Wireless-The Life Saver.

Wireless telegrahy has never scored a more thrilling and dramatic triumph than that of the rescue of passengers and crew of the Cobequid just as the vessel was about to be dashed to pieces against Trinity Rock. It took time for the nearest ship to respond to the "S. O. S.," but it got there in the last moment and saved the day.

It seems that almost every notable loss of life averted at sea since the advent of the wireless has been either in whole or in part through its instrumentality. Which makes us wonder Omaha and Miss Katherine E. Whitney what we would do without this miraculous invention and what we did before we had it. How did we ever get along without it?
