the request of the Omaha Woman's club. A letter giving this information was read from the Board of Education at the opening meeting of the Woman's club Mon day afternoon. It was the result of letter from Mrs. Frank Hoel several months ago to the club asking it to take steps toward protecting the children to and from school, from the reckless driving of automobiles. The club took the matter in hand and the result is that the Board of Education is now placing these signs near all public schools. The sign near the Farnam school will be a great protection to the children of that com munity.

or resort to snuff and vapors-they only irritate the delicate membranes.

Modern science proves catarrh a symptom of poor health. Treat the cause with SCOTT'S

EMULSION which contains pure cod liver oil to enrich the blood and energize the system, hypo-phosphites to nourish and upphosphites to nourish and up-build the nerves, and glycerine to sooth and heal.

Thousands testify that Scott's Emulsion overcame catarrh in a permanent, natural way and it will surely help you. Avaid the alcohalic 18-110

This is the day of the signler figure, and fat women are simply not tolerated either in business or social affairs. Women may not know it, but men when they see a fat woman pass them on the street or in public places make all manner of sym-pathetic remarks about her. They do not mean to be unlind or to seem un-manly, but it is natural for a man to dislike fat on a woman. Where fat shows the most there is where it must be removed, and as quickly as possible. This season's dresses seem to be made for the fat woman's misery, and the slen-der woman's delight. They expose all the charms of woman and her ugliness as well. Exercise and diet will not re-move fat. This has been proved. The famous Marmola prescription which has not with such phenomenal success and has no many of our society women as he sponsors, is now being sold in tab-let form to meet the demand of the public for this style of treatment. These little tablets go into your system just like food. They stop the stomach and df-restive apparatus from producing fat and reduce the fat upon the body at the rate of about 12 to 15 ounces a day. They are harmless and can be carried in your puiged in a hearty meel away from home. They are sold at all drug stores at 75 ents a case, or if you prefer you may write the Marmola Company, Farmer Bidg., Detroit, Mich. fat women are simply not tolerated either
