EMPEROR MOVES GARRISON

Soldiers in Zabern Are Transferred by Kaiser's Order.

IS SEVERE FINANCIAL BLOW

While it Will Avoid Further Conflicts It Means Heavy Loss of Revenue to the Business Men.

DONAUSCHINGEN, Germany, Dec. 5.—Emperor William this afternoon ordered the transfer of the entire garrison at Zabern, Alsace, owing to the trouble between the soldiers and the citizens there. He also directed that the court-martial proceedings in connection with the recent rioting be accelerated.

His majesty's solution of the difficulty is regarded in many quarters as a two-edged sword. While it removes the danger of further conflicts, the people and merchants of Zabern will suffer a severe financial blow by the removal of an important source of revenue.

Lieutenant Will Be Transferred. Later the emperor decided that the Zabern garrison should go into camp temporarily on the army maneuvering grounds at Hagenu, but that the troops might ultimately return to Zabern if its inhabitants displayed a proper temper after the expected transfer to another regiment of Lieutenant Boran von Forstner, the cause of the trouble, and the retirement from active service of Colonel Van Renter of the Ninety-ninth Infantry regiment.

The consultation between the emperor, the imperial chancellor, the governor general of Alsace-Lorraine and the general in command, lasted only about an hour. The emperor left shortly afterward for Stuttgart and spectators at the railway station noted that he was in thoroughly good humor and apparently untroubled by the situation.

Dr. Van Bethmann-Hollweg and the others did not accompany his majesty to the station. The imperial chancellor will return to Berlin tonight, but will not make another appearance in the imperial parliament before Tuesday.

Cabinet Crisis Denied. The existence of a government crisis was denied this morning by officials in close touch with the imperial chancellor, Dr. Von Bethmann-Hollweg. They declared he had no intention of resigning in connection with the conflict between the military and civilians in Alsace.

The relinquishment of the post of governor general of Alsace-Lorraine by Count Charles Von Wedel, however, is considered probable, unless his authority is fully restored.

The imperial chancellor, the governor general and Lieutenant General Berthold Von Deimling, the military commander, arrived shortly before noon today at Donaueschingen, where the emperor is staying.

Conferences in which all three participated with the emperor were held during the afternoon.

Works Both Ways. In the Reichstag most of the political parties appear to be satisfied with Emperor William's removal of the garrison as the first step looking to the settlement of the Zabern incident. It is thought the offending officers thus will be adequately punished.

The clerical members point out that the transfer of the regiment from Zabern to Hagenu seriously affects the officers, who are removed from the comfortable quarters of the garrison and put to considerable expense. The Alsatian members, however, express dissatisfaction on account of the financial loss which will be suffered by the inhabitants of Zabern. The socialist members also appear discontented with the manner in which the government is solving the problem.

BLANKET OF DEEP SNOW NOW COVERS THE CENTRAL WEST

(Continued from Page One)

with extreme caution and those carrying live stock and perishable goods go onto sidings at points where the shipments can be cared for in the event cold weather and a real blizzard should set in. The railroads operating into the range country are constantly getting reports on weather conditions and while these reports showed a continuation of the snow, temperatures were not such as to cause alarm. At none of the railroad points in Nebraska, eastern Colorado or Wyoming was it much below freezing. Agents stated that farmers and ranchers had plenty of feed and that generally cattle, sheep and horses were being stabled and kept out of the storm.

TRAFFIC BLOCKED IN DENVER

Snow is Two Feet Deep and is Still Falling.

DENVER, Dec. 5.—Denver awakened today to find every manner of traffic blocked by a more than two feet of snow which covered the city and pedestrians found hard work making their way over the sidewalks which the city's army of 1,000 men with shovels failed to clear. Railroad trains were unable to move from the station and service on most of the roads abandoned.

Snow continued falling today and with overcast sky, it seemed little abatement of the storm could be hoped for. Towns in central and southern Colorado report one of the worst snow storms in the history of the state and what was true of the conditions in Denver was also true practically of every larger town in the state.

Last night Denver's municipal auditorium housed hundreds of those who could not get to their homes, and every hotel in the city was crowded to the halls with cots and beds to care for those who made their reservations early yesterday afternoon.

Eat Less Meat If Back Hurts

Take glass of Salts to flush kidneys if bladder bothers you.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.—Advertisement.

ONE CONVICT MAKES GOOD

Chicago Man Who Evaded Sentence Rises Rapidly.

NOW HEAD OF A BIG STORE

Pardon Will Be Asked for Joshua Tedford, Who Was Found Guilty of Conspiracy Charge Nine Years Ago.

CHICAGO, Dec. 5.—Active steps were taken today to obtain a pardon for Joshua Tedford, whose case is one of the most extraordinary ever involved in the tangled skein of justice. Convicted nine years ago for conspiracy to spirit away a witness, Tedford has risen from a policeman to superintendent of one of the largest men's furnishings stores in the world, attaining rapid success, with a sentence of from one to five years' imprisonment hanging over his head.

Tedford escaped prison, through the error of a clerk who miscolored the minutes of the supreme court upholding his sentence, instead of filing the document with the trial judge. The tell-tale verdict was unaltered by a police lawyer who, piqued because his client was convicted, pointed to Tedford as a man who evaded punishment through the influence of his friends.

Rise to Rapid. While his appeal was pending Tedford, discharged from the police force, obtained employment with a large firm as home detective. Whether his sentence should be commuted, he

refuses to say, but his employers assert they never noticed he appeared worried. Their losses from shoplifters began to decrease because of Tedford's watchfulness and they began to notice him. In two years he was promoted to general foreman of the store.

