Wants the Doctor to Decide. 103, Neb., Nov. 14.-To the Editor of The Bee: Please permit me to say a few lines

in regard to Dr. L. A. Merriam's article in your Letter Box. The doctor claims that there is not very much real appendicitis existing, but how do we (the igno rant people) know that, as there is only one person to believe. I know of a case of chronic disease of

the appendix, as it was called, I believe, and this person permitted an operation to be performed, as it was done by his emplayer free of cost. To this day I fall to see any great improvement, except that provisional president his plans were a pain in the right side is now gone. Constipation is what I believe is alling that person, and how can that be cured or relieved, as it seems slow, or the case is not improving Now, if Dr. Merrian has some great

thing, here is a chance to use it, or his idea is not any better than an operation for appendicitie. P. S .- I use 100 as a town as I do not care to expose myself, and, being in a small town, too much gossip would spread about this.
