Colorado Unions Consider State-Wide Strike to Aid Miners

DENVER. Colo., Dec. 16.-Between 400 and 500 delegates from approximately 250 local unions throughout Colorado met here today to consider primarily the calling of a statewide strike in sympathy with the United Mine Workers of America, now on strike in the Colorado coal fields.

It was explained by union leaders that it was not certain that a statewide strike would be called at this time because, they declared, the leaders of the federation and the United Mine Workers "do not want to impose undue hardships upon the people of the state unless it becomes absolutely necessary."

WILLISTON, N. D., Dec. 18.-Cleve Culbertson, recently convicted of murdering three members of the Dillon family at Ray, N. D., was taken from the Williams county jail by a mob and hanged

from a bridge near here. Culbertson was lynched shortly before daybreak. The lynching party, which consisted of a large number of masked men, battered down the doors of the jail with a heavy iron pipe. Despite the warnings of Sheriff Erickson the mob rushed into the jail, tore the door off the cell occupied by the prisoner and dragged him out of the building. He was taken to the Middle Muddy river, a mile and a half from town, where he was hanged from the wagon bridge spanning the stream. When the body was cut down shortly afterward it was found to have

been riddled with bullets. Culbertson while being taken from the fall pleaded for mercy, but was met with the reply: "You did not show any mercy to the Dillons and we will show none to