Tedford never had much to say about himself, although, when he applied for work, he frankly admitted he was implicated in an affair which had cost him his place on the force. An investigation at the time was satisfactory to his employers, and because he was always industrious they did not seek for details.

Expert Judge of Checks. Because Tedford was more efficient than any general foreman the store ever had, he was advanced to assistant superintendent. In that position he rejected hundreds of checks offered for merchandise and his experience as a policeman stood him in good stead. George Lytton, vice president of the store, says a bad check never got past Tedford because "he knows crooks too well."

Tedford has been superintendent for two years.

"We believe Tedford is innocent of the crime for which he is under sentence," said Mr. Lytton. "But if he is guilty, for sake of argument, society should be satisfied with the success he has made."

Chief Justice Olson of the municipal court, who prosecuted Tedford, will recommend that Governor Dunne grant a pardon.

STRIKE BREAKERS ARE SHOT

Two Men on Wagon in Indianapolis Seriously Wounded.

SHOTS FIRED FROM CROWD

Police Reserve Use Their Clubs Freely and Finally Disperse Mob—One Injured Man Probably Will Die.

INDIANAPOLIS, Dec. 5.—Two strike breakers were shot, one probably fatally, when a crowd of striking teamsters and sympathizers attacked a wagon of the Coburn Transfer company today. Jacob Sonnenfeld of Chicago was shot through the neck and his injuries are believed to be fatal. George C. Williams of Cincinnati was wounded in the leg.

A crowd gathered around the wagon, hurling bricks and other missiles. When the strike breakers began whipping their horses into a gallop, a number of shots were fired from the crowd.

Police reserves were called and after battering a few of the leaders with their clubs, dispersed the crowd. Several arrests were made. Sonnenfeld and Williams were taken to a hospital.

DAHLMAN DINNER GUEST AT THE BRYANS' TABLE

(From a Staff Correspondent.)

WASHINGTON, Dec. 5.—(Special Telegram.)—Mayor and Mrs. Dahlman were the guests at dinner last night of Secretary and Mrs. Bryan. The dinner was given in pursuant to a promise once made by Mrs. Bryan to newspaper friends of her husband that "she would give them a dinner when they got to Washington."

At that time Mr. Dahlman was an ardent Bryan supporter, and was present when the promise was made.

"I appreciate the graceful fact by which I was included in the guest list," said Mayor Dahlman. "Politically, however, our relations have not changed."

The mayor said that his son-in-law, A. J. Collett, who Mr. Bryan has recommended as superintendent of public works for San Domingo, would in his judgment finally land the place. It depends upon the San Domingan officials, whose reply to the recommendation has not yet been received at the State department.

WHEELLOCK'S BOOKS CORRECT

Mystery of Disappearance of Iowa Banker Deepens.

SECURITIES FOUND IN PLACE

Police Begin Search of River to Find Out if the Threat Made of Suicide Was Carried Out.

(From a Staff Correspondent.)

DES MOINES, Ia., Dec. 5.—(Special Telegram.)—The mystery of the disappearance of Cashier Wheellock of the Citizens' bank at Colfax deepens as the investigation by the state bank examiners proceeds.

The informal report is that the bank books are found to be all right, accounts of depositors correct, no forged paper and accounts with other banks balanced. Securities were found on which Wheellock might have secured temporary loans for the bank, if needed, and on which he might have secured money had he desired to get all he could and run away.

Nothing has been found which explains his disappearance.

The police of Des Moines commenced today search of the Des Moines river, because of Wheellock's intimation he would be found there.

One Des Moines man says he had securities worth \$20,000 in the bank which cannot now be found, but this has not been verified.

HURTAS ARE AT VERA CRUZ

Family Left Mexico City Several Days Ago on Special Train.

DICTIONARY WENT PART WAY

He Left Train at Texcoco and Returned to Capital in an Automobile—Villa Returns to Juarez.

MEXICO CITY, Dec. 5.—The family of Provisional President Huerta is said to have gone secretly to Vera Cruz on November 30. They are living quietly in that city, where their presence is known to only a few intimate friends.

The departure of the Huerta family on that date on a special train gave rise to the report that the president himself had left Mexico City.

The report in regard to Huerta was based on the fact that he boarded the special early in the morning and accompanied his family as far as Texcoco, a few miles out, returning to the federal capital in an automobile.

Refugees Leaving Country. WASHINGTON, Dec. 5.—Official dispatches continue to report the arrival of refugees from Mexico at Laredo, Tex., in increasing numbers. Mexicans outnumber American and other foreigners fleeing the country. Refugees from Tampico are expected at Port Arthur, Tex., Sunday.

The situation in the Acapulco district, where there have been many anti-American demonstrations, is reported worse. The armored cruiser California is at Manzanillo, within easy distance.

A belated dispatch from Chihuahua says good order was maintained when the federal evacuated the city and that no inconvenience to Americans is reported. Rail communication between Saltillo and Torreon continues uncertain.

Villa Returns to Juarez. JAUZQUE, Dec. 5.—In anticipation of an important conference with General Carranza, head of the revolutionary government, General Villa returned today without having effected entrance to the town of Villa Ahumada, eighty miles south of the border.

It was said that recent events, such as the evacuation of Chihuahua and the further extension of rebel territory necessitated a more united understanding concerning future operations. Accordingly General Villa today requested General Carranza at Hermosillo to proceed to Chihuahua or to Villa Ahumada, should he decide to travel by way of Juarez. Carranza would have to pass through the United States.

Villa today said he hoped in his trip south, after his conference with Carranza, to win additional victories through further desertions by federal bands, many of whom have been isolated and without pay for weeks.
