

IN NEED OF THOUSAND MEN

Wyoming Coal Mines Offering \$4 a Day for Laborers.

FEW WANT THAT KIND OF WORK

Large Number of Men Are Known to Be Idle, but Are Not Fascinated by Underground Employment.

While there are a fairly large number of idle men about the city, there is a growing suspicion that among them there are some who are not anxious to work. The Union Pacific is seeking to employ 1,000 men to work in the company coal mines at Hanna, Rock Springs and Spring Valley, but is not meeting with crowding success, notwithstanding that the wages are around \$4 per day, free transportation and an all-winter job.

Since the labor difficulties in Colorado there has been an abnormally heavy demand upon the Union Pacific for its coal. The mines have been working all the men who could be secured in the town and country in the vicinity of the mines and now, with the demand for coal constantly increasing the operators are forced to seek men living farther away.

Tom Schumacker Is to Be Here Today

Thomas M. Schumacker, newly elected head of the Rock Island system, was in Des Moines yesterday and advises that he will be in Omaha today, being accompanied by President Mudge. Just what time during the day the Rock Island men will visit the city is unknown. They are traveling on a special train and are out for business, and not for pleasure.

IMPERSONATOR OF AN OFFICER HEAVILY FINED

Lee Trumbull, 1812 Chicago street, was arrested by Officers Penzowski and Holden Wednesday evening for impersonating an officer. It seems that Trumbull has been in the habit of obtaining money from women of the underworld by declaring that he would arrest them if they did not "grease" his palm.

DIRECTORS FOR OMAHA GRAIN EXCHANGE ELECTED

Directors for the Omaha Grain exchange were elected, Wednesday at a meeting of members. The new members for the ensuing year will be W. H. Hynes, who succeeds himself; Ed P. Smith, attorney for the exchange; J. B. Swearingin, United Grain company.

TO CELEBRATE OPENING OF VIADUCT SUNDAY

City commissioners have been invited by residents of the southwest section of the city to attend a public "manifestation" Sunday, at which the completion of the Hancock viaduct will be celebrated.

EGZEMA ON SCALP ITCHED AND BURNED

Would Fester and Come to Head. Could Not Sleep. Hair Fell Out. Cuticura Soap and Ointment Cured in Two Weeks.

R. F. D. No. 2, Seymour, Mo.—"My scalp broke out with fine pimples at the start. They itched and burned so much that I was compelled to scratch them and they would fester and come to a head and break out again. The trouble was attended by such burning and itching I could not sleep, also when I awoke I burned the same. My hair fell out gradually and the scalp kept rough and dry with itching and burning. After about two years the pimples broke out between my shoulders. My clothing irritated them. I was troubled with that eczema five or six years.

"I tried everything that was recommended without any benefit until I used the Cuticura Soap and Ointment according to directions, and Cuticura Soap and Ointment cured me sound and well in two weeks."

(Signed) S. L. Killian, Nov. 22, 1912. For pimples and blackheads the following is a most effective and economical treatment. Gently smear the affected parts with Cuticura Ointment, on the end of the finger, but do not rub. Wash off the Cuticura Ointment in five minutes with Cuticura Soap and hot water and continue bathing for some minutes. This treatment is best on rising and retiring. At other times use Cuticura Soap freely for the toilet and bath, to assist in preventing inflammation, irritation and clogging of the pores. Sold everywhere. Liberal sample of each mailed free, with 22-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

Bitten by Dog Riding Trolley; Given \$3,500

ST. LOUIS, Mo., Nov. 13.—A jury in the circuit court here today awarded Albert J. Good \$3,500 damages against the United Railways, the local traction company, because he was bitten by a dog while riding on a street car. The dog was picked up on the street by a policeman, who was permitted by the street car conductor to board the car with the animal. When Good boarded the car, a little later the dog bit him on the leg. The city bacteriologist examined the dog and notified Good that the animal had rabies. The street car company offered no defense.

HELD FOR ILLINOIS MURDER

John Weber Will Be Given Over to the Authorities.

UNDER ARREST AT GRINWELL

Settlement Outside of Court Proposed by Bluffs Lawyer in the Big Tax Suit Pending in the Des Moines.

(From a Staff Correspondent.)

DES MOINES, Ia., Nov. 13.—(Special Telegram.)—John Weber, arrested two weeks ago at Grinnell by railroad detectives for breaking into box cars, is being held at the police station charged with the murder of Police Chief Strubel of Clinton, Ill. The murder occurred three years ago, Strubel surprised Weber in the act of robbing an ice car and Weber shot him dead.

Predicts Tax Settlement.

Attorney George S. Wright of Council Bluffs is quoted here today as predicting the settlement out of court of the suit brought on behalf of Polk county to recover several million dollars back taxes from the Rock Island railroad. No steps have been taken to bring the case to trial in court.

Wright as attorney in the case said he expected to be able to convince the new owners of the Rock Island that a compromise was best for them.

Strike Cases Are Submitted.

In the supreme court yesterday, the cases of four persons convicted of assault in connection with the teamsters' strike in Des Moines two years ago were submitted. Attorneys for the defendants had sought continuances from time to time and the court today ordered them submitted on the short transcript. The men are M. B. Hampton, Orville Devaney, William Gaston and E. K. Wilkins. They were strikers who assaulted persons who took their places on the wagons.

