

Each Panama Trip to Be Given Away Worth \$200 Cash

The Best Dressed Ones at the Thanksgiving Table Do Not Always Possess New Clothes

"Dresher Cleaned" garments present an appearance equal to new—so most people have their garments "Dresher cleaned."

It's simply a case where the economical sense comes into play: Omahans find that their dress clothes, as well as their workaday togs, can be cleaned, pressed, dyed, repaired or remodeled at far less than the cost of NEW garments; they receive the credit for wearing new garments; no one is the wiser; and there you are. It's indeed an old and useless garment that cannot be spruced up like new at "Dresher's."

EXHIBIT TO APPEAL TO ALL

Panama-Pacific Show Will Have Attractions for Everybody.

TO PLAY UP AGRICULTURE

Forty Acres Will Be Set Aside for Farmers, Gardeners, Dairywomen and Those Interested in Rural Pursuits.

(SPECIAL.)—How universal the appeal will be can hardly be realized by anyone not actually on the grounds and intimate with the vast, manifold and complicated enterprise of the Panama-Pacific International Exposition. The most remote and diverse interests, affairs, inventions, processes and products will be placed side by side, a cosmopolitan aggregation, appealing to one through the sentiment of wonder and surprise, and to another through the familiarity of long acquaintance. The Chinese merchant from Canton alley, the Japanese officer from suppressed Formosa, the governor of distant islands in the Pacific will meet the gentlemen from Montana, the manufacturer from Birmingham, the weaver from Massachusetts and the corn grower from Nebraska; and each will learn much from the other in this nine months' university of universal knowledge that will celebrate in 1915 man's greatest engineering achievement, the completion of the Panama canal.

In the accumulation and assembling of the exhibits, which are to be housed palatially, the exposition directorate has been inspired by the impulse to make this a contemporaneous exhibit. While the evolution of various industries will be shown, as that for instance through which the spread of telephony has been made possible to an international scope; it is the purpose to confine the competitive exhibits to products of the present and no exhibit will be placed for jury consideration that was manufactured prior to the year 1905.

How to Win a Free Trip to the Panama Exposition

- 1.—The Bee offers and will award three round-trip tickets and expenses to the Panama Exposition, the total cost of each trip to be \$30, as prizes to the three contestants having the greatest number of points at the close of the contest.
 - 2.—This contest open to everybody except employees of advertisers on this page and of The Bee.
 - 3.—The contest page will be published one day each week and will run for a period of one year.
 - 4.—Points will be figured on the basis of one point for each 1 cent shown on cash checks or receipts for purchases made from advertisers on this page.
 - 5.—Cash checks must be deposited at or mailed to "Panama Contest Editor" The Bee not later than thirty days from date of payment of name and receipts will be issued for them.
- Contest to close November 7, 1914. All cash tickets and receipts must be turned into The Bee office not later than 5 p. m. on closing day of contest, or if mailed, must be post marked not later than that hour.

NOTICE TO CONTESTANTS.

Next Tuesday we will publish the standing of all contestants who have turned in their nomination coupons or cash checks for votes in this contest. If you have not already done so, get yours in by Saturday evening, so that your name will appear in the list, thus letting your friends know that you are competing for a trip to the Panama exposition.

Many Women Are Helping Friends Through Courtney's

The novelty of helping a friend earn a free trip to the Panama exposition every time the meat and groceries are ordered appeals strongly to Omaha women. The satisfaction is all the greater because each woman realizes that she is securing the best and purest foods at moderate prices and is making a success of her home at the very time she is helping earn a trip for her friend. Hundreds of women step to the telephone every morning to order their day's supplies with the knowledge that every cent they pay for Omaha's purest foods in Omaha's greatest grocery means another vote for the favored contestant. It certainly adds to the zest of ordering groceries as every one of the alert telephone operators in Courtney's great establishment can testify.

When the three fortunate people in the popularity contest start on their trip to the Panama exposition it is safe to say they will acknowledge that it was by reason of the thousands of votes they secured through their loyal friends who remembered them each morning when the time came to order the supplies for luncheon and dinner.

