Moving Picture Operator Reports Room Entered and Film Gone,

FEDERATION ALLEGES PLOT

Theft is Denounced as an Attempt to Stifle Publicity for Strikers in the Copper Mining District.

CALUMET, Mich., Dec. 30 -- Moving pictures taken yesterday of the funeral procession through the streets of Calumet and down a country highway to the cemetery where were buried fifty-nine victims of the Christmas eve disaster have been stolen. The operator reported tonight that his

room in a local hotel had been broken into and the films taken. The case was found several blocks away from the hostelry, but beyond this circumstance the local police said they had no ciue to the details of the robbery.

At federation headquarters there was no hesitancy in laying blame for the disappearance of the films upon the same spirits in the community who sent Presi-dent Moyer out of the district. The theft was denounced as an attempt to stifle publicity for the strikers.

Two Saw Button.
Out of a score or more of witnesses two persons testified before a coroner's jury today that the man who caused the Christmas eve disaster here wore a white button similar to the badge of the Citizens alliance. Immediately after adjournment of the hearing, O. N. Hilton, the Denver attorney in charge of the Western Federation of Miners' legal interests, announced that further development of this phase of the inquiry would

be attempted tomorrow. The federation's lawyer did not comment upon the fact that the president and half a dozen members of the Women's auxiliary of the federation awore that they saw no insignia on the man and that union members who stood in the vestibule of Italian hall for an hour before the panic started said the alarm came from within the hall and no person wearing such a button had passed them.

In the opinion of Anthony Laicas, prosecuting attorney of Houghton county, who conducted the examination of witnesses, facts fairly well established today were that an excitable member of the audience raised the cry, that there was no actual fire in the hall and that the doors were open and the stairway clear when the panic started.

"All, we want is a finding based upon facts developed at the inquest," said Mr. Hilton. "The identity of the miscreant who started the road rush for the stairs is of paramount importance and we intend to do what we can to clear this up." The testimony as to the button was given by two witnesses. John Burcar, who gave his age as fifteen, and said he had lost a sister in the disaster, excitedly told of seeing a man muffled to his eyes in a fur colloared overcoat enter the hall. "He hollered 'fire' and then ran out," the boy said. "I ran out, too.

He had an alliance button on his coat." Looked Like C. A. Button. The other witness, Mrs. John H. Koski, said she was twenty feet from the man who wore a dark blue coat on which was a white button. "It looked like an Alliance button," she said. "But I was

too far away to read it." One or two witnesses said there had been some confusion in the hall before of the celebration denied this.

Practically all witnesses agreed that the first alarm came from a man, that it was taken up at once in different parts of the hall and that the rush for the exit was instantaneous.
