

If I Ate That I Would Die

You Will Never Fear Food If You Go to a Dinner Carrying One Little Stuart's Dyspepsia Tablet.

You needn't pass up all those savory dishes just because you are afraid of what the stomach will say to them. Armed with a box of Stuart's Dyspepsia Tablets, you can bid defiance to the most cantankerous stomach and be assured that your food will be perfectly digested in spite of the stomach's objections.

"At Every Banquet You Will Always See Some Person Who is Afraid Of Food."

Stuart's Dyspepsia Tablets are a compound of pepsin and those elements that must be secreted by the stomach if the food is to be digested. When the stomach fails to secrete enough of these digestive agencies, the only sane remedy is to supply a sufficient quantity of these elements to digest the food. This is the service for which Stuart's Dyspepsia Tablets were made and they are recommended by leading doctors and scientists. One or two of these tablets is sufficient to digest the largest dinner. They stop almost instantly all forms of indigestion, such as sour stomach, belching, heartburn, dizziness, brash and dysentery. Stuart's Dyspepsia Tablets contain digestive elements, a single grain of which is capable of digesting 3,000 grains of food, such as meats, eggs, grains, vegetables, starches and mineral matters of all kinds.

If your stomach is sluggish or worn out, let Stuart's Dyspepsia Tablets do your digesting for you until the stomach can recuperate. Give it a little vacation. It has a hard enough struggle at the best, with all you put in it. And even when your stomach is in perfect condition, you will occasionally need one after a big banquet or other social affair that takes your stomach to the uttermost.

Make Stuart's Dyspepsia Tablets the ever-ready friend and assistant to your stomach. Get a box of your drug store today.

Kill Catarrh Germ Use Booth's Hyomei

Try the sure and most effective way to reach the raw, tender inflamed mucous membrane infested with catarrh germs—breathe Hyomei. All druggists sell it.

You cannot reach the nooks and crevices of the breathing organs with liquid preparations; there is only one way—breathe a few times daily the germ-destroying air of Booth's Hyomei. It acts directly on the inflamed membranes and destroys the catarrhal germs.

Hyomei is not a cure-all; it has one purpose—quick and effective relief of catarrh and diseases of the breathing organs. When you are free of catarrhal life the general health will improve.

If you suffer from offensive breath, raising of mucous, frequent sneezing, husky voice, discharge from the nose, droppings in the throat, spasmodic coughing, or any other symptoms of catarrh, use Hyomei at once. It will destroy the disease germs in the nose, throat and lungs, and give quick and permanent relief.

Hyomei does not contain cocaine or any habit forming drug—no stomach distress—you just breathe it. The complete outfit including pocket inhaler and bottle of liquid costs \$1.00, extra bottle of liquid, if later needed, 50 cents.—Advertisement.

Society

By MELLINOIA. Tuesday, December 2, 1913.

YOU may have heard this story of the late Marshall Field, the great merchant, who was being entertained at a brilliant dinner party one evening at one of the larger homes in Chicago. He, being rather observant, noticed the exquisite tablecloth inset with real lace and hand embroidery. The next day as he was walking past the linen counter of his mammoth store he noticed a similar tablecloth. "You sold one resembling this to Mrs. Blank," he said to the head of the department. "No, we sent this one out on approval yesterday, but it was returned this morning," replied the clerk.

A local hotel man had a somewhat similar experience one evening last week. He was invited to a friend's house to dine, and at each place was quite an array of silver; among the sterling silver he noticed a spoon—somewhat heavier and, glancing down, he saw that it was marked with the name of his own hotel.

Rev. Hicks' Almanac Misses Forecast for Last Part November
For the latter part of November Rev. Mr. Hicks' almanac was strictly in disagreement with the weather as it actually occurred. An earthquake, period was predicted for 27th of the month and heavy snow falls were to follow the next two days. Then right at the heels of the precipitation a cold wave was to have come with reactionary storms for the first week in December.

Shaking hands with underlings and talking like a chum instead of a millionaire employer, W. Averell Harriman, young director of the Union Pacific and heir to the late E. H. Harriman's immense railroad interests, visited the Union station and Council Bluffs terminals Monday and mixed intimately with under-employees in his efforts to inspect and learn about the transportation end of the road's business.
"How are you, and how do you like your job and the Union Pacific?" young Harriman is said to have asked clerks and assistants at the depot, as he was shown about by Vice President Ware and Station Master Simpson.
"Nothing escaped his attention, whispered the clerks in discussing the "big chief's" visit, after he had left with other officers of the road to go to Council Bluffs.
"And say, ain't he some democratic?" they continued. "Who'd a'thought he'd shake hands with us guys or even stop to ask us questions?"
But the young railroadier did those things, in spite of his wealth and future prominence in railroad circles, according to witnesses. He also rode on a plebeian street car when returning from his inspection of the Bluffs terminals although half a dozen private cars and special locomotives were at his service.
Many questions were asked by him as he peered into all the rooms and departments of the local transportation department of the Union Pacific. Besides the Omaha depot and the Bluffs terminal facilities, he inspected the commissary and engineering building, the Missouri

ROTHOLZ IS FINED FOR BLOCKADING SIDEWALK
George Rotholz, 334 Marx street, was arrested Monday night by Officer Robey for obstructing the sidewalk and refusing to move. Rotholz was standing in front of a pool hall at Twenty-eighth and Leavenworth streets when the officer approached, and failed to follow a crowd of his companions who took to their heels. He refused to move on at the officer's request and was sent to the station. He was fined \$25.00 and costs.
All pool halls about the city will be visited by plain clothes men within the next few days and any loiterers making a practice of loafing in front will be arrested. Complaints by married women and young girls to the effect that passing these places without being insulted is an utter impossibility, has led to this order.
