## ROAD WOULD ISSUE BONDS

Promoters Push Application Before State Board.

CONSENT WILL BE CONDITIONAL

Charles M. Chamberlain of Tecumseh Bank Again is in the limelight in Spokane.

(From a Staff Correspondent.)  
LINCOLN, Jan. 2.—(Special.)—Stocks and bonds to the amount of \$12,000,000 will be issued by the Nebraska, Sioux City & Omaha Interurban Railway company under certain restrictions, if an application to the railway commission made by that company is granted.

A conference was had this morning between F. A. Brown, C. W. Baker and R. R. Kincaid of the company and the railway commission members regarding the issue of bonds, the company desiring to build a road from Sioux City to Omaha, Omaha to Fremont, Fremont to Nebraska through Stanton and Pierce and from Nebraska back to Sioux City. The issue of bonds asked for at this time will be \$10,000 in stock and the same amount in bonds for the interurban road and the same amount for the construction of a power plant on the Nebraska river, to be known as the Nebraska Power company.

Should the company obtain permission from the commission to issue bonds, the same restrictions which were made in the granting of an issue to the Omaha, Lincoln & Berrien Interurban company some time ago will govern the transaction, the securities to be deposited with some reputable trust company and the sale of the same guaranteed by some responsible syndicate, the securities to net 75 cents on the dollar.

**Resolutions for Jurist.**  
The committee appointed by the supreme court to draft resolutions on the death of Judge Wallace of Omaha have notified the clerk of the court that the resolutions will be read at the convening of the court next Tuesday morning.

**Chamberlain Again in Spotlight.**  
Charles M. Chamberlain, who was in the limelight some time ago in connection with a bank failure in Tecumseh, is again prominent in legal circles in Washington, according to advices received by Labor Commissioner Pool and backed up by the publication of articles in the Tecumseh papers.

Chamberlain lives at Spokane and has been practicing law quite successfully. The supreme court has ordered an investigation of Chamberlain on the grounds that he has been practicing without first having received a permit from the supreme court of that state. The article also states that he was formerly an attorney of Nebraska and practiced before the supreme court of this state. The records of the supreme court of Nebraska do not disclose that Chamberlain ever was given a permit to practice in this state, though under the old law he could have been admitted before a district court. The records disclose that his father, C. K. Chamberlain, was admitted to practice September 20, 1899. The incident has caused considerable of a sensation in the state of Washington.

**Employment Bureau.**  
The free employment bureau in connection with the labor commissioner's office of the state is receiving applications from people who want jobs on farms in Nebraska the coming year, and Commissioner Pool says that he will be able to assist materially anybody who is in need of help this summer.

**Hospital for Fairbury.**

## Meat Injurious to the Kidneys

Take a tablespoonful of Salts if Back hurts or Bladder bothers.

We are a nation of meat eaters and our blood is filled with uric acid, says a well known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in uric acid, so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

**REST AND HEALTH TO MOTHER AND CHILD.**  
Max Winslow's SOOTHING SYRUP has been used for over SIXTY YEARS BY MILLIONS OF MOTHERS for their CHILDREN WHILE SUFFERING WITH PERFECT SUCCESS. IT SOOTHES THE CRIBS, CURES THE GUMS, ALLEYS ALL PAINS, CURES WIND COLIC, and is the best remedy for DIARRHOEA. It is absolutely harmless.
