

Black is Very Fashionable for Suits and Gowns

Fabrics must, however, be fine and draped gracefully in order to secure the correct effect. We call attention to the following, which answers every requirement: Silk and wool poplins with brocades to match, crepe de chine, pongee and meteor poplins. Considered one of the handsomest fabrics for drapes this season. Black and colors.

HOLOVITCHNER IS TO QUIT

Announces Intention to Retire from Presidency of School Board.

WILL NOT BE A CANDIDATE

Position Interferes Too Much with His Private Business and He Cannot Afford to Put in Time Any Longer.

Dr. E. Holoitchner, president of the Board of Education, in a statement issued Monday, announced his intention to retire from the presidency of the board in January. He was elected last fall for a three-year term on the board and will continue to serve on it.

Following is the doctor's statement: "The duties of the presidency of the Board of Education have to a certain extent interfered with my private business and as I cannot afford to continue to sacrifice so much of my time to the public interests, I determined some time ago, and have so announced to my fellow members of the board, that I would not be a candidate for re-election.

"I will support any good man for the presidency and as a member of the board will always in the future, as in the past, work for the benefit of the school system of Omaha, which is sacred to me."

Means Reorganization. This announcement follows the statement that Vice President J. L. Jacobson would resign from the board. With Dr. Holoitchner's retirement from the presidency, this will mean a complete reorganization thereof.

Dr. Holoitchner's opponents on the board had started a campaign for C. T. Walker for president, and Holoitchner, who appointed Walker chairman of the important finance committee, has expressed his inclination to support him at the January election.

Will Abandon Campaign. The doctor's position on the presidential question has, to a great extent, disrupted the plans of his opponents and will mean the abandonment of the stern campaign they had arranged against him. It will also tend to create a greater degree of harmony than has blessed the board for many moons.

New Mexico Needs New Revenue Law

SANTA FE, N. M., Dec. 1.—With the first two years of statehood, for New Mexico drawing to a close, the state is confronted with a serious financial situation due primarily to the readjustment made necessary in the change from a territorial form of government.

Through two sessions of the legislature have been held since the organization of the state government in 1912. A special session and a regular session, a third session now is being talked of to pass an adequate revenue and taxation law to provide funds for the payment of the state's bills, including salaries of officials, interest on bonds, and interest on the state debt.

MRS. ELIZABETH MURPHY IS DEAD OF HEART FAILURE

Mrs. Elizabeth Murphy, mother of Detective Frank Murphy and Officer William Murphy of the Omaha police department, died at 2 1/2 o'clock Sunday morning of heart failure. She was 75 years of age and a widow, her husband having died nine years ago. Death occurred at her home, 420 Howard street, while both of her sons were at work.

RIOTING AT INDIANAPOLIS

Teamsters' Strike is Attended with Minor Disturbances.

POLICE KEEP CROWDS MOVING

Mounted Officers Use Their Riot Clubs Freely and Make Several Arrests—Drivers of Milk Wagons Continue Work.

INDIANAPOLIS, Dec. 1.—Disorder re-iterated today from the strike of teamsters and chauffeurs which started last night. Many wagons were on the streets, but Organizer T. J. Farrell of the union said all would be arrested by night. The police made several arrests and used their clubs freely in keeping the crowds moving in the downtown section.

Four girl garment workers were among those arrested. The girls, with several companions, surrounded a laundry wagon and prevented it from moving until the police arrived. All the men locked up are being held under \$1,000 bonds, which has been set for all strike arrests.

Several large wholesale dealers and commission house men made no effort to put their wagons on the streets. Many are using the express companies and the parcel post deliveries.

Business Men as Police. In addition to the extra squads of police that patrolled the business district and kept the crowds on the move, more than 200 citizens, including some of the most prominent business men of Indianapolis, who were sworn in last night as a special reserve force, awaited an emergency call at Tomlinson hall, where they had established headquarters.

Thomas J. Farrell, general organizer of the union, said the strike order had been obeyed generally.

The union, which includes the commercial chauffeurs, has between 1,500 and 2,000 members. A special dispensation for milk wagons driven by union teamsters was made at the meeting at the suggestion of Thomas J. Farrell, general organizer of the International Brotherhood of Teamsters, chauffeurs, stablemen and helpers of America. Drivers of hearses are exempt from the strike order. Farrell also announced there would be no interference with the mails.

