Grain Receipts, bu.	68,160,000

GREETINGS FROM OUR PROMINENT BUSINESS AND BANKING INSTITUTIONS

The Guarantee of Quality Means More than a Green Stamp

GOLDEN SHEAF Bourbon and Pure Rye Whiskies are bottled in bond, but the mere fact that a whiskey is bottled in bond is not a guarantee of quality.

The green government stamp over the neck of the bottle is often like the mantle of charity—covering a multitude of sins. Any spirits, when four years old, can be bottled in bond.

So, in addition to the bottling in bond, which is evidence only of the age and strength of the goods, you should look for the guarantee of a reputable distillery as to quality.

The result of 45 years of careful study of the distilling business is embodied in

GOLDEN SHEAF
Bourbon and Pure Rye Whiskies

That result is produced by storage in well ventilated, thoroughly heated warehouses under government supervision. By natural forces the fusel oil is eliminated, the fiery spirit driven out, making **GOLDEN SHEAF** palatable and mellow—a whiskey that stimulates and invigorates, but does not fire the brain.

The **WILLOW SPRINGS DISTILLERY** is the only distillery worthy of the name west of the Mississippi River, having been founded in 1866. For 45 years the **WILLOW SPRINGS** product has been accepted as the criterion of the highest standard of Bourbon and Pure Rye Whiskies. This distinction has been attained through the use of only the best grade of selected grains, pure spring water, perfect distillation, the best shalmbale cooperage and unswerving care of every package until thoroughly matured.

GOLDEN SHEAF Bourbon and Pure Rye Whiskies are equal to the best that can be produced, yet are sold at a popular price. This is possible because these whiskies are distilled in one of the great distilleries, located in the heart of the grain belt and operating a very large capacity, thus obtaining the lowest possible cost of the raw material, as well as of labor and fuel.

Ask for **GOLDEN SHEAF**. It is all whiskey.

Willow Springs Distillery, Omaha, U. S. A.
