Markets on Grain Are Short and the Bulls Initiate Buying.

CORN BEARS ARE QUITE ACTIVE Busy Distributing News Favorable to Their Cause—Yellow Cereal Makes Gains at Close of Day's Husinesss.

OMARA. Nov. 7, 1913.

Every grain on the Board of Trade was in a position where a few sharp iwists from the buils caused general buying. The markets were all short and the smaller professionals were in need of grain. When shorts attempted to even up their position the offerings tightened up and they were forced to bid up. The undercurrent was strongs in all the pits. There was a disposition on the part of the longs in wheat to seque, profiles, and the selling from the highest levels. The recessions from the highest levels, The recessions from the highest levels. The recessions from the highest levels, The recessions from the highest levels. The recessions from the highest levels, The recessions from the highest levels. The recessions from the highest levels. The recessions from the highest levels, The recessions from the highest levels, The recessions from the highest levels. The recessions from the highest levels, The recessions from the highest levels. While the news from the wheat fields of India was only a repetition of that which has been received for several days past, it was guiped down and acted upon as the principal bull help. A special cable from Broonhall told of the bad conditions in India and under ordinary conditions this would have been offset by the tunproved crop outlook in Arsentina, where they have had good rains during the last few days.

The wheat market stood up under con-

few days.

The wheat market stood up under considerable adverse news. The publication by the Daily Trade Bulletin of an increase in the winter wheat acreage of 11.2 per cent over last year, which would make the area seeded the largest on record, received a good deal of attention and was doubtless a hindrance to a further upturn.

and was doubtiess a hindrance to a further upturn.

The fact that Argentine shipments for the week are estimated at 400,000 bushels, nearly doubte the shipments of the previous week, was looked upon as a reflection of the Improved conditions survivinding the plant in that country. Kansas City and St. Louis are said to have no outlet for their wheat at the present, and practically with the hard winter variety and the receipts at those points jointly yesterday was 480,000 bushels, compared with 225,000 for the corresponding day inst year.

Liverpool closed with wheat %6%d higher and corn %6%d higher.

Primary wheat receipts were 1,764,000 bu. and shipments of 871,000 mu. against receipts of 2,163,000 bu. and shipments of 1,000,000 bu. as year.

Primary corn receipts were 230,000 bu. and shipments of 264,000 bu. against receipts of 431,000 bu. and shipments of 124,000 bu. last year.

Primary wheat receipts were 727,000 bu. and shipments of 670,000 bu. against general whole years of 1,000,000 bu. and shipments of 200,000 bu. last year.

and practically with the hard winter variety and the receipts at those points pointly yesterday was 180,000 bushels. Cash wheat was unchanged to 4c higher.

Cash wheat was unchanged to 4c higher.

The literary bureau of the corn bears was active in distributing items favorable to their cause yesterday. A great deal of talk was indulged in over the increased offerings of Argentine corn. but in spite of this there were net gains of 4c to 8c for the day.

Cash corn was 3c to 9c higher.

Outs showed gains of 8c yesterday, aurprising many in the trade, who believed prices would sell much lower.

Cash oats were unchanged to 4c higher.

Clearances: Wheat and finut squal to 82,000 bushels, no corn and oats, 5,000 bushels.

Liverpool closed with wheat 5604d higher and corn \$274d higher and corn \$274d higher. Primary wheat receipts were 1,764,000 bushels.

Liverpool closed with wheat \$604d higher and corn \$274d higher. Primary wheat receipts were 1,764,000 bushels.

DOTATOES Unchanged: receipts, 50 higher receipts, 50 higher.

Primary wheat receipts were 1,764,000 bushels.

DOTATOES Unchanged: receipts, 50 higher receipts, 50 higher receipts, 150 higher receipts,

A Few Favorable Developments and Prices Go Up.

MOVEMENT IS IRREGULAR

Gains of Leaders Offset by Losses Among Less Active Issues, but the General Trend is Upward.

NEW YORK, Nov. 7.—The stock market has been contending with a succession of depressing influences for so long that speculators were grateful today for a few mildly favorable developments and pusces were marked up. The movement was tregular and gains of the leaders were offset by losses among less active stocks, but the general trend was upward.

ward:
The rise in American stocks in London started the upward swing here. There was a considerable demand from abroad, and buying for London accounts was estimated at 20,000 shares.

and buying for London accounts was estimated at 2,000 shares.

Cosper stocks were influenced by the monthly report of the producers which, while showing an increase of 2.778.00 poinds in stocks, on hand, was rated as unexpectedly good. A much larger accumulation of the metal had ben looked for. The report was made the basis of some buillish activity in Amalgamated.

