MAKES RHEUMATISM PROMPTLY DISAPPEAR

Chronic, Crippled-up Sufferers Find Relief After Few Doses of New Remedy are Taken.

It is needless to suffer any longer with rheumatism, and be all crippled up, and bent out of shape with its heart-wrenching pains, when you can surely avoid it Rheumstism comes from weak, inactive kidneys, that fail to filter from the blood, the poisonous waste matter and uric acid; and it is useless to rub on liniments or take ordinary remedies to relieve the pain. This only prolongs the misery and can't possibly cure you.

The only way to cure rheumatism is to remove the cause. The new discovery, CUSTER SUPERVISORS Croxone, does this because it-neutralizes and dissolves all the poisonous sub stances and uric acid that lodge in the joints and muscles, to scratch and irritate and cause rhoumatism, and cleans out and strengthens the stopped-up, inactive kidneys, so they can filter all the poisons from the blood and drive

it on and out of the system. Croxone is the most wonderful medicine ever made for curing chronic rheumatism kidney troubles, and bladder disorders. You will find it different from all other remedies. There is nothing else on earth like it. It matters not how old you are, or how long you have suffered. it is practically impossible to take it into the human system without results. You will find relief from the first few doses, and you will be surprised how quickly all your misery and suffering will

An original package of Croxone costs but'a triffe at any first-class drug store. All druggists are authorized to sell it M'KISSICK WANTS TO Three doses a day for a few days is often all that is ever needed to cure the worst back-ache or overcome urinary disorders.-Advertisement