Police Use Riot Clubs. Teamsters and their friends were busy today harassing drivers, who ventured out with teams, and a large number of arrests were made. In several instances wagons were stopped and, while strikers argued with the drivers, others unhitched the horses before the police could arrive.

Several attempts to congregate in the downtown business district were quickly frustrated by the mounted police.

The police used their riot clubs freely. Several pedestrians were beaten over the head and shoulders, but none was seriously injured.

Hundred Thirty-Five Hunters Are Killed

CHICAGO, Dec. 1.—The hunting season, which ended today, cost 135 lives, in twenty-one states, according to a tabulation made here. In addition, 340 persons were injured, several of them fatally.

It was estimated that 60,000 hunters were in the field in Michigan and Wisconsin alone, and with the thousands who took the trail in Minnesota, Maine and New York, the total was placed at more than 100,000.

Oasis Near Des Moines Suddenly Goes Dry

DES MOINES, Ia., Dec. 1.—Valley Junction, a suburb of Des Moines, which has been the oasis to the thirsty of this city since local saloons were closed as a result of a supreme court decision nearly two weeks ago, will be "dry" after today.

The proprietors of the two saloons in the town, overwhelmed by the rush of business which threatened to make their places "nuisances" and subject to peremptory closing by the town authorities, announced that they would close them voluntarily tonight.

The seizure of five wagon loads of intoxicants, enroute from Des Moines to Valley Junction by Des Moines police early today is said to have hastened the decision of the suburb saloon men.

THREE MEN PLEAD GUILTY TO ROBBERY MINA BANK

IPWICH, S. D., Dec. 1.—(Special.)—State Attorney Barron and Sheriff Swale took Shaffer, Haynes and Von Billard, three of the young men who endeavored to blow the safe of the Farmers' State bank at Mina last month to Faulkton, where they pleaded guilty before Judge Bolton, and were sentenced to three years in the penitentiary. Clarence Johnson, an alleged member of the gang is out on a \$1,000 bond, while the fifth member, a man by the name of Maystar, left for parts unknown before any clues of who did the job were ascertained. Johnson was born and raised here, while the others are from the east.

JAIL SENTENCES PROPOSED FOR TRUST LAW VIOLATORS

WASHINGTON, Dec. 1.—Jail sentences only and no fines for violations of the Sherman law are proposed in an amendment introduced by Representative Henry which also would declare illegal any advice to restrain trade, manipulate prices, prevent competition or fix standards for controlling prices. Organizations not conducted for profit and agricultural products in the hands of producers would be exempt.

FORMER MEDICAL DIRECTOR OF THE NAVY IS DEAD

AMHERST, N. H., Dec. 1.—Rear Admiral John Howe Clark former medical director of the navy, died here today from paralysis. He was 78 years old. Dr. Clark was graduated from Dartmouth Medical school in 1857 and entered the navy in 1858 as a surgeon. In 1885 he was appointed medical director and president of the naval examining board.

Girl Tells How She Killed Brother-in-Law

MAYFIELD, Ky., Dec. 1.—Miss May Copeland, the pretty joint defendant in the Turk-Copeland murder trial, recited to the jury her story of how she killed her brother-in-law, in the latter's home near Bardwell, Ky., at midnight, July 24 last.

She drove to the Atchison home, she said, with her sweetheart, Lucien Turk, who remained in the buggy. She went to get clothing which she had left there. She said Atchison, with an oath, asked if she had divulged the facts of an assault which she swore he committed upon her a week before. She testified that she had not, whereupon she recalled Atchison started toward her. She said she ran from the house and fired a revolver over her shoulder, the bullet striking Atchison in the heart.

The prosecution brought its case to a close today.

Rams Ireland testified today that a few weeks prior to the killing, Turk said: "The Atchisons are going to keep on teaching with me until something happens."

The defense claims Miss Copeland killed Atchison after he mistreated her, but the prosecution asserts Turk fired the shot.

HUERTA BACK IN CAPITAL

(Continued from Page One.)

General Carranza and the constitutionalist chiefs at Nogales, returned here early today and will see the president late today for tomorrow.