Another favorable feature was the improved outlook for the money market, cash movements of the week indicated that the banks would make a good showing in tomorrow's statement. Foreign exchange rates were easier and it was expected that more gold would be taken from Europe before long.

Speculation was concentrated largely on steel amalgamated, Reading and Union Pacific, all of which were strong. Rubber common and first preferred fell to points each, being weakened by the offering of \$9,442,000 new first preferred stock. Can was under pressure from the bears, who revived the report that the company would be prosecuted by the government. On the curb there was another brisk advance in the Standard Oil group.

Bonds were irregular, early heaviness.

LOGAN—A pretty wedding took place at the home of Mrs. Clar Towsend when her daughter, Mildred H., was united in marriage to DeWitt C. Alimon of Missouri Valley in the presence of immediate friends and relatives of the bride and groom, Rev. M. M. Cable of the Methodist church officiating.

CLEAR LAKE—James McLaughtin, an old and highly respected resident of this city, died at Sloux City this morning, where he had gone to visit relatives. The body arrived today and will be buried here. Henry McGowan, also an old resident and for many years connected with the Campmeeting association, was buried here yesterday.

GLEONWOOD—The funeral of Charles W.

was buried here yesterday.

GLENWOOD—The funeral of Charles R.
Stewart of Curtis, Nets. was held in
Glenwood at the residence of the wife's
parents, Mr. and Mrs. B. K. Windham,
yesterday. Fraternal friends from the
University of Omaha were in attendance
and the active palibearers were Glenwood
musicians, assisted by Dr. W. A. Rush
of Malvern, a classmate of Dr. Stewart.
FORT DODGE. The Duncombe school of Malvern, a classmate of Dr. Stewart.
FORT DODGE-The Duncombe school, which is acknowledged to have no superior in arrangement or equipment in the United States, was opened to the public Wednesday. The structure cost \$50,000, has modern lighting, ventilation and all conveniences, a teachers' rest room, an auditorium and shower baths. The school is planned with every convenience for civic center work, and adjoining it is the new Fort Dodge school athletic field.

athletic field.

DENISON-Crawford county is called upon to defend suits amounting to \$43,000 on account of an automobile accident which took place south of Vall some two months ago. A party of young folks going to a dance fell where a bridge was being rebuilt. C. M. Dugan of Vall, as administrator of his son's estate, claims \$3,000 on account of the lad's death. As father he asks \$4,000 for lons of services and funeral expenses. The parents of the other young folks ask varying amounts. amounts.

amounts.

MASON CITY—Charles Grippen, son of Mr. and Mrs. D. W. Grippen, is in a critical condition as the result of being struck by an automobile as the little fellow was playing in the street. It appears the man who was driving the autonever stopped after he hit the boy. The little fellow was two blocks from home and managed to get to the house, but having to stop several times to lie down. Arriving he did not at first tell what had bappened, but getting in a serious condition he told how he was hurt. The price officers are looking for the driver

condition he told how he was hurt. The price officers are looking for the driver of the machine.

GLENWOOD — According to the estimate of Deputy Game Warden T. L. Hall of Glenwood, twenty tona of fish were allowed to die when Lake Waughbonsey, ten miles south of Glenwood, in Mills and Fremont county, went dry. Millions of crows are cleaning up the dead fish. A ditch to the Missouri river would have saved this immense amount of edible and immature fish. Besides the 1500 taken out by Dr. Donelan and Mr. Hall for Glenwood park lake, and the small amount used by people who were not afraid of such food from semi-ataguant water, all were lost.

DUN'S REVIEW OF TRADE

Irregularities One of Chief Characteristics of Situation.

morrow will say;
. Trade reports are of a twofold character. On the one hand, distributive trade continues to expand, holiday business is growing and the tendency is to increase estimates of yields of octton and corn, but against these factors must be cited the further slowing down of wholesale trade and increased quietude in iron and steel.

trade and increased quietude in iron and steel.

Some lines that might be active wait for tariff readjustments, an example being furnished by worsted mills, which deem it good policy to hold back for free wool. However, it is patent the daily wants of a large population are sufficient to keep things moving along at a satisfactory rate, and even in sections where there is a tendency to pessimism it is conceded business is equal to that of last year, when activity reigned.

Business failures for the week were set, which compares with 359 in 1922.

Wheat, including flour, exports for the week aggregate 7.37,576 bushels, against 4.008,726 bushels last year.