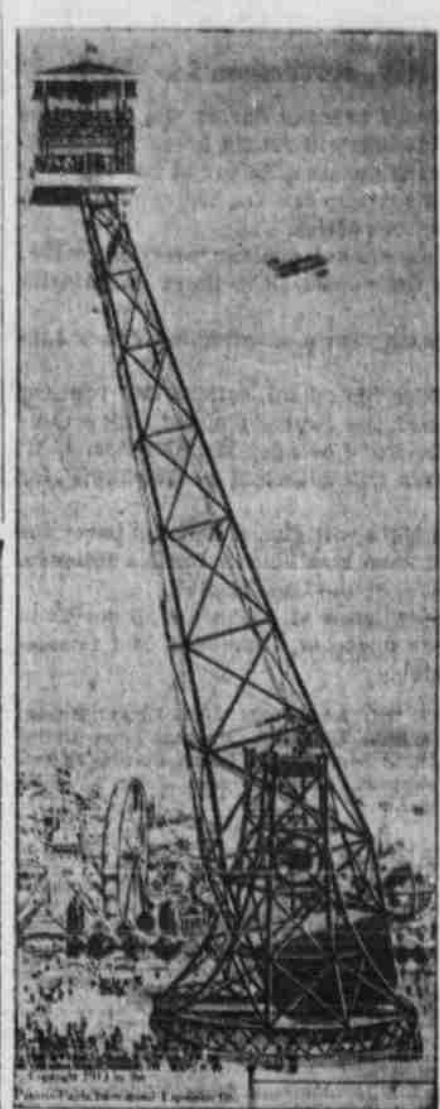

It is indeed fitting that a popularity contest should enlist the aid of a house of such universal popularity as Courtney's. The most careful and economical housekeepers in Omaha, those who demand the season's best as well as those who seek the best results recognize Courtney's as the one store that can always supply all the needs for the table. The power of the Courtney buying organization, the perfection of service, the uniformly high character of every article of food that is sold there makes this grocery unique among the stores of Omaha. It is a store that specializes in the best brands of everything. It is equipped to supply all Omaha with the season's best.

No department in this great establishment falls below the high standard of "Courtney Quality." In the meats, the staple and fancy groceries, the imported delicacies, the coffees and teas, bakery goods, the confections, the table wines and liquors, and every other section, the quality leaves nothing to be desired. Omaha women have so long been accustomed to regard Courtney's as the home of better things to eat for less money that this store has come to be recognized more as a public institution than a private enterprise.

The great success of the Harvest Festival which has delighted the people of this city for the last two weeks is but another evidence of the consistent leadership of this great provider for the tables of Omaha.

Don't forget when you step to your phone or come through the doors of the Courtney establishment each day that some friend of yours will appreciate your

NOVEL AMUSEMENT FEATURE AT PANAMA EXPOSITION.

The aeroplane, an inverted pendulum, which will have an elevation of 208 feet, or four feet higher than the Ferris wheel. Crane arms 240 feet in height, mounted upon a steel tower fifty feet high and made of two parallel riveted trusses, will operate as a balance lever. One of the crane arms carries a double decked cage for passengers at the Panama-Pacific International exposition.

thoughtfulness if you will register your votes where they will help earn a delightful trip to the most wonderful of all the world's expositions.

Notes of Panama Exposition. International athletic events of wide scope are being prepared for the Panama-Pacific exposition. Some of the world's leading athletes are expected to participate and many world records will be attacked.

The main exhibit palaces at the Panama-Pacific International exposition in 1915 will be opened at 9 a. m. each day and closed at sunset, except the Palace of Fine Arts, which, at stated times, may be opened in the evening.

Situated on the shore of the Bay of San Francisco, with the Pacific ocean but a short distance off and visible from the grounds, the aviation field of the Panama-Pacific exposition will offer a rare opportunity for the exercise of all kinds of air craft.

The work of transplanting trees from the nurseries to the Panama-Pacific International exposition grounds has commenced. The first to be planted were some acacias, pines and cypresses, which were put in the large grassy park on the esplanade of the Marina, abreast of the Palace of Mines and Metallurgy. The work of transplanting will be prosecuted actively.

AMONG the great and good gifts to man, for which everyone should be grateful, is Electricity.

Consider what aid this mystic energy affords man in his struggle with matter—how he has adapted it to the betterment of his social, educational and

commercial life—in how infinitely many ways he employs it for his safety, comfort, enjoyment and the multiplication of his puny power. Long undreamed of—once a privilege of the wealthy few—Electricity for light, heat and power is today within the means of the most humble home.