Officially nothing was known at the White house concerning the visit of Querido Mohena, the Mexican foreign minister to Vera Cruz. He has not conferred with John Lind, according to information here today.

The policy of the American government continues to be one of waiting, while the Huerta regime, and the constitutionalists press forward their vigorous campaign.

Rear Admiral Fletcher reported today he had received further assurances from the constitutionalist general, Aguilar, that none of his forces would interfere with the oil wells around Tampico and Tuxpan.

William Byard Hale conferred with Secretary Bryan as a preliminary to his conference with President Wilson.

JUAREZ MARCHING ON CHIHUAHUA. JUAREZ, Mex., Dec. 1.—General Francisco Villa's advance army of 3,500 rebels, which is moving to attack Chihuahua City, 25 miles south of Juarez, today reached at point sixty-three miles from the border. They were forced to detain there because of the destruction of the railroad. Preparations were made at once to march overland to the state capital.

Another train carrying 1,000 rebels was made ready here for the journey south. General Villa said today that before reaching Chihuahua he expects to be reinforced by General Manuel Chao and Juan Cortina, who were reported advancing from Torreon. Unless this movement is intercepted Villa said he hoped to rally at least 7,000 men to attack the 3,000 federalists said to be garrisoned in the capital.

The last reports from Chihuahua City, which has been under siege for two weeks, were that the cathedral had been converted into a fort, brickworks of sand bags having been built on the roof, which overlooks the surrounding country. Entrenchments manned by artillery guard the approaches and loop holes adorn the walls of many houses.

Advices say that the federal governor has commanded all provisions in the city and these are being issued to civilians.

REBELS HUNT FOR CASTRO

German Consul Denies Report Fugitive Is Sheltered by Him. HERMOSILLO, Mex., Dec. 1.—General Francisco Castro, who was federal commander in Juarez before the recent victory, is a refugee in the home of Max Weber, German consul at Juarez, said a report received today by General Carranza from General Francisco Villa.

General Villa asked Carranza what action he should take with regard to Castro. General Carranza answered that Villa should make a request on the German consul for the delivery of the federal officer on the ground that he had been guilty of offenses against the public peace and tranquility.

Villa reported that he had placed a close guard around German Consul Weber's house to prevent the escape of the federal commander.

JUAREZ, Dec. 1.—Max Weber, the German consul, today denied that General Francisco Castro, former federal commander, was a refugee in the consul's home in Juarez.

"I have not seen Castro since the day before the fight, more than two weeks ago," said Weber. "Nor do I know where he is hiding."

Castro disappeared the morning Villa surprised the federal forces at Juarez and took the town.

Negro Wizards in Cuba Form a Trust

HAVANA, Cuba, Dec. 1.—A sensation was caused here today by the discovery of an alleged extensive organization among the negroes of Cuba in the practice of witchcraft or "voodooism." It is said the negro wizards constitute a powerful trust.

The revelation was made as a sequel to the recent murder of a white girl 4 years old, in connection with a mysterious method of healing a sick negro woman to whom the child's blood was said to have been administered.

It is generally reported that the voodooists have relations with politicians, who control the votes and protect them against punishment.

Several crimes of a similar nature to the one which led to the discovery of the "voodooes" have been committed recently in the island and in most cases the criminals have gone unpunished. The newspapers now call on congress to find a remedy.

WILL TRY EGG TRUST SUIT

Case Against Chicago Butter Board Will Be Called at Once.

SHARP DROP IN THE PRICES

Wholesale Quotations for Ordinary Firsts Off from Three to Five Cents—Women Pleased with Announcement.

CHICAGO, Dec. 1.—The suit of the federal government charging the Chicago Butter and Egg board with violation of the anti-trust law will be brought to trial here this week. It was announced today by James H. Wilkerson, United States district attorney here.

The determination to rush the case to trial came on the heels of a report by Charles B. Morrison, master in chancery, favoring the contention of the government that the quotations committee of the board arbitrarily fixed the price of butter and eggs.

The suit was filed a year ago and shortly after the board voted to abolish the committee.

News of the trial was received with satisfaction by club women engaged in an egg boycott.

