TO MAIL TINKER CONTRACT

Ebbets Says National League Foolish to Show Its Hand. IS GOING TO PROTECT ITSELF

NEW YORK, Jan. 12.—Notwithstanding Joe Tinker's intention not to play organized baseball this year, an advertisement by his signing a contract to manage the Chicago Federal league club, Charles H. Ebbets of the Brooklyn National league club announced today that he would mail Tinker a Brooklyn club contract this week.

"In my opinion," said Ebbets, "as far as our taking legal steps to keep Tinker from playing with the Federals is concerned, we would have to wait until he actually begins to play with the Federals before applying for an injunction. Until he does that we will not know positively that he is not going to come into the Brooklyn fold."

"The National league is going to protect itself against the invasion of the Federals, but what steps are to be taken I am not prepared to discuss. The most foolish thing the National league could do now would be to show its hand."

New Definition for Amateur Tennis Player Proposed

NEW YORK, Jan. 12.—A new definition of the lawn tennis amateur was formulated today by the amateur rules committee of the National Lawn Tennis association and will be offered for adoption at the annual meeting of the national body here on February 5. It provides that a player may receive money to cover his necessary expenses only "when officially selected to represent his nation or club in a world's championship or in a national, sectional or state championship held under the auspices of the United States National Lawn Tennis association."

"The new rule is understood to conform sufficiently with the rule of the International Federation of Europe, so as to cause no friction as to Davis cup matches of the future. The only opposition to it is expected from invitation and hotel promoted tournaments which, if the rule is favorably acted on, will have to depend on local players."

"The proposed rule follows: 'An amateur lawn tennis player is one who has not accepted money, or traveling, or living expenses for playing the game in a tournament, match or competition; but a player may accept hospitality at a private house and when officially selected to represent an association or club in a world's championship, or in a national, sectional or state championship held under the auspices of the United States National Lawn Tennis association or in a representative team competition, a player may receive from such association or club his necessary traveling and reasonable living expenses. The interpretation of this rule shall not prevent a player from taking advantage of any reasonable special living or transportation rates which are properly announced and are open to all players entering a tournament.'"

LINCOLN HIGHWAY BOOSTER ON THE JOB.

Lincoln birthday celebrations as booster occasions for the Lincoln Memorial highway are being planned for February 12 by Sidney, Lodgepole and Potter, Neb., by J. L. McIntosh of Sidney, county consul of Cheyenne county for the Lincoln highway. Mr. McIntosh writes State Consul Fredrickson of Omaha that he is planning for big celebrations at these towns at this time.

He also writes that he is drafting proper ordinances for these towns providing for the renaming of the principal street in each town through which the highway passes. The scheme of the association is to have these principal streets named "The Lincoln Way." Mr. McIntosh says he has no doubt the change can readily be accomplished all along the line.

Paul Anthes, center on the Magee & Deemer basket ball squad, which played the Cornhuskers at Lincoln Saturday night, is of the opinion that the Nebraska five is strong enough this year to win the Missouri valley championship once more. Anthes says that the team is one of the fastest college teams he has ever seen and believes that the players are faster and better players than those who were on the squad last year.

ANTHES SAYS NEBRASKA HAS STRONG BASKET FIVE

"If Myers, Rutherford and Haskell fail to prove the three stars of the valley I will admit I'm a poor prophet, but I think Ames, Missouri and Kansas will all prove easy for those men and Minnesota will have to fight to win this year."

Eschen with Chance. International league ball players are of the opinion that Outsider Eschen, who attracted the attention of the big league scouts when he was with the Edman club in Brooklyn, and who was secured by the New Yorks and then turned over to Jersey City, will give those striving for a job in the outfield a struggle to keep him out of the running. Eschen showed good form with the Redsters, and for that reason Manager Chance has decided to take him to Houston next spring.

STIEHM DRAWS HIS PRIZE

Given Three-Year Contract as Coach at \$3,500 a Year. INCREASE THIRTEEN HUNDRED

Lincoln, Neb., Jan. 12.—(Special Telegram.)—The University of Nebraska athletic board, as expected, grabbed at the chance of offering Coach Ewald O. Stiehm a three-year contract, which it is understood was what the clever foot ball instructor asked in continuing his work at the Cornhusker institution. In addition the board boosted the salary of coach from \$2,200 a year to \$3,500 in recognition of Stiehm's great work of developing a championship foot ball team. The salary covers Stiehm's work in all branches of all athletics the same as under the existing contract. These provisions are included in the recommendation which the athletic board makes to the Board of Regents, the latter body having final action in the matter, since the position of coach has become a faculty place under the all-year coach rule.

The question of the eligibility of Max Towle went over until a meeting which has been called for next Monday night, at which time it will be decided whether the star quarterback is eligible to play another year of foot ball as captain of the varsity.

The board accepted the report of Secretary Logan on finances and recommended the purchase of \$5,000 state warrants as an investment until next fall, when money will probably be needed. The purchase represents a part of the surplus from the foot ball season.

Would-Be Policeman Is Himself Arrested

E. J. Stell of a merchants fire reporting agency, and who wears a badge which permits him entrance to fire lines, attempted to arrest Harry Fomery on Douglas street yesterday afternoon, and, according to witnesses, was unnecessarily rough. An enormous crowd assembled and would have treated Stell to some of his own medicine but for the timely arrival of Officer Chapman, who took both to jail.

Stell is the young man who was mixed up in the sensational taxicab accident at Fifteenth and Farnam streets several months ago, at which time half a dozen persons were seriously hurt. At the time he pleaded "that his authority gave him the right to exceed the speed limit, but this was denied by the city council. Stell was arraigned in police court, but the case was continued until Tuesday to allow several witnesses to be notified for appearance.

