deente Gerber received medical attention after she suffered a bad cut on the face when she fell while running from a gang of masked celebrants.

DANCE HALL IMMORAL PLACE

Des Moines Man Convicted on Testimony of Reporters.

CHIEF SAYS EVIDENCE SLIGHT

Surgons of Two States Witness Eighteen Major Operations in Methodist Hospital at Des Moines.

DES MOINES, Ia., Nov. 1.—(Special Telegram.)

Max Krumer, who conducts a public dance hall, was today found guilty in police court of conducting an immoral place. He will appeal to district court and fight the case. The chief of police had practically taken the side of Krumer, but declared he was pleased and if the police court would make other convictions on such slight evidence he would have no trouble cleaning up the city. The proof the dance hall was conducted in violation of city ordinances was secured from newspaper reporters who.

Four Police Women Detailed to Guard Mrs. Pankhurst

CHICAGO, Nov. 1.—Mrs. Emmeline Pankhurst, the militant suffragist, arrived here today. She will speak at a theater tomorrow and remain in Chicago several days for a rest. Mrs. Pankhurst was greeted at the station by Mrs. Grace Wheeler Tread, president of the Illinois Political Equality league, and by delegates from that and other suffrage organizations. The arrival of the English leader had the effect of pacifying misunderstandings that threatened to break out among the women's associations over the sale of seats for the Pankhurst lecture. Mrs. Pankhurst declared that the profits of her lectures were to be turned over

to the English suffrage cause, and were to provide funds for next year's campaign, which, she said, "will be a terrible one." She said that she could see no occasion for military in America.

Five of the newly created squad of police women were detailed to attend on Mrs. Pankhurst, this being the first special assignment of the police women. They were instructed to protect her from molestation or annoyance.

New Trials Refused Drivers Who Killed Men With Their Cars

CHICAGO, Nov. 1.—Judicial action, said to be of great importance as a precedent, was had here today by Judge Fenimore Cooper when he declined to grant a new trial to two men convicted of murders committed in the use of automobiles.

There have been convictions for manslaughter in similar circumstances, and this is the first instance in Illinois of conviction and sentence for murder.

The defendants, Frank Hrodak, and Lawrence Lindholm, were convicted in Judge Cooper's branch of the criminal court of Cook county, respectively, of killing Patrick J. Condon, a retired merchant, and Joseph Weiss, a cigar manufacturer.

In both cases testimony was adduced tending to show that both defendants had been drinking and were driving without the slightest regard to safety to pedestrians. Condon's body was dragged for a block before Hrodak stopped his machine. Both defendants were chauffeurs.
