### GUILD WILL COMBAT TRUST

Two Organizations at Work in State Educational Circles.

### LOD ECHOES OF RECENT BATTLE

State Normal Board Said to Have in View Number of Changes to Reward Those Who Stood by the Gains.

(From a Staff Correspondent.)  
LINCOLN, Jan. 2.—(Special.)—Insurgency in the ranks of the Nebraska Teachers' association of Nebraska is not sleeping, as evidenced by a meeting of the committee selected to set a time for the next meeting of the Educational Guild, the insurgent organization, at the Lindell hotel last night.  
The meeting was attended by Dr. A. C. Thomas of Kearney, Superintendent C. P. Stewart of Sterling and County Superintendent L. C. Kuster of Johnson county. No exact date was set for the meeting, but a general discussion of plans were made and consideration of members for admission, there being something like fifty new applications for membership.

The guild was organized about a year ago and, with the addition of those who have made application, will number in the neighborhood of 100 members. The object of the organization is to fight the schoolmasters' organization, which the members say exists, and to provide that merit alone be considered in the selection of teachers for the different positions in educational circles of the state.

Said Mr. Stewart last night: "We are not fighting to control selections of teachers to the good positions of the state. We simply want every teacher in the state to have an equal chance for promotion with every other teacher, and we want merit to be the standard and not membership in any club or trust to govern appointments. We want to know if teachers who have made good have got to step one side for no other reason than that they will not knuckle down to a certain ring which controls educational selections at the present time, and their places given to those who are within the charmed circle of the schoolmasters' club. In fact the only thing we are fighting for is a square deal for every teacher and a chance to draw our educational breath, free without being subject to having our wind shut off by the despotic hand of an educational trust."

### Standpatners Meet.

A secret meeting of the heads of the schoolmasters' ring was held in Lincoln only a few days ago, and were it not that a gentleman who knows that all happened to be at the Burlington depot and saw them striding along to catch a train the fact that they were here might not have been discovered.  
J. W. Crabtree, formerly one of the prime ministers in the trust, but now engaged in educational work in Wisconsin, entered the station first. About half a block behind him came George L. Town of the University Publishing company, also directly interested. About half a block farther up the street, walked State Superintendent Delzell and his brother, W. N. Delzell, of Peru, both members of the trust and the former a member of the State Normal board. All were going toward the station, and the question arises why they refused to walk together. Later it was rumored that a meeting had been held and that other members of the trust had been present.

### Proposed Changes.

It is rumored now that the Normal board proposes to appoint Superintendent E. J. Bodwell of Beatrice to the presidency of the Kearney normal and that Superintendent A. L. Caviness of Fairbury will go to Beatrice to take the place made vacant by the promotion of Prof. Bodwell. It is not known when they have selected to go to Fairbury in the place of Caviness.

Another pretty authentic rumor has it that when the board meets President Hayes will be deposed as president of the Peru Normal as the price paid to T. J. Majors for his support of the scheme to throw over President Thomas of the Kearney Normal last summer. When Majors was on the Normal board several years ago he had absolute control of the Peru Normal and it is pretty generally believed in Lincoln that he proposes to dictate things at the school now.

Whether a majority of the Normal board will have the courage to pull off the game as the cards have been stacked remains to be seen. The board meets on Tuesday, January 13, and it is just possible that the "13" may prove a hoozie that the trust may not care to go up against.

### BROKEN BOW PUBLIC SERVICE CLUB RECEIVES

BROKEN BOW, Neb., Jan. 2.—(Special.)—The New Year's reception of the Public Service club of this city was one of the finest affairs of its kind that has ever been given here. The reception was general and no one was barred from partaking of the hospitality of the club. The doors were thrown open at 2 o'clock and from then on until 5:30 a big portion of Broken Bow and many visitors from out of town passed through the arched club rooms. The decorations were among the most artistic ever seen here, both floral and otherwise, the banquet room presenting an unusually brilliant appearance. The guests were received by the members of the club. They were first greeted with punch and then passed on to the back of the room where other members served them, with the delicacies of the season. There was a fine orchestral program. Interspersed with this were vaudeville turns which took place on the stage. The officers of the club are: E. R. Purcell, president; E. P. Steen, vice president; J. S. Molynieux, secretary, and J. C. Lomax, treasurer.

### STANTON JEWELRY STORE BADLY DAMAGED BY FIRE

STANTON, Neb., Jan. 2.—(Special.)—L. V. Freiday, a Stanton jeweler, upset a can of gasoline while cleaning a clock Friday afternoon. It spattered over the floor and ignited from the flame of a heating stove. Mr. Freiday escaped uninjured, but goods of the store to the extent of about \$2,000 were ruined by flames and water. The quick action of the Stanton fire department prevented serious damage to the building, which is owned by Herman Seidel. Mr. Freiday's goods were fully insured. This is the second fire started in this building during the last three months, the first being the de-

### SCOTT'S BLUFF MAN MAKES INTENSIVE FARMING PAY

SCOTT'S BLUFF, Neb., Jan. 2.—(Special.)—Experts have said that an irrigation community will support one inhabitant to the acre. As one-half of the population of a community is usually in the towns, it means two acres for each agricultural individual. Recent demonstrations at this place shows well for intensive cultivation and artificial application of water. D. H. Cole and wife live in a suburb of this city and have two and one-half acres of land.

