By MELLIFICIA. Monday, January 5, 1914.

CHICAGO society is now engaged in raising funds for various charities, and several former Omahans are prominent in these affairs.

There seems to be keen enthusiasm for the pageant of the artists' fête to be given Friday evening in the First regiment armory for the benefit of the Chicago Lying-In Hospital and Dispensary.

The 400 are carefully studying artists and their great paintings, and each of the 400 will represent either some great artist or one of the characters or models in the paintings.

The Botticelli group, in charge of the Countess Eleanor Gyzcka as Flora, in Botticelli's "Spring," will head the pageant. The personnel of the group includes many prominent young society women, including Miss Helen Cudahy, formerly of this city, who has unusual beauty and style.

R. B. HOWELL MAKES REPLY

Answer to Put-it-Back Suit is Different from Voucher Record.

VOUCHER PROOF OF THE DEAL

But Mr. Howell's Two Sworn Statements Do Not Tally and Mr. Smith Wants to Know Which is True.

R. B. Howell, water commissioner, in a sworn statement filed in district court in answer to the "put-it-back" suit started by Attorney E. A. Smith, denies that he received \$62.90 for expenses to the American Water Works association's convention at Minneapolis last June.

"Which of Mr. Howell's sworn statements is true?" Attorney Smith inquired. "He takes oath that the water district owed him \$63 for expenses to the Minneapolis convention and receives the money and now comes into court and swears that the cash was not used for that purpose."

Voucher No. 486 of the water board's records, signed by R. B. Howell and acknowledged before a notary, reads as follows:

Water board of the city of Omaha, to Robert B. Howell, dr. Omaha, Neb. Expenses at Minneapolis attending the annual meeting of the American Water Works association, June 23 to June 28, 1913, received payment in full of the within claim by warrant No. 994.

Howell's answer to the anti-junk suit is that the \$63 was not paid to him for expenses to the Minneapolis convention, but went to pay the costs of a trip to several cities in search of information desired by the water board. He asserts that he investigated methods of treating water in the settling basins at Florence and systems of storing coal. He admits that he visited the convention at Minneapolis.

Another allegation made by Howell is that Attorney Smith has no right to inquire into expenditures of the water board "because the water fund is not raised by taxation and the plaintiff has no interest in it."

Howell allowed the legal answer to go by without filing an answer, but Attorney Smith, desiring an adjudication of the issue by the courts, declined to take a default against him.

Americans Spend an Average of \$2.74 for Stamps During Year

People of the United States spent an average of \$2.74 each in postage during the fiscal year ending June 30, 1913, according to the annual report of the auditor of the Postoffice department, which has just been received in Omaha. In 1912, the first year of the organization of the department, the average expenditure per capita through the postal department was 30 cents.

Every year since 1897 the postal revenue per capita has shown an increase. In 1896 the amount was \$1.77, but in 1912 it dropped to \$1.16 per capita. Since 1909 the amount per capita has more than doubled, showing the more extensive use of the United States postal system.

During the last year the gain has been the greatest since 1909, when from 1900 to 1910 the revenue per capita showed an increase of 19 cents for every man, woman and child in the United States.

The revenue in 1913 was \$2.58 per capita, based on an estimated population of 85,556,000, as compared with \$2.75 per capita during 1912, based on an estimated population of 97,357,000.

OMAHA PRESBYTERY TO LOOK AFTER BOWMAN

Harold Leonard Bowman, 25-year-old son of Mr. and Mrs. A. W. Bowman, 1009 Georgia avenue, and a 1906 graduate of the Omaha high school, was taken under the care of the presbytery of Omaha by action of that body in order to further his theological education at McCormick seminary, Chicago, and his ministerial intentions after he completes his course there in 1916.

The meeting was specially called to consider taking young Bowman under the wing of local Presbyterians, as it was desired by all parties concerned that he enter the ministry under the supervision of his home presbytery.

Twenty Presbyterians, all but four of them being ministers, attended the meeting. The transfer of Rev. Robert W. Taylor, D. D., from Tekamah to Omaha, after a service of over nine years, was granted, as also was the transfer of Rev. Thomas B. Greenlee, Ph. D., from the Clifton Hill church to the one at Audubon, Ia. Until other pastors are secured for the two pulpits thus vacated, Rev. P. Schwarz, D. D., and Rev. P. P. Ramsey, D. D., both of Omaha, will look after the pulpit supply.

FIFTY MEN ARE EXCUSED FROM DOING JURY DUTY

James L. Paxton, president of the Paxton-Mitchell company, was one of the men excused from jury service for the next three weeks' term in district court. About fifty others, many of whom are business men, have been released. Few of the excuses are for sickness or absence, most of the reasons given being that prospective jurors are unable to spare the time from their business. Frank A. Broadwell, former clerk of the district court, did not ask to be excused, but is serving on a jury.
