

ASKS FOR \$50,000 DAMAGES

Administrator Anson Bigelow Sues Presbyterian Hospital.

FOR DEATH OF YOUNG NURSE

Alleges that Miss Hattie Rosenbek Died as a Result of Overwork in Her Duties at the Institution.

Anson H. Bigelow, administrator of the estate of Hattie Rosenbek, has started a suit in the United States district court for \$50,000 damages against Robert McClelland, owner of the Presbyterian hospital. The plaintiff charges that as a result of overwork and confinement to her duties as a nurse in the training school of the institution, Miss Rosenbek killed herself or was killed by a patient.

Miss Rosenbek was 19 years old when she died, or was killed on January 25, 1912, according to the petition, and had been in the training school for nurses at the hospital for more than two years prior to her demise.

The petition alleges that "she was uniformly assigned to the most difficult cases as 'special and required to remain on the case against her will and to her physical exhaustion; that she was repeatedly singled out and assigned and required to attend patients who were afflicted with nervous and mental disorders, hysterical dementia, mania and the like; that these patients required attendance often during every hour of the day, necessitating constant watchfulness, incessant labor, mental conflict and often physical restraint; that other nurses refused to take such cases or to remain in charge but a short time; that in order to keep such 'high' priced patients the defendants forced and required the said deceased to submit to such service against her will and in spite of her protests; and that she was coerced into this strenuous but profitable service; that she was browbeaten, criticized, called names, her nationality ridiculed and her morals likewise openly criticized."

Miss Grace Sorenson Will Start Magazine for Younger Element

Miss Grace Sorenson, daughter of Alfred Sorenson and formerly publisher of "The Children of the United States," has started another monthly publication for children, to be known as "Everychild's Magazine." It will be gotten out here and illustrated by an Omaha artist. The first issue will be the March number, to be printed about February 25.

Miss Sorenson published a magazine a few years ago, but sold it in order to raise money to complete her education at the University of Michigan. Her sister, Miss Helen Sorenson, is now a senior at the University of Nebraska and will be associated with the new magazine after she graduates in June.

"My idea is to furnish good, wholesome reading for children, so as to help build character," Miss Sorenson says. "Short stories, poems and educational articles of interest to children will comprise the contents. I already have met with a gratifying response in the way of subscriptions."

A club to be known as the "Everychild's club" is to be conducted among the child subscribers for the purpose of boosting school work and making life happier for the youngsters.

For the first number of the new periodical, Miss Sorenson announces that she has secured two articles by nationally known authors, which were prepared for the "Everychild." One is by Ross Hartwick Thorpe, author of "Curfew Not Ring Tonight." The other is by Dr. Francis Holt-Wheeler of Boston, author of well known books for boys and editor of educational publications.

The new magazine is intended for the use of parents and teachers, as well as children. It will be edited and published in Omaha, although its circulation will be national.

KUGEL NEW HEAD OF POLICE

Council Approves His Exchange of Positions with Ryder.

NO ANNOUNCEMENT OF POLICY

Retiring Police Commissioner Predicts the Capture of Williams Will Soon Be Followed by More Arrests.

Transfer of Police Commissioner J. J. Ryder to the department of street cleaning and maintenance and the election of Street Commissioner A. C. Kugel to the head of the police department was approved by a vote of five to one, Ryder not voting and Kugel voting in the negative.

An executive committee meeting of the city council was held yesterday afternoon and the decision reached to give one of the other commissioners a hand at running the police department, which has been criticized for lax methods in enforcing the law.

Commissioners Ryder and Kugel held a low-voiced conference in the council chamber immediately after the transfer was authorized, but neither official cared to outline his future policy and neither announced any change of policy.

"There will be lots of detail work to take care of in the street cleaning department," said Commissioner Ryder, "certainly enough to keep me busy."

Referring to the report from St. Joseph that one of the murderers of Henry Nickel, who was killed in a resort Thursday, and whose death brought sharp criticism on the police department, had been captured, Commissioner Ryder said that the police were now confident that the three holdup men had been caught in the net and intimidated that their arrests were imminent.

LOCAL PERIODICALS TO BENEFIT BY NEW LAW

The first exception to the law requiring the shipment of magazines by freight instead of mail to be made in Omaha has come with the order that the Sovereign Visitor, the publication of the Woodmen of the World, be changed from a "blue tag" shipment to one through the regular mails, in mail cars. The "blue tag" law has formerly required that bi-weekly, monthly and quarterly publications mailed, be shipped by freight as a saving to the postal department.

The new rule will carry the Sovereign Visitor from Omaha to Chicago by mail cars instead of by freight, as formerly. A number of other Omaha publications will remain "blue tag" mail out of Chicago, but they will benefit in that they are also to be carried from Omaha to Chicago in the mail cars instead of by freight.

OHIO CLUB ELECTS NEW OFFICERS FOR THE YEAR

The Ohio club, an organization composed of Omahans who have come to this city from the state of Ohio, held its twenty-fourth annual meeting at the office of W. W. Slabaugh in the Omaha National bank building at noon and officers for the ensuing year were elected.

HOMESEAKER RATES ARE AGAIN PUT INTO EFFECT

The homeseakers' reduced rates, which were cancelled for January 6, are again installed by railroads running out of Omaha, and all roads carried several carloads of persons who intend to take up homesteads in the various parts of the country. The homeseakers' rates, which have been in effect on the first and third Tuesdays of each month, were cancelled on the last date, January 6, because of the antagonism of certain railroads against such passenger traffic, but at a meeting of the passenger officials of all the railroads it was tentatively agreed to resume the reduced rates during the months of January, February and March and then make a permanent decision at a subsequent meeting.

Whether the homeseakers' rates will continue has not been decided, but it is the opinion of most railroad officials that the next passenger meeting will result in adoption of the rates. Some of the roads hesitate to maintain the lower charges on excursion days because it takes people out of the states where they have the most mileage.

S. L. Poe, assistant emigration agent of the Burlington from Chicago, came to Omaha and left at 4:10 for Powell, Wyo., with a long train of homeseakers, while the other roads all carried extra coaches on their trains running into homestead territory.