Prices Take Drop. Mrs. John C. Bley, leader of the boycott in this city, said today that her plan of bringing in eggs from the country directly, or almost so, to the consumer, could not be put in effect immediately.

The wholesale price of eggs, technically classed as "ordinary firsts" declined 3 to 5 cents in South Water street today, as compared with last Saturday, although there was no material increase in receipts. Dealers would not say the drop was due to the boycott, but the women derived much satisfaction from it.

Grand Island Woman Sues a Physician

GRAND ISLAND, Neb., Dec. 1.—(Special Telegram.)—Suit has been filed in the district court by Elsie V. McIntire against Dr. A. F. Fippin, a colored physician who came here from Stromberg, for \$2,000 damages, alleged to have been sustained by the latter's unsanitary and unskillful work while attending her. The defendant's informal answer to the charge is that he was called after other physicians had refused to attend because the family was on the "dark list," meaning poor pay, and that his request for an assisting physician was not met.

No little interest is felt in the evidence that will be produced if the case is permitted to go to trial, as to physicians refusing the answer to the call in such and other cases of distress, for it is asserted that only two weeks previously, in another poor family, over half a dozen local physicians were summoned, that none responded and that a physician from Wood River finally was sent for and called in his automobile, but because of losing his way in part of the city with which he was unfamiliar arrived late.

The reason as given by the brother of the woman in that case is also that the family had been placed on the list of those whose credit was such as to ask for cash. In the one case the husband is a railroad switchman and in the other a sugar factory employe.

Cut Rate Bookmen Win Their Fight

WASHINGTON, Dec. 1.—Cut rate dealers in copyrighted books won a victory today when the supreme court held that agreements between publishers and regular book sellers not to sell books to those who resell to the public at less than the price fixed by the publisher, violate the Sherman anti-trust law.

Justice Day, announcing the decision, said violation was not "avoided" by the benefits of the copyright law. R. H. Macey & Co., brought the suit against the American Publishers association, complaining that 75 per cent of the publishers in the United States and certain dealers who comprise 90 per cent of the wholesale and retail book dealers.

It acts without assistance, tastes nice, causes no inconvenience. Be sure you get the genuine.—Advertisement.

King's Cousin Drops Bombs Upon Moors from an Aeroplane

TEUAN, Morocco, Dec. 1.—A daring aeroplane reconnaissance was carried out today by Prince Alfonso, cousin of the king of Spain. Accompanied by Colonel Viven, he flew from Teuan to Arista, over a route infested by Moors. The two aviators hovered for some time over the enemy's position, their aeroplanes being a target for sharpshooters. The aviator several times had narrow escapes. They replied to the fusillade by dropping bombs into the Moors' encampment.

Women of St. Paul Join Egg Boycott

ST. PAUL, Dec. 1.—St. Paul housewives today joined in the national boycott on eggs. Mrs. D. W. McCourt, president of the local branch of the National Housewives' league, announced that more than 2,000 women of St. Paul already had joined in the movement and that several thousand more were expected to give their support within the next two days.

WASHINGTON, Dec. 1.—An egg boycott was launched here today by Mrs. Ellis Logan, president of the Federation of Women's Clubs. Workers armed with pledges in which signers were asked to agree not to buy eggs until the prices are reduced worked on the streets, in stores, at the suffrage convention and about the city generally.

NEW SESSION BEGINS AT NOON

appropriation bills, carrying more than \$1,000,000 of funds for the needs of the government during the year that begins next July.

The annual estimates made by the Treasury department were presented to the house. Preliminary work by the appropriations committee has brought several of the supply bills near completion and an effort will be made to pass the \$18,000,000 District of Columbia bill, and the fortifications appropriation bill before Christmas.

Currency Bill is Ready. Democratic members of the senate worked all day yesterday to complete their agreement on the currency bill so that the measure might be pushed for immediate consideration today. Senate leaders hope that by holding the senate to long hours the bill may be passed in time to permit a short recess at the holidays. If it has not been acted on the senate will forego all vacation except on Christmas day.

The extra session terminated in the senate with the introduction of the few bills and resolutions and an executive session to confirm some of President Wilson's nominations.

Ten postmasters at small points were the only ones confirmed and the senate recessed until 11:35 o'clock.