BLINDS MAN REFUSING ALMS

Beggar Throws Red Pepper in Lawrence Brooks' Eyes and Flees. MAY LOSE EYESIGHT ENTIRELY

Police Say Unemployed Man Offer Problem that is Rapidly Becoming Dangerous—Will Report Some Today. "You're like the rest—you've got no sympathy for the unfortunate," angrily exclaimed a shabbily dressed man last night as he threw a handful of red pepper in the eyes of Lawrence Brooks, 24 North Nineteenth street, an employe of the Mickel Bicycle company, when alms were refused. The beggar then helped himself to \$1.30 which he found in his victim's pocket and fled while the man was shouting for help.

The affair took place on Chicago street near Sixteenth. Arthur Semberg and Minard Alson of 217 Avenue B, Council Bluffs, came along and helped him to police headquarters. Police Surgeon Fochtman allayed his suffering and then sent him to the Omaha General hospital. It is feared that Brooks will lose his eyesight.

Detectives spent the greater part of the night seeking the pepper thrower, but their efforts were fruitless. The occurrence of last night is similar to others that have happened within the last few weeks. Several times citizens who refused money to beggars have been assaulted, and one was stabbed several times with a pocket knife.

Need of Solution. Police officials declare that the problem what to do with the unemployed men in the city is one to be given immediate attention. The men must eat and have shelter, and many of them are not particular how they secure these necessities. Several concerns offered to provide work for some of the unemployed, but the propositions were not of a nature to appeal to them. Today a "clean-up" order will go into effect in the police department, and every man out of a job who refuses to accept any offer that carries with it sufficient money for food and lodging, will be escorted to the city limits.

GOULD'S MATCH BIG CARD

Court Tennis Contest Arranged with English Professional. STAGE SET FOR PHILADELPHIA

NEW YORK, Jan. 12.—In the long list of international contests scheduled for the present year none stands out with the peculiar uniqueness which will surround the court tennis contests between Jay Gould of the United States and G. F. Covey of England. This match, which will be played in Philadelphia late in March, brings together the American amateur champion and the world's professional title holder. That an amateur and professional should meet for a world's championship is unusual in sporting competitions, but the fact that Gould is a member of a family famous for its wealth, deprives this meeting with the professional employed by Hon. Neville Stephen Lytton at his home court, Crabtree park, Sussex, England, of sinister reflection on amateur status.

First of Its Kind. Interest in the contest is rapidly increasing both in this country and England because of the remarkable playing ability of both Gould and Covey and the fact that it is the first time that a championship match has ever been arranged between an amateur and professional and the first time that the championship match has been played outside of England.

Covey, who is professional to Mr. Lytton, the British amateur champion, is 28 years old, the best age, according to experts, for the game. He learned court tennis at Prince's club when "Punch" Fair was head professional there and in 1912 defeated Fair at Prince's club by seven sets to three—54 games to 42, 341 strokes to 336—thus gaining the championship which he will risk in meeting Gould.

Gould the Younger. The American amateur, who is about five years younger than Covey, is regarded as the leading exponent of court tennis in this country. According to the English method of handicapping, the average professional is considered to be fifteen better than the leading amateur. In the case of Gould, he was rated at half fifteen in 1908, when he won the English amateur championship from Mr. Miles. It is conceded abroad that he must have improved his game considerably since.

Glancing over the history of the court tennis title it develops that no championship match has been played out of England for nearly 100 years, though there have been several international matches.

International Bowling. Another international competition for 1914 of unusual type is that of the United Bowling clubs of New York, which will send a team of expert bowlers to the German championship tournament to be held in Berlin during the week of August 2-8. A large party of pin knights have chartered a steamer and will embark at this port July 20. This will be the fourth trip of the United Bowling clubs of New York to Germany to take part in bowling tournaments in all of the previous invasions they have come out victorious.

Fight for Golf Honors. According to private advices from England a trio of the best of the British professional golfers will compete in the United States open championship at the Midlothian Country club, near Chicago, next summer. George Duncan, James Braid and J. G. Taylor are named as the possible invaders. Taylor and Braid together with Harry Vardon have each won the English championship five times. Duncan holds the world's record for both thirty-six and seventy-two holes.

Defy Blood Disorder BY Giving the Blood an Effective Bath

The word Medicine is one of the most abused in our language. There are certain medicinal properties just as necessary to health as the food we eat. Take, for example, the well-known medicine, S. S. S. This famous blood purifier contains medicinal components just as vital and essential to healthy blood as the elements of wheat, roast beef, the fats and the sugars that make up our daily ration. As a matter of fact, there is one ingredient in S. S. S. which serves the active purpose of stimulating each cellular part of the body to the healthy and judicious selection of its own essential nutriment. That is why it has such a tremendous influence in overcoming Rheumatism, Catarrh of the Stomach and Intestines, skin eruptions and all blood troubles.

And in regenerating the tissues S. S. S. has a rapid and positive antidotal effect upon all those irritating influences that cause throat, weak eyes, loss of weight, thin, pale cheeks and that weariness of muscle and nerve that leads so many people into the dangerous path of stimulants and narcotics. Get a bottle of S. S. S. at any drug store, and in a few days you will feel bright and energetic. S. S. S. is prepared only in the laboratory of The Swift Specific Co., 503 Swift Bldg., Atlanta, Ga., who maintain a very efficient advisory department where all who have any blood disorder of a stubborn nature may consult freely. S. S. S. is sold everywhere by drug stores, department and general stores. Don't permit anyone to sell you a substitute. Insist upon S. S. S.
