is always put up in clean bottles, with a seal over the cork. But in order to protect yourself against fraud in refilling, we ask all consumers to be sure and break each bottle as soon as empty.

In a few remote instances unscrupulous dealers who have failed to work off substitutes and cheap imitations on their customers, have tried refilling Duffy bottles when they could get them, hoping in this way to line their pockets. You can aid us to stop this practice by breaking Duffy bottles when contents have been used.

Be sure and get the genuine-if in doubt examine your purchasesee that the seal over the cork is unbroken; the cork should be new and perfect-the name, "Duffy's Malt," is on each side of the
