CURRENCY BILL IS AMENDED "ULTIMATUM" SENT

Hitchcock and Reed Vote with Republicans for Changes.

PUBLIC IS TO OWN STOCK Regional Banks Will Be Capitalised by Public and Controlled by the Government - Banks to

Take Up Any Balance.

WASHINGTON, Nov. 6.- The stock of the regional banks of the new currency system will be owned by the public and regional banks will be controlled by the government. The senate banking committee today incorporated that feature in the administration currency bill by a

ote of seven to five. Senators Reed and Hitchcock, democrats, joined the five republicans voting for the resolution over the protests of Senators Owen, Pomerene, Shafroth, follis and O'Gorman, the remaining demerats. Jointly framed by Senators Reed Hitchcock and Weeks, the resolution was regarded by some as the basis of a compromise between the White House and the senators in control on the committee.

Stock Provision Changed. The provision in the house bill to compel national banks to subscribe 10 per cent of their capital to the new system under penalty of losing their charters will be eliminated. If, after sixty days, the public had not subscribed all the capital, the banks entering the system would be required to take up the remaining stock. That was one of the proposals of the Vanderlip plan.

Control of the regional banks was settled by a compromise resolution offered by Senator Weeks, providing that each regional bank have nine directors, five to be selected by the government federal reserve board and four by the banks. Under the house bill six of the nine would be chosen by the banks.

The action today is thought to have cleared the way for an agreement in the committee and may hasten progress of President Wilson has been conducting

informal conferences with democratic City at 10 o'clock last night. senators over the currency situation and many are urging a party conference, not necessarily in the sense of a caucus, but administration wants it shaped. Time to Act, Says Schiff,

NEW YORK, Nov. 6 .- Jacob H. Schiff, of Commerce today that the financial sand. conditions of this country must be adsituation would result.

"If the currency measure is not propgoal which is now in sight," he said, "we rebels after skirmishing yesterday made a will confront very different conditions, nght attack, which was repulsed, and Partisanship at this time is out of place. What we need is good citizenship.

"I think a great mistake is being made, taining the attitude that if we can't get what we want in currency legislation, we would rather have no change. The pending bill has so much good in it that to say it is all bad is not statesmanship. but partisanship."

Mr. Schiff's speech was an impromptu one, made after A. Barton Hepburn, president of the Chase National bank, had proposed that a special committee be appointed to go to Washington to bring its influence to bear on the currency legistation situation.

Concern at White House. President Wilson discussed the curency situation at length today with Senator Simmons, who led the tariff fight in the senate.

"I don't think any caucus will be neces sury." said Senator Simmons afterward "At least, I hope none will be, but, a course, democrats cannot be expected to support a bill coming from a committee in which the majority of the democrats adopted. It must be a democratic bill." Signs of concern at the White House over the failure of the senate banking the radical changes in the house bill that

TO HUERTA NOT LAST WORD NEGSSSARILY

(Continued from Page One.)

Although press dispatches have indicated General Huerta would refuse to retire, it was said nothing along this line of a definite character had been officially received. The president, in discussing the situation, spoke of the loyal attitude of Charge O'Shaughnessy.

Alternative measures that the United States might take in event of a rejection by President Huerta of the American demands were discussed today in official circles. Attention centered on the proposal to remove the embargo on arms. The president indicated nothing new had been determined upon in this connection. In his recent address to congress he took a strong position against giving arms to any factions.

Think Embargo Should Be Lifted. Members of congress and, especially many of the senate foreign relations ommittee, think the embargo should be lifted and that the constitutionalists would then be able by force of arms to oust General Huerta. The opinion is being strongly urged by President Wilson business. The thleves escaped. and Secretary Bryan, but there is no outward indication that they have changed their attitude.

At the White House it was stated no envoys had been sent to the border for the government to discuss the situation with General Carranza. Dr. Henry Allen Tupper, according to Secretary Bryan, is not representing Carranza in negotiations with the United States, but is giving his own interpretations of the situation. Constitutionalist representatives continued to deny knowledge of alleged parleys between General Carranza and representatives of the progressive gov-

Women Overrule Point of Order that is Made by Mere Man

PEORIA, III., Nov. 6 .- A wordy clash between Mrs. Grace Wilbur Trout, presiciation, and S. F. Stewart, a male delegate from Evanston, made things lively a moment after the forty-fifth annual convention of the association was called to order this morning. The trouble came when Mr. Stewart moved the naming of a committee on credentials. Mrs. Trout informed him the committee had aiready been appointed and was at work. He appealed from a decision of the chair, ruling him out of order, but Mrs. Trout was sustained.

Aside from this incident, all was harmonious. The women more by far than Despite the apparent friendliness prevail ing, there was a continual repetition of such phrases as "The objecting faction"

Socialists Claim to Be Fourth Party

NEW YORK, Nov. 6.-The official count of the vote for chief judge of the court of appeals is awaited to show whether the socialist party or the Independence league is entitled to rank as the fourth party in New York state and therefore to nominate candidates at the next election without petition. Socialist leaders asserted today they had retained their relative position-after the republicans democrats and progressives.

The official party strength in the state this year is determined by the vote for chief judge, the head of the ticket. In this city the socialist vote increased nearly 300 per cent over that cast at the last municipal election, but fell a few