Re-Examines Military Companies.

The adjutant general today ordered a reinspection of military companies at Carroll, Charles City and Ames. This is supposed to be with a view to bringing the companies up to the high standard of the War department so that in case of the ordering out of the guard for service all the companies could be immediately placed at the disposal of the authorities at Washington. The hand at Des Moines was also ordered reinspected.

As to Registration of Automobiles.

Secretary of State Allen will register automobiles at the half rate, provided by law, where a car has been brought by its owner from another state where it was registered and into Iowa after the date for the reduced registration, each year also, which was not and no longer mission four seasons ago, even though for a season or two it was not registered and not used. This is in accord with the decision of the attorney general.

Will Let the Court Decide Now.

The filing of a reply in the suit of the Iowa League of Municipalities against the state executive council brings before the court the full responsibility for saying now what shall be done as to increase of real estate assessments for 1914. The state made its return and as expected, the league raised an issue as to whether or not the council had really complied with the law. The state return indicated the reason for not making the assessment at full actual value, the principal reason being that to do so would have violated the plain mandate of the law, which is equality of taxation, but the situation another year will be different, for the legislature has since passed a strong law giving the council authority to proceed to compel the assessors to make a proper assessment, something never in the law until this year. It is expected by state officials that this will result in an order of the local district court to have the assessors comply with the law as to all assessments of property at full value.

Delay in Official Reports.

Lawyers are complaining that the printing of the official Iowa reports of the supreme court decisions is delayed unreasonably. The contract is in the hands of a firm in Chicago, which has the printing done in Cincinnati. The Dayton flood last spring put the paper house out of commission for a time and delayed getting the paper. But it is stated now that there has been far too long delay in getting out the reports on which the copy was furnished nearly two years ago. Copy has been forwarded by the court reporter for five volumes of the reports, which have not as yet come into the hands of the lawyers.

Supreme Court in Session.

The town of Kelley, Story county, will get back some school taxes collected in the independent school district in which the town is located, but which years ago was turned over by the county treasurer by mistake to the school district of Washington township. The supreme court today reversed a case coming from Judge Lee's court and held for the Kelley school district. The court says it does not appear just how the treasurer came to make the mistake, but anyway the Kelley district was not responsible and is entitled to get the money back.

Supreme Court Decisions.

H. E. Nelson against Western Union Telegraph company, appellant; Webster county, Judge Albrook; affirmed, opinion by Justice Withrow.

S. W. Bryan against Carl S. Petty, appellant; Wayne county, Judge Evans; reversed, opinion by the court.

School district of Kelley, appellant, against school district of Washington;

Story county, Judge Lee; reversed, opinion by Madison.

E. W. Adams against Noah Harper, appellant; Appanoose county, Judge Hunter; affirmed on condition, opinion by Deemer.

FORMER IOWA STAR TO HELP PUT ELEVEN IN CONDITION

IOWA CITY, Ia., Nov. 13.—(Special Telegram.)—Maurice A. Kent, a base ball and foot ball star at Iowa in 1904, 1906 and 1908, has been elected basket ball and base ball coach at Iowa for the coming year. Kent has been athletic director at Carleton college, Northfield, Minn., for the last three years. He has also played professional base ball, having been with the Brooklyn National league club and he finished the last season with Toronto in the International league. Kent will arrive in Iowa City at once to take up his duties and will help put the foot ball team in shape for the Nebraska game.

Ames Serum Plant Nearly Ready.

AMES, Ia., Nov. 12.—(Special.)—Within a week the \$9,000 hog cholera serum plant, which the last legislature authorized to be built on the Ames campus, will be in full operation with a daily capacity of 100,000 cubic centimeters of vaccine. The laboratory equipment was moved from the veterinary buildings last week. The pens in the plant will handle 1,000 hogs. The daily output will be sufficient to vaccinate 1,500 animals. Orders for serum are a month and a half behind.

Committees Named at Base Ball Meet to Devise Plan. FIVE APPOINTED BY SEXTON. President of Three-I League Urges Movement for Reform in the System of Drafting Players.

GRAND JURY INVESTIGATES MURDER OF BAHUAUD

AUBURN, Neb., Nov. 13.—(Special.)—District court has been in session since Monday, with Judge John B. Raper on the bench, and a grand jury. A large number of witnesses have been called before the grand jury, and the understanding is it has been investigating the murder of Julian Bahuaud some fourteen years ago and the connection of Fuller Shellenberger and Joseph Kopf therewith. No indictments as yet have been presented.

Frightful Pains

In the stomach, torpid liver, lame back and weak kidneys are soon relieved by Electric Hitters. Guaranteed. 50c. For sale by all druggists.—Advertisement.

THE IDEA OF HAVING TO CARRY AND PAY a useless player for ten days.

President Tierney of the Three-I league urged a movement for a reform in the system of drafting players. He attacked the practice of major league clubs in claiming a large number of players and then making cancellations of the drafts and was given hearty support. It was voted that such procedure be abandoned by National association clubs.
