The Brodegaard Crowns have entered the Booster league tournament with a strong lineup, Sanders is back in the Gate City lineup and is going good. He wears a Storz Priumph shirt.

Eugene W. Marr broke into the game last Monday night, but his execution was somewhat poor.
The Drosda's Kenos are hot on the heels of the Pete Loch, jr., team in the Metropolitan league.

Norgaard's 269 score still stands high or the Gate City diamonds donated by he Rees Jewelry company.

The whole Commercial league lineup is fighting the Brodegaard Crowns, but still they hang onto first place.

Although they are having a lot of trouble, the Omaha league teams are slowly catching up their postponed

Count Lee says that his scores are low on account of the number of splits he receives. It is his thumb that splits, not the pins.

Nothing has been heard on either side about that proposed match between the Shields-Terrell team and the Stanley-Brown pair.

Wiley has entered the singles in the Booster league. He won this event in the city tournament two years ago, when it was rolled under the old handleap plan. The Grand Island bowlers are planning

a state tournament, but declare all Omaha bowlers barred. We can see no reason for this. They broke even with the Clara Belles and Storz Triumphs. Why not have a tournament conducted by the Sunderland Bros. Fairmont Creamery, Omaha Gas. Lithographers, Standard Oil, Paxton & Gallagher and Clan Gordon league? These leagues are evenly matched and could have a good tournament.

"I am with the league to the end," said agreed on when I went into the organization.

The brief recess at which Weeghman and Gilmore made their statements was ended when the magnates resumed their executive session.

Weeghman Will Stick.

Weeghman then announced that he would stay with the Federal league. Color was lent to the rumor of the St. Louis deal by the fact that Robert L. Hedges, the Brown's principal owner, accompanied President Johnson of the American league here from St. Louis today. At the same time August Herrmann, chairman of the National commission, and President Navin of the Detroit club were in Chicago, apparently to be on the firing line against the "outlaws." The partially successful raid on Navin's team by the Indianapolis Federals was thought to have brought him. President Ebbets of Brooklyn and Murphy of Chicago were other magnates on the "organized ball" side of the battle.

Johnson, Ebbets and Herrmann formed themselves into a flying squadron early this afternoon and started out, it was said, in a final attempt to round up Joe Tinker, who accepted the management of the Chicago Federals in preference to a berth on the Brooklyn team. weeks. Starting the season with two victories it looked as if the wire-talkers ability, but rather through hard luck. They have always led their opponents up to the last few minutes of play when would play the Michigan Aggles in Linthey have been overtaken and eventually beaten.

Of all the teams in the league the Benson Pirates are showing up to the bestadvantage. Starting the season with defeat they have gradually worked themselves up to the top until they are next to the top-notchers of the organization. At present they are playing a most consistent game and lovers of the floor game are not backward in saying that they are the real contenders for the

championship.

The Mages & Deemers are leading the league, not having lost a contest this season. However, the clothiers have not the lineup shown today made Baltimore met some of the stronger organizations and though they seem to have an edge on most teams it is almost certain that Weeghman, "but at least six teams must they will get their bumps before the seashow the first-class lineup that was sen is much more advanced. The chief asset the clothlers seem to have is their weight and experience as compared against some of the newer teams who have neither. Their team is practically composed of veteran college stars, all of them having played considerable before entering the league.

The protested game between the Magee & Deemers and the Omaha National Bank is to be played over again instead of being forfeited to the bankers as had been supposed. The Magee & Deemers still have a 1.000 per cent as a result of this, for it was thought they would lose, the game by forfeit, as they failed to play when two of their men were put out of the game for roughness. The bankers claimed the game because they were willing to continue the argument while the clothlers were not.
