## WROTHS ROLL HIGHEST EVER

Cafe Bowling Team Shoots 3,213 in Game with El Paxos.

## BEST MARK SHOT IN OMAHA

Nothing Like It Reported So Far in Bowling World This Year—Score Made on Metropolitan Alleys.

Wroth's Cafe team rolled the highest total ever rolled in Omaha and the highest yet rolled this season in the bowling world last night on the Metropolitan alleys. Their performance was the most spectacular ever witnessed here and stands out more prominently inasmuch as it was rolled on the Metropolitan alleys, the hardest in the city to get pins on.

Starting with a big 1,094 game, they were not content but came back in the second game and broke the league's team record with 1,118. Even this did not satisfy their hunger for a record, and with K. Sciple and Learn rolling strong games they finished with 1,081, piling up a total of 3,213, following right on the heels of the El Paxos' city record of 3,185, rolled last Sunday.

Learn led in the shooting with 685, with K. Sciple second with 625. Captain Fenton was going strong with 63 and Martin had a 90 count. Terrell, their new man, was far below, but even his new mark was above the average.

The El Paxos, who rolled the record game against the Mets last Sunday, had the tables turned on them and were forced to take the same bitter dose from the record-crased Wroths. They rolled enough to win an ordinary game with a 2,864 total and were forced to lose with a 99 and 1,031 game.

McCarthy led with a 640 total and Jimmy Jarosh followed with 633. Cummings was a good third with 605.

## Athletic Expenses of Colleges Are Over Billion Annually

BLOOMINGTON, Ind., Jan. 23.—Athletic expenses of colleges in the United States amount to more than \$1,000,000,000 a year, but the major portion of the money does not go to pay for physical exercises of the students. This information was contained in the report of Dr. H. Rhindie Wingert, director of physical education at Ohio state university, which was received by the athletic authorities of Indiana university today.

The majority of students attending American colleges do not take the physical exercises to keep their bodies in a healthy condition, the report says. Dr. Wingert shows that of 11,000 students in 100 institutions only 15,000 participate in the athletic games while in nonvarsity classes, 45,778 men take part. On the sports money does not go to the direction of colleges only \$7,000 is spent annually.

Out of 343 colleges taking part in intercollegiate sports, thirty-seven per cent take no interest in fostering any type of physical exercise, the report says. Fifty-one per cent try to create love for sports by promoting foot ball, base ball, basketball and other games. Twenty-one per cent give corrective exercises; 14 per cent hygienic lectures, 5 per cent require swimming and 2 per cent teach dancing.

Altrock to Come Back.

Nick Altrock, five years ago one of the best pitchers in the American league, is being lured back to the White Sox ball park. He is getting the job in the lumber yard. Altrock was given work by the White Sox around here as a member of a gang adding the outfield. For this he received 50 cents an hour. Altrock still is a member of the Washington Americans, but he was hard hit by Dan Johnson's edict against comedy on the coaching line. He hopes to work with the Washingtons again next season and says he will try to get his arm in shape to perform in the box.

Collins Buys a Home.

Outfielder John (Shono) Collins of the Chicago White Sox has bought a house in Pittsfield, Mass., where he intends to make his home in the future.

Shell Physical Director.

Walter Shell, catcher of the Red Sox, has secured the appointment as physical instructor at Brown university. Shell captained the Brown nine last season.

## Eastern Schools Favor Rule to Permit Summer Base Ball

Makino's Statement Excites Great Interest in Washington.

## OPTIMISTIC FEELING PREVAILS

Administration Officials Express Opinion Satisfactory Agreement Soon Would Be Reached.

WASHINGTON, Jan. 23.—Baron Makino's statement in the Japanese parliament yesterday of the status of negotiations in regard to the California land legislation excited the greatest interest in official circles here today.

Although under a special agreement between the two governments, the Japanese foreign minister refrained from making public the details of the exchange, his statement was informative in many quarters and particularly in congress.

President Wilson was fully aware of the fact that a statement was to be made. Where negotiations are still incomplete, the rules of diplomacy require the assent of both governments to the publication of any details so that one side may not take advantage of the other to form public opinion. This rule was scrupulously observed and Secretary Bryan admitted that he was aware and had consented to Baron Makino's statement.

By a coincidence, the house committee on immigration was considering today a bill supplied from the State department regarding Japanese immigration when attention was called to the development in Tokyo and although the data before the committee was purely historical, relating to a period anterior to the passage of the Webb act, the committee decided that it was the part of prudence to consider such subject behind closed doors at this stage.

In administration circles there was a feeling of optimism regarding the relations between the United States and Japan and the highest officials did not hesitate to express the opinion that a satisfactory agreement soon would be reached. There was no intimation as to the probable basis of such an agreement. When attention was called to the fact, however, that the negotiations had been suspended last August because of a radical difference of opinion between the two governments as to the meaning of the existing treaty, one of the officials who would be directly concerned in the proceedings suggested that the proper way to meet such a condition would be to frame a new treaty which would so precisely define the rights of each party that there could be no further difference of construction.

