OFFICIALS OF THE MONTHLY PUBLICATION OF THE UNIVERSITY OF OMAHA.

Beginning November 15, the students at the University of Omaha will put out the first number of the "Metropolitan," a school publication dealing with the school activities of the students. This booklet will be put out once a month at the beginning and later increased to twice a month as the conditions warrant. From the interest shown by the students connected with the publication its success is more than assured.

Only those best fitted for the work of putting out such a publication were selected. Mr. Oldham Paisley was chosen as editor-in-chief because of his ability and experience in such work. He was connected with the Omaha High School Register several years ago, and is also editor in chief of the "Yellow Sheet," a daily publication issued by the students of the University of Omaha. Its name (Yellow Sheet), is used because of the color of the paper on which it is written. For the managing editor of the Metropolitan, Clinton Halsey was selected. Mr. Halsey has had a great deal of experience in the managing of such papers, and the way he is taking hold of his new job gives greater assurance

that the publication will be a winner as long as he is connected with it. In addition to the business manager and the assistant business manager, there will be two associate editors on the staff. As associate editors are Effie Clelland and Finley Jenkins. The business manager and assistant business manager are Samuel Slotky and George McLafferty. The advertising for the publication will be in charge of Mr. Morrison, attending the University of Omaha School of Law. Mr. Morrison has had a great deal of experience in this line of work while attending the University of Nebraska. While attending that school several years ago he had charge of the advertising on the Daily Nebraskan.

TOPICS FOR A DAY OF REST

Rev. J. F. Young Becomes New Pastor at Westminster.

HOWELL TO GIVE AN ADDRESS

Water Board Head Will Speak Sunday Noon at First Congregational on Municipal Ownership Problems.

Rev. J. F. Young, new pastor of the Westminster Presbyterian church, will take charge of the pulpit Sunday morning. He will preach at both the morning and evening services. Rev. Mr. Young comes to Omaha from Carthage, Ill., where he held a pastorate for the last eight years.

The head of the Water board, R. B. Howell, will give an address before the business men of the First Congregational church at the noon hour Sunday. He will speak on "Municipal Ownership and Its Problems." This is one of a series of "problem" addresses which take up the

personal problems and temptations of men in various vocations.

"The Constitution and Powers of Man" will be the subject of a lecture to be given by Burd F. Miller before the Theological society, room 36, Baldrige-Wead building, Sunday evening. This lecture will be illustrated by colored stereoscopic views of the different subtlest bodies of man and also the thought forms which he creates.

Sunday evening will start a series of union Gospel services. Services will be held until next Sunday in Olivet Baptist church, West-eighth and Grand. The following week at Central Park Congregational, Forty-second and Saratoga, and November 10 to 23 at First Memorial Methodist Episcopal.

Catching Cold on the Street Car

Many people persist in riding on the street cars insufficiently protected by clothing. They start out perhaps in the heat of the day and do not feel the need of wraps. The rapid moving of the car cools the body suddenly. When they board the car perhaps they are slightly perspiring. When the body is in this condition it is easily chilled. This is especially true when a person is sitting.

Beginning a street car ride in the middle of the day and ending it in the evening almost invariably requires extra wraps, but people do not observe these precautions, hence they catch cold.

Colds are very frequent in the autumn on this account, and as the autumn advances they do not decrease. During the autumn months no one should think of riding on the car without being provided with a wrap.

A cold caught in the autumn is liable to last through the entire winter. Great caution should be observed at this season against exposure to cold. During the pleasant days of autumn the liability of catching cold is great.

No wonder so many people acquire muscular rheumatism and catarrhal diseases during this season. However, in spite of the greatest precautions, colds will be caught. Those who object to liquid medicines can now procure Peruna Tablets.

At the appearance of the first symptom, Peruna should be taken according to directions on the bottle, and continued until every symptom disappears. Do not put it off. Do not waste time by talking it over. Begin at once to take Peruna, and continue taking it until you are positive that the cold has entirely disappeared. This may save you a long and perhaps serious illness later on.

Cold Caused Deafness. Mr. Turner Sampson, R. F. D. 5, Manchester, N. H., writes: "I have been troubled with catarrh in my head by spells for a number of years. Last July I took a hard cold and was deaf in one ear. I got discouraged and thought it would never be any better."

"I was advised to try Peruna. I took one bottle and was cured. I would advise any one who is afflicted with Peruna a trial, believing that they will experience the relief that I have."

She Took Cold Easily. Mrs. C. E. Long writes from Box 98, Lindsay, Cal., as follows: "My little girl had a cough that had been troubling her for four months. She took cold easily, and would wheeze and have spells of coughing that would sometimes last for a half hour."

"Before she began taking your Peruna she suffered everything in the way of coughs, colds and croup, but now she is well and strong as she has ever been in her life."
