supplies, for over three months with a exclusive of pensions. New York Times

War Scene in Movies. One of the good uses for moving pic-

ture films is for recording historic Not long ago the king the war dragged on for eight months, the war dragged on for eight months, the war dragged on for eight months, the series of bloody battles during in the series of bloody battles during ment without having fired a shot. On May II. 1846, congress authorized the raising of 30,000 volunteers. Another act of the same date authorized the president to increase the companies of dragged on for eight months, the series of bloody battles during mantan-Russo-Turkish war which determined the independence of that country. The film will be kept in the archives of the raim. In order to carry this out the army lent \$,000 men in uniform with service II,005 regulars and 72,584 volunteers. Another case is that of the Italian government the number of troops the government was able to bring on the field of bat.

Penciled Wreathes to the Memory of Old Fashioned Pumpkin Pies.

When Made of Right Pumpkin and Baked by Right Woman, It's Fit for a Sovereign or King.

There are some things in nature just emy, in spite of the fact that we had right, if in the right spot, and one of in service at all times an average num- these is pumpkin pie. You should know ber of 55,000 men, as opposed to 36,000, all about the pumpkin just as much as the largest number of Mexicans in ser- you should be well acquainted with Indian They have grown together so long "If we consider the cost of the war that one of them alone seems lonesome. we find that the losses in killed and But when the corn is all cut, and the wounded were 4,541 officers and men, of farmer boys are sitting around it to whom 3,010 were regulars, making for these strip the golden ears, what would one do a loss of one in ten, and 1.831 volunteers, without pumpkins to sit on? It is the a big cornfield, with the corn all husked a loss to these of one in forty. The pie, however, that we are after, and how and in the bin, and yet the field covnumber that died from disease was 6.541; in the world can such a delictous affair be made out of a gourd? For the pump-"The heaviest loss from disease fell on kin is nothing but a gourd, glorified. the short-term men, the losses among Every sort of plant has a special fitness troops of the old establishment, who had above all others. It is so with folks also, enlisted in the regular army in 1846 for and as for companionship, what could the war, being at the rate of 6% per cent be finer than this of our gifts from

the cookies. Nobody can tell why, only The cost in money for the war with it is so. But the pumpkin ple must have and suggestions had been made the defensive at that place, in the heart Mexico, Major Johnson writes at the end a bracing charge of ginger, and sugar of the enemy's country, cut off from all of his remarks on Mexico, was \$102.05, .29, enough to be really sweet in the raw; and as for the milk, our word for it, don't try condensed milk. And one more thing, don't try making just one pie. We have never known stinginess to work well with pumpkins.

A Pumpkin Pie Must Ripen. It is not easy to be patient with those who have a washing day every week, but not a cooking day. If you wash on Monday, on Saturday you should make ples- kin that is smooth, almost round, with doughnuts, cookies and bread; all a little depressed at the end, and of a of these; and, to begin with, there should darkish hue. Have you ever seen be a pan full of the cookies when you get through, and a pan full of ple mixture when you begin. If there are boys she will not go far before she has picked in the family they should be permitted out a dozen. to taste with entire freedom of the mar- Pumpkin pudding is not to be

velous mixture, and there should be a big looked in the association. spoon thoughtfully laid by the pan on best for delfate stomache. It has no the table. After the pies are baked, set them in it a little less gingery, and as for rais-

a row, always on the second shelf in the ins, if used at all, let them be mellow. pantry, and let them ripen. Nothing is Why should one spoil a high bred pud-

and in the bin, and yet the field covered with 2,000 pumpkins, the 'olor of red gold, and everyone of them crying "Take me! Take me!" Yes, it is one of the few things of which nature creates a surplus; enough to use up four quarts of Jersey milk, although it is the pumpkin itself that has made the Jersey milk so golden; enough also for boys to make jack o' lanterns on the husking bees gather the farmers, and then enough for pies for every day as long as the snow quilts lie on the meadows, and enough for the uncles and aunts in town. It Is an Honest Fruit.

Goodness! But what can one think more beautiful than a big farm wagon piled high with this golden fruit? We have also seen great toads of melons, is July, fifty pounds each, and every one as full of joy as-melons. Only you cannot trust a melon by sight, but a umpkin is more like a Stark's improved Alberta neach: as honest a fruit as goes. Yet we confess that there is art in the selection; let the pie be made of a pumpwoman going all over a pumpkin field to get one worthy of her skill?

crust to confound the digestion. Make perfect when green, least of all a pumpkin pie. They are best on the second
day, and not much different on the third,
and are still good on the fourth; only
let one ple, as soon as out of the oven,
be set on the big, broad shelf by the
window, and on it a suggestive knife,
of sliver, and ask no questions. If it is
not there on the morrow, why, those on
the second shelf remain, and is not
graitude from a whole family as good
as a pumpkin pie, any time?

We have heard a good deal of growling about the world, from time to time
and from folk who ought to know tetter, yet it is no wonder when all the
domestic arts are lost arts, and when
there is no Wendell Phillips left to rehearse their golden days. But all this
is nonsense, when one may easily have
a big cornfield, with the corn all husked
and in the bin, and yet the field coy-

It is the pumpien pie. Yes, yes, why not?-E. P. Powell in New York Independent. It's Healthy to Yawn.

Yawning is said to have an exceeding Yawning is said to have having a safu-sealthful function besides having a safu-ary effect in complaints of the pherynx and the custachian tubes. According to
