500 ACRES in large and small tracts or Pittsburg county, coal hearing, farming, fruit and pasture land, in prospective oil and gas belt; \$10 an acro. For particulars write John E. Cavanagh, McAlester, Okl.

## GRAIN AND PRODUCE MARKET

Shorts in December Wheat Show

CORN SUFFERS SOME DECLINES

Increased Offerings from Comsion Houses Representing Longs Have a Lowering Effect on Yellow Cereal Market.

OMAHA, Nov. 12, 1913.

The features in the Chicago wheat market yesterday was the removing of apreads between Chrcago and the northwest, as well as the southwest. This was principally in the December future and the buying was mainly in Chicago, while the selling was gisewhere. Generally speaking the shorts in December wheat showed considerable uneasiness and they are likely to bid prices still higher before that month rolls around. The more deferred futures in Chicago were a shade higher. The May future was taken by some of the stronger room traders and these people were talking quite bullish. It was conflicting, which caused many to use caution in making new commitments.

Pentures of the Trading and Closing Considerable Uneasiness.

Prices on Beard of Trade.

CHICAGO, Nov. 12.—Heavy rains in drouth-afflicted parts of Argentina today lowered the price of wheat. The closing tone of the market, however, was firm at %0 to %0 net decline. Corn and oats both finished a shade off to %0 up. In provisions the outcome varied from last night's level to 12% advance.

Wheat speculators, who had been the most active buyers yesterday, put liberal offerings today on a sagging market. Cordova, Buenos Ayres and the Pampas all sent word that the drouth which imperilled the Argentine crop was broken. Liquidating sales, however, were checked by resting commission orders before any serious flurry developed.

Rallying power showed itself best in wheat after Winnipeg sent word of a reduced estimate on the size of the Canadian crop and gave figures to indicate the huge amount already moved. It was said more than 70 per cent was off the farms in the horthwest. There were also late cable dispatches asserting that the Argentine rains were insufficient.

Corn made a good recovery, owing chiefly to profit-taking by shorts. The market suffered a break early as a result of fine weather and weak cables. Subsequent firminess was helped by signs that shipping call for old corn had considerably improved. A few big traders gathered in all the oats that scattered longs let go of. The investigators ignored liberal stocks in Chicago and elsewhere, as well as the chances of big imports from Canads.

Buying on the part of a leading packer, who was said to have been operating on the short side of the market, tended to cause an indure in provisions. Serious

who was said to have been operating on the short side of the market, tended to cause an upturn in provisions. Serious prevalence of hog cholera throughout the best corn producing states attracted lubest corn producing states creased attention. Futures closed as follows:

## NEW YORK STOCK MARKET

Improvement in Speculative Sentiment Reflected in General Rise.

LESS WORRY AS TO MEXICO Trading Most Active in First Part of Bay, but Grows Dull After

Immediate Requirements

of Shorts Met.

NEW YORK, Nov. 12.—Improvement in speculative sentiment, both at home and abroad, was reflected today in a general rise in stocks. It was difficult to trace a direct connection between the change in sentiment and the day's news, which presented no essentially fresh aspect. There was a general impression that the outlook for peaceful solution of the Mexican problem was brighter. Mexican securities moved up sharply in London and there was a substantial rise here in National railways of Mexico second preferred.

An important influence was the conviction that a substantial raily was due, after the protracted period of weakness through which the market has passed. The weakness of the present position however, lies in the fact that the reduction in prices has failed to inspire any considerable amounts of outside buying. Today's upturn apparently was based almost entirely on professional operations.

The better feeling abroad was of direct

rations.

The better feeling abroad was of direct influence on this market on account of liberal huying for foreign account. Berlin took Canadian Pacific and Paris the coppers. Londons purchases were widely distributed, being estimated at 20,000

distributed, being estimated at 30,000 shares.

Trading was most active in the first part of the day and it became duil after the immediate requirements of the shorts had been met. The market thereafter maintained its firm tone well, in apite of a few weak spots. Mexican Petroleum liroke nearly 5 points on the report that the quarterly dividend has been passed. New Haven touched a new low record at 77, but railied latter.

Business in bonds was small and price movements were uncertain. Total sales, par value, \$1,880,000.

United States bonds were unchanged on call.

Coffee Market.

NEW YORK, Nov! 12—COFFEE—The coffee market was higher today on covering and buying for a recarction. Rallies in European markets and higher cost and freight offers from Brazil helped the advance. After opening firm at a gain of 15 to 25, the market sold 31 to 34 net higher. Realizing and bear presure caused reactions later with the close barely itseady at a net advance of 18 to 25. Sales, 142,000 bags.

cago, the market on that kind of cattle was strong.

Cows and heifers did not show much change, grassers and canners especially being fully steady. In some cases salesmen did not think fed stuff did quite as well as yesterday.

Stockers and feeders of all kinds were very slow sellers and prices were a little lower again than yesterday. A good many stock calves have been shipped to this roles from other markets and in

Domestic embroideries sold well for spring. On underwear lines opened for fall 1914, adcances of 25 cents per dox were announced.

Kaneas City Live Stock Market.

se go me so so list to the collection of state and sellers have do business on, it being difficult to know what the packers proposed to do.

While the supply was a little under the same day one and two weeks ago it was about the same as a year ago. Quite a sprinkling of fed western and native offerings showed up and the proportion of stuff from the range continued to show a decrease which is to be expected at this time of the year. Among the first transactions was a small bunch of fed native lambs that sold up to \$5.10 and some fed mative ewes brought \$4.90. The bulk of the native lambs that sold up to \$5.10 and some fed mative ewes brought \$4.90. The bulk of the native lambs that sold up to \$5.10 and some fed mative ewes brought \$4.90. The bulk of the native lambs that sold up to \$5.10 and some fed mative ewes brought \$4.90. The bulk of the native lambs that sold up to \$5.10 and some fed mative ewes brought \$4.90. The bulk of the native lambs that sold up to \$5.10 and some fed mative ewes brought \$4.90. The bulk of the native lambs that sold up to \$5.10 and some fed mative ewes brought \$4.90. The bulk of the native lambs went around \$7.55 and what few western grades were here moved largely at \$6.70 and some fed mative ewes brought \$4.90. The bulk of the native lambs went around \$7.55 and what few western grades were here moved largely at \$6.70 and some fed mative ewes brought \$6.00 and some fed mative ewes fed supply of work on the best grades of feeding sheep and lambs, being still socare, \$6.00 and \$6.00 and \$6.00 and \$6.00 an
