BOARD MEMBERS ARE BACK

Railway Commissioners Say Meeting in East Successful.

WARDEN'S FATHER IS DEAD

Expires at Advanced Age of Eighty Years at His Home in Dawson—Another Call for Warrants.

(From a Staff Correspondent.)

LINCOLN, Nov. 7.—(Special).—Railway Commissioners Hall and Taylor returned from Washington this morning where they had been attending the session of the Interstate Commerce commission for the last week.

They said that there was very little to report outside of what had been covered in the press dispatches, but that the session had been of inestimable value to those who were in attendance. In the minds of those who had been attending the sessions for years the meeting was the most largely attended and more good things brought out than in any previous sessions.

The main feature of the session was a discussion of values and methods to be used in securing them, while capitalization of railways was also one of the important questions discussed.

The commissioners found their desks piled high with work and will be busy individuals for some time to come, as like ordinary people, work accumulates in their absence and they have to make up for loss of time.

**Express Company Pays.**  
The Adams Express company has paid its occupation tax under the Smith law passed at the last session of the legislature and the exchequer of the state was made richer this morning by a check of \$3,518.28.

**More Applications Filled.**  
Another state bank may be instituted at Sutton. If the State Banking board considers favorably the application of Wallace & Co. of Exeter and others for the formation of the City State Bank of Sutton, with a capital of \$25,000. This is the third bank to make application to the board to take the place of the First National bank of that place, which is now in the hands of a receiver.

State Treasurer George has made a call under date of November 6, for all registered warrants outstanding up to number 294,772, in the amount of \$66,000.

Governor Morehead received a message this afternoon from Warden Fenton, who was called to Dawson by the illness of his father, that he died this morning. Mr. Fenton was over 80 years of age.

F. A. Anderson of Holdrege has been elected captain of Company M of the Fifth regiment, stationed at the Phelps county capital. The election was held this week.

Game Warden Gust Rutenbeck and Fish Commissioner O'Brien were in Dakota county this week and stocked Crystal lake with about 6,000 or 8,000 carp, bass and perch. They also set the small ponds and streams which have become low and endangered the lives of the fish, and placed them in the lake. This is necessary every year after high water, or there would be a large number of fish which would not survive the winter.

# Gentlemen, Step Right Into this Greatest Apparel Store for Men in All the West

The Store of Best Values, Greatest Stocks and Unrivalled Service

Our claims of *best values* at *every price* are supported and proven true by the most extensive exhibit of really remarkable Suits and Overcoats ever assembled under any one roof, and all are priced at a less figure than is asked for commonplace clothes in other stores.

**A NEW VALUE RECORD is ESTABLISHED BY OUR OFFERINGS IN SUITS AND OVERCOATS at \$15-\$18-\$20-\$25**

In these days of unscrupulous merchandising, it pays the man who is buying *Clothes*, not *Bargains*, to patronize a store whose value giving ability is not of a spasmodic nature, but one who day after day offers values that know no competition. In Omaha, this is the one clothing store adhering strictly to such principles; that's why knowing men wear KING-PECK Quality Clothes.

**FINEST HAND TAILORED SUITS AND OVERCOATS IN AMERICA, AT . . . \$30-\$35 up to \$50**

A glimpse at these superior clothes will convince you that our method of having our garments specially designed and tailored has certainly placed a rival in the field of the exclusive merchant tailor—fitting men of every proportion is a part of our unique service.

**PETER PENNER, BEATRICE PIONEER, DIES SUDDENLY**

BEATRICE, Neb., Nov. 7.—(Special).—Peter Penner, sr., who celebrated his ninetieth birthday on October 23, died rather suddenly at his home in this city Thursday afternoon.

The deceased was a native of Prussia and had been a resident of this city for about thirty years. Up to the time he was taken ill a few days ago his mind was clear and he took an active interest in affairs in Beatrice. Only a few weeks ago he took his first ride in an automobile. He is survived by two sons, Peter, Jr., and Herman Penner, both of this city.

Funeral services will be held Sunday afternoon at 4 o'clock from the Menonite church, four miles west of Beatrice.

**BOARD MEMBERS FORGET DATE OF THEIR SESSION**

(From a Staff Correspondent.)

LINCOLN, Nov. 7.—(Special).—C. M. Philbeck of Fullerton and those interested in an application made by him for water rights on the Cedar river at Belgrade, with those opposed to the application appeared at the office of the State Board of Irrigation this morning, being the day set by the board for the hearing on the application, but found that two members of the board, Governor Morehead and Land Commissioner Beckman, had forgotten about the hearing and had left the city, and Attorney General Martin was the only member of the board, except the secretary, D. D. Price, who was on hand.

Clarke Grabs a Vet.—Harry Gaspar, who hurried for the Reds for a number of years, has signed to

pitch for Sioux City in the Western League next year.

**Burt Yield of Corn Large.**

TEKAMAH, Neb., Nov. 7.—(Special).—Farmers are well pleased at the way their corn yields are showing up. Burt's common run in yielding from forty to fifty bushels per acre, and there are many fields that are husking out sixty bushels. The best yield so far is that on the Conkling land, just south of Te-

kamah, where the yield on a part of the big patch has been over eighty-five bushels per acre. The corn is all of an excellent quality.

**Notes from Wymore.**

WYMORE, Neb., Nov. 7.—(Special).—At a meeting of the city council Wednesday night it was decided that Mayor Heuling should call a mass meeting of citizens at an early date, at which it will be decided whether the city's electric plant will be

run on a twelve or twenty-four hour basis. There had been some talk of shutting the plant down altogether and lighting the streets and pumping the city water with current from the Electric Service company. The city plant has been in operation about six weeks.

The council passed an ordinance limiting the speed of motor vehicles to twelve miles an hour on streets and eight miles an hour at intersections in the city.

City Attorney Crawford filed a complaint against Tom Hurst, who operates

a pool hall, claiming the place is run contrary to ordinance and asking that the license be revoked. The hearing will be held Monday.

The city recently decided to sell water only through meters and ordered all consumers to have meters installed by November 1. That date came, and those who had not installed meters were shut off, with the result that most of the business section of town and the greater portion of the residence district is dry. There is a great rush to install meters.
