

### Paragon Typewriter Ribbons are the best

WE realized years ago, when we first started to make Paragon Ribbons, that they had to be the best-at whatever cost.

There was a special reason the Remington Typewriter. We make the Remington and we make the ribbon. We started to make the ribbon for the Remington. No writing machine can do better work than its ribbon, therefore none but the best ribbon is good

Typewriter. So you see that Paragon Ribbons had to be the bestnot only for their own sake but for the machine's sake. This double incentive has produced the best ribbon-the ribbon that outsells them all.

enough for the Remington

Of course there are other reasons for Paragon Ribbon leadership. We are the typewriter ribbon, manufacturers with the best facilities, and the most complete knowledge of the qualities in a ribbon that typewriter users want and how to produce what they want. But all of these reasons have followed from the first. It was Reminoton leadership which demanded and produced Paragon leadership.

But do not think that the Paragon Ribbon is simply a Remington affair. What the Paragon Ribbon has done for the Remington, it has done, incidentally, for every other writing machine. Paragon Ribbons, of absolutely uniform quality, are made for all makes of typewriters.

### GOVERNOR AT DAIRY BARN Col. Presson Tells

New Structure at Pleasant Dale Said to Be Model.

MADE OF TILE AND CEMENT

Many Stockmen from Over State Visit Little City Near Seward, Where D. M. Hildebrand Has Built Structure.

(From a Staff Correspondent.)
LINCOLN, Nov. 24 -(Special.)-Gov. rnor Morehead, accompanied by Prof. Pugsley and others of the state agricultural school, went to Pleasant Dale today, where they inspected a new barn just finished on the farm of D. M. Hildebrand of Seward. The barn is built of round vitrified tile and is said to be the perfection in dairy barn building. The building is circular in hape and the second story will hold eighty tons of hay. Mr. Hildebrand says that the barn costs no more than if built of lumber and is much better adapted to manitary conditions. The roof is cement while the mangers and floor are made of the same material. A large number of stockmen from over the state visited the barn. Governor Morehead made one of the

# About the Battle of Missionary Ridge

(From a Staff Correspondent.) LINCOLN, Nov. M.—(Special.)—Fifty years ago today Colonel J. H. Presson of Omaha, recording clerk in the office of Governor Morehead, satled down the Tennessee river with the regiment to which he belonged and built a pontoon bridge across the river over which the Union army crossed and began the bastle of Missionary Ridge. In speaking of it this morning Colonel Presson said:

"General W. F. Smith had been asing the bridge after they reached that examination. position. During the night General Morgan L. Smith's division was marched to the brigade of Giles A. Smith was selected for the duty of manning the boats and capturing the rebel pickets on the south side of the river.

"At 2 o'clock in the morning we pushed out from the North Chickamauga with 116 boats, each loaded with thirty well armed men. We dropped down quietly with, the current until we arrived near the mouth of South Chickamauga. Here a few boats landed and we made a rush for the guard, and twenty of them were captured without a shot being fired, soo completely were they surprised. The remainder of the troops made a landing at with it. a point where the ponton bridge was to start and the work of ferrying over Sherthe Tennessee was begun, using the pontoons for the purpose. A steamer was also brought up from the town t assist in the work. The rest f M. L. Smith's division crossed first and those of John E. Smith followed. As fast as the troops landed they were put to work entrenching their position, and by daylight the two divisions were over and well pro-

tected by the works they had built. 'Then began the work of laying the bridge on which the cavalry and artillery were to cross and by noon or a little after the bridge was completed with one also across the South Chickamauga, do so. which connected the troops left on that side with those below.