It has been understood that in the course of the exchanges this idea of an adjustment by the means of a new treaty was mentioned, though today it was stated that Japan had not made any formal request for such a convention. Therefore, it is believed that the way is still open for the resumption of the negotiations on that basis and it was suggested that it is probably what Baron Makino had in mind when he referred to "other ways" of dealing with this issue.

## JAPANESE ISSUE DISCUSSED

Makino's Statement Excites Great Interest in Washington.

## OPTIMISTIC FEELING PREVAILS

Administration Officials Express Opinion Satisfactory Agreement Soon Would Be Reached.

WASHINGTON, Jan. 23.—Baron Makino's statement in the Japanese parliament yesterday of the status of negotiations in regard to the California land legislation excited the greatest interest in official circles here today.

Although under a special agreement between the two governments, the Japanese foreign minister refrained from making public the details of the exchange, his statement was informative in many quarters and particularly in congress.

President Wilson was fully aware of the fact that a statement was to be made. Where negotiations are still incomplete, the rules of diplomacy require the assent of both governments to the publication of any details so that one side may not take advantage of the other to form public opinion. This rule was scrupulously observed and Secretary Bryan admitted that he was aware and had consented to Baron Makino's statement.

By a coincidence, the house committee on immigration was considering today a bill supplied from the State department regarding Japanese immigration when attention was called to the development in Tokyo and although the data before the committee was purely historical, relating to a period anterior to the passage of the Webb act, the committee decided that it was the part of prudence to consider such subject behind closed doors at this stage.

In administration circles there was a feeling of optimism regarding the relations between the United States and Japan and the highest officials did not hesitate to express the opinion that a satisfactory agreement soon would be reached. There was no intimation as to the probable basis of such an agreement. When attention was called to the fact, however, that the negotiations had been suspended last August because of a radical difference of opinion between the two governments as to the meaning of the existing treaty, one of the officials who would be directly concerned in the proceedings suggested that the proper way to meet such a condition would be to frame a new treaty which would so precisely define the rights of each party that there could be no further difference of construction.

Therefore, it is believed that the way is still open for the resumption of the negotiations on that basis and it was suggested that it is probably what Baron Makino had in mind when he referred to "other ways" of dealing with this issue.

## One Killed, Nine Injured in Series of Coasting Accidents

Makino's Statement Excites Great Interest in Washington.

## OPTIMISTIC FEELING PREVAILS

Administration Officials Express Opinion Satisfactory Agreement Soon Would Be Reached.

WEST POINT, N. Y., Jan. 23.—Three coasting accidents on Mile Rock hill, in Highland Falls, near here, during the last twenty-four hours has caused one death and sent nine persons to the military hospital. Harry J. Young, who died today was a young private in the field music detachment at the military academy. His home was in Baltimore.

Young was steersman on a bobbed loaded with soldiers, which ran into a telegraph pole last night. Private Russell C. Elliott, also a musician, had his skull fractured and probably will die. Three other privates were slightly injured.

Lieutenant James Gordon Steese of the engineer corps, an instructor at the military academy, suffered a broken leg yesterday afternoon, when a bobbed carrying a party of officers and their wives collided with an iron wagon. Mrs. George Vidmer, wife of a cavalry captain, and Captain Frederick B. Downing, of the engineer corps, also were badly hurt in this accident.

Charles Champlin, 12 years old, suffered a broken arm while coasting on the same hill.

## Date Land Deeded to the President is Brought Into Contest

Makino's Statement Excites Great Interest in Washington.

## OPTIMISTIC FEELING PREVAILS

Administration Officials Express Opinion Satisfactory Agreement Soon Would Be Reached.

LOS ANGELES, Cal., Jan. 23.—Sixty acres of date land in the Coachella valley, in southern California, deeded to President Wilson by his wife, was brought into contest today in a complicated proceeding before the registrar and receiver of the United States land office here. Two persons claim the land—the president of the United States and Homer L. Goddard, a date planter, and three different sorts of entries were filed upon it.

The contest was brought by John T. King, a rancher, who sold the land to Mrs. Margaret Axson Elliott of Berkeley, Cal. Mrs. Elliott sold the property to Mrs. Wilson and the president's wife in turn deeded it to the president.

King brought the contest, which hinges upon faulty publication of notice of filing, because as the seller of the land he guaranteed title.

