There's Big Money in Stock Raising. On the "Nelson Morris Ranch." For years this has been the most noted ranch in the world. It is a large cattle country of west Texas. We are now selling it in stock farming tracts. A proven stock country for 25 years. Pure water, pure climate, no use for barns, pure water, nineteen highly nutritive grasses for stock raising. A night's journey of Fort Worth, a big cattle market. Dry farming has been successful for 25 years in raising grain for "finishing" the stock. With irrigation with water pumped from wells, these grain crops have been doubled, tripled and quadrupled, providing wonderful possibilities for big money-making for many years. A comparatively small tract with the least labor and expense. Stock raising is the big farming opportunity today. The market is undrained and will be for years.

We have some facts and figures that will interest the experienced stock farmer and the ambitious city man who is willing to learn stock farming. 200 Andrus Bldg., Minneapolis, Minn.

VALUABLE RANGE LAND SUFFERS BY PRAIRIE FIRE. VALENTINE, Neb., Nov. 4.—(Special Telegram).—The prairie fire which swept a large tract of range yesterday afternoon, starting about seven or eight miles north of Valentine, swept in a southeasterly direction, burning across a part of the Nebraska reservation and into the settlements about eight miles east of here. It destroyed the barns of ranchers J. Groom and Stoner as well as burning a great deal of hay. It is impossible at present to get the exact loss, but it was considerable, as the fire swept over valuable range until it was put out.

GRAIN AND PRODUCE MARKET

Items Favorable to Long Side of the Market Overbalanced. WHEAT BUYING POWER WEAK. Cereal Goes Somewhat Lower While Oats and Corn Close with About the Same Reduction in Price.

OMAHA, Nov. 4. 1913. The items favorable to the long side of wheat were overbalanced by the increased offerings of corn and oats yesterday, and the decline in those cereals caused the weakness in wheat. One of the leading exporting concerns in the spring wheat country reported an extraordinary foreign demand for wheat and expressed the opinion that the Duluth market will probably share some of the export business now passing before the eyes of navigation; that the wheat situation there is healthy, although the export crop is not yet started. The same message reported 10,000 bushels Duluth No. 1 northern wheat to come to Chicago. The India wheat crop is now about 100,000,000 bushels, and the drought in Argentina is likely to cut more or less of a figure in the next few weeks, if it is completely broken by heavy rainfall.

The buying power in wheat was of a weak description yesterday, as the professional buyers were evenly up their position on an advancing market, and they were fed the grain as wanted by domestic buyers. Cash wheat was 10c lower. Corn and oats had about an even decline yesterday. There was some strength in corn, but it was not enough to offset the weakness in wheat. The market for oats followed in their footsteps. There were sales in Chicago of 100,000 bushels of oats, and 50,000 bushels of corn. There are now in the view of the market a number of oats and in Chicago elevators, 1,000,000 bushels. These figures compare with 1,000,000 bushels and 1,000,000 bushels respectively one year ago. It is estimated that there are now in the view of the market 1,000,000 bushels of oats and 1,000,000 bushels of corn. Cash corn was 10c lower. Cash oats were 10c lower. Flour, 72.00 bu., none. Wheat, 10c lower. Live stock, 10c lower. Primary corn receipts were 1,518,000 bu. and shipments, 74,000 bu. Primary corn receipts were 1,000,000 bu. and shipments, 67,000 bu. Primary corn receipts were 1,000,000 bu. and shipments, 67,000 bu. Primary corn receipts were 1,000,000 bu. and shipments, 67,000 bu.