About five-eighths of an acre is taken up with buildings, shade trees, a large beautiful lawn, yards and a small run lot for a cow and horse. A half acre is in fruit and the product of the year is as follows:

	Sold.	Used.
Strawberries	\$45	\$2
Apples	2	2
Gooseberries	2	2
Plums	2	2
Cherries	2	2
Total fruit, 112; sold, 116; used, 119.		

From about one-half acre of sweet corn sold \$43.55 and used about \$3 and the excess will have grain for three dozen chickens and fodder for the horse until nearly spring.

From one-fifth of an acre of tomatoes sold \$26.55 and used about \$5.

From one-fourth of an acre of popcorn sold \$26 and kept \$2 worth for use and seed.  
From the balance of the tract miscellaneous garden truck was sold, as follows: Onions, \$15.75; radishes, \$10; lettuce, \$15.50; beans, \$17.50; table beets, \$4; peas, \$15.50; cucumbers, \$3.50; carrots, \$3.50; squashes, \$5.50; turnips, \$1; cauliflower, \$1 and used an estimated product of \$29.  
Total sold, \$381.70; used, \$39, in addition to which there is an estimated value in chicken feed and horse fodder.

### BOGUS LAND DEAL CAUSES ARREST OF MAN WORKING IT

FREMONT, Neb., Jan. 2.—While pulling off a bogus land deal seeking to borrow \$5,000 from the Fidelity Trust company on a bogus deed and abstract of land near Dodge, a man who said he was Andrew Rogers, but is believed to be a noted crook, was apprehended due to a defect in the land title revealed by the abstract.  
A trap was laid for him and Sheriff Condit arrested him at Winslow this afternoon. Officers say this man worked the same deal for thousands of dollars in a dozen states.

### MAGUIRE WILL RUN AGAIN

Returns to Lincoln After Long Absence in East.

### SIDETRACK NOT IN HIS MIND

Has No Intention of Making Way for Governor Morehead, but Will Go Right on Trying to Be Congressman.

(From a Staff Correspondent.)  
LINCOLN, Jan. 2.—(Special.)—Congressman Maguire returned to Lincoln today for the first time in many months. He has stuck to Washington through all the warm weather, the currency debates and other things, but will return in a few days as he has to be in Washington by the 11th.

When asked if he was a candidate for re-election, the congressman replied: "I am not now a candidate for re-election, but when the time comes to file it will not require any great amount of pressure to cause me to go for the place."

Is there any chance that you might retire in favor of Governor Morehead, he was asked:

"As far as that is concerned it will require a great deal of pressure to require me to do that."

This indicates that if Governor Morehead expects to get into the congressional ring, he will have to get busy and quit listening for rumble coming from the movement to make him a candidate for re-election.

### Board of Control Worried Over "Bribe"

(From a Staff Correspondent.)  
LINCOLN, Jan. 2.—(Special.)—The State Board of Control is considerably worried over the fact that it has been offered its first bribe to award a contract to a bidder, who would like to furnish the state with the sort of goods handled by the firm he represents.

The board refuses to give out the name of the firm or the location of the bidder and is also somewhat up in the air, whether the bribe was to be smokes or liquors. In the letter to the board the bidder says if the chairman will kindly let them know the brand used by the board and how many of them there are they will show their appreciation of receiving the contract in a substantial manner.

Inasmuch as all members of the board "swore off" New Year's day, there is not likely to be anything doing in a substantial way.

### STATE NORMAL BOARD REPORTS ITS EXPENSES

(From a Staff Correspondent.)  
LINCOLN, Jan. 2.—(Special.)—The State Normal board has filed its report with Governor Morehead showing the amount of money spent by the board the last year. Two members, State Treasurer George and State Superintendent Delzell, bought mileage books costing \$40 each. Secretary Tooley of the board drew \$25.50 in salary and expenses. The several amounts were:

McDonald, \$64.42; Tooley, \$26.50; Gettys, \$24.11; Majors, \$20.40; Delzell, \$24.45; Caviness, \$29.55; George, \$11.42; and Verle, \$25.54.

In the assignment of funds to the different normals as per the levy made Chadron will receive \$20,000; Peru, \$10,000; Wayne, \$10,000; and Kearney, \$10,000.

No allusion in the report is made to the removal of President Thomas by the board without a hearing, which gives color to the report that the board would like to forget it.