In his pleading, King alleges that a conspiracy to commit fraud was carried out by Mrs. Maud Compton Hensie of Los Angeles and her brother, John L. Compton, editor of a little newspaper in the Coachella valley. One of his chief exhibits is a deed naming President Wilson as the present owner of the land. If King's content is successful, the president will remain owner, but an adverse decision will turn the land over to Homer L. Goddard, athletic director of the Los Angeles High school, who in September last paid Mrs. Hensie \$500 cash and gave her a note for \$350 for her relinquishment of claim.

## Grand Jury Probe Into Sulzer Charges Against Murphy On

Makino's Statement Excites Great Interest in Washington.

## OPTIMISTIC FEELING PREVAILS

Administration Officials Express Opinion Satisfactory Agreement Soon Would Be Reached.

NEW YORK, Jan. 23.—A grand jury investigation was begun today into the story told under oath yesterday by William Sulzer the Charles F. Murphy sent a messenger to him during the trial of the impeachment charges against him as governor and offered to call off the trial if Sulzer would quit his graft investigation into state departments.

Sulzer repeated before the grand jury today the story of his alleged dealings with the Tammany chief and it was made known by District Attorney Whitman that this part of it and that relating to the alleged attempt of James E. Cassidy, Murphy's business and political assistant to exact a political contribution of \$100,000 from James C. Stewart, a state highway contractor, would be made the subject of a two-fold inquiry.

Mr. Whitman said Murphy would be called as a witness in the John Doe inquiry. Murphy denounced Sulzer's story as false and said that he was willing to testify and would waive immunity.

Two Deaths at Trenton.

TRENTON, Neb., Jan. 23.—(Special.)—Mrs. James Dilley died Tuesday night, caused by a cancer. Mr. Dilley is an old soldier and is very ill. They have lived here for more than twenty-five years.

## Beware of Boils—THEIR Very Appearance Denotes a Blood Condition That Requires Prompt Action

At the first appearance of pimples or boils the blood should be given a good searching internal bath with S. S. S., the greatest blood purifier known to man.

This remarkable remedy has the peculiar action of soaking through the intestines directly into the blood. In a few minutes its influence is at work in every artery, vein and tiny capillary. Every member of every organ of the body, every mucous membrane in effect a filter to strain the blood of impurities. The stimulating properties of S. S. S. compel the skin, liver, bowels, kidneys, bladder, to all work to the one end of casting out every irritating, every pain-inflicting atom of poison; it dislodges by irrigation all accumulations in the joints, causes acid accretions to dissolve, renders their neutral and scatters those peculiar formations in the skin that cause boils and other skin eruptions.

And best of all this remarkable remedy is welcome to the weakest stomach. In a very brief time S. S. S. has the reconstructive process so under control that every organ is renewed. All eruptive places heal, mysterious pains and aches have disappeared, and from head to foot there is a conscious sensation of renewed health. That strange morbid, morbid feeling of depression is lifted and the entire system responds with surprising energy.

You can get S. S. S. at any drug store. Beware of any effort to sell you something claimed to be "just as good." If yours is a special case and you desire expert advice, write to The Swift Specific Co., 308 Swift Bldg., Atlanta, Ga.

## Killifer Must Play With Federals, Says Attorney Gates

Makino's Statement Excites Great Interest in Washington.

## OPTIMISTIC FEELING PREVAILS

Administration Officials Express Opinion Satisfactory Agreement Soon Would Be Reached.

CHICAGO, Jan. 23.—William Killifer will not even start the season with the Philadelphia Nationals. E. E. Gates prophesied today. "We can prevent him from playing ball anywhere but with the Chicago Federals."

Mr. Gates arrived from Indianapolis involving ball players' contracts and reserve clause. These finds, he said, made plain the Federals' right to sign players despite the reserve clause, and at the same time gave them prior right to a player's services in a case like that of Killifer.

Ward Miller, outfielder of the Chicago Browns of the St. Louis Federal, also announced terms. It was said, with "Hank" Simon, the Pittsburgh catcher.

Arthur Irwin, representing Frank Farrell, the New York American league magnate, arrived and was supposed to have offered a contract to Ed Sweeney, the Yankees' catcher, good enough to get out the bid reported made to him by the Federals. Hollis Zeider, also a Yankee, came up from his Indianapolis home for a conference with Irwin, but said he had not signed. He visited the Federal office.

## AD CLUB MEMBERS TALK OF NOVELTY ADVERTISING

Makino's Statement Excites Great Interest in Washington.

## OPTIMISTIC FEELING PREVAILS

Administration Officials Express Opinion Satisfactory Agreement Soon Would Be Reached.

Following their dinner at the Hotel Loyal last night, the Omaha Ad club took up the discussion of novelty advertising and the direct results produced by specialty advertising. Nearly all of the members present related their experiences with successful novelty advertising, and in the end a vote taken indicated that the majority of two to one, believed that while advertising of that character was of some benefit in general publicity, it did not produce direct business results.

Announcements were made that a committee would be selected to wait on various civic organizations and business firms to solicit contributions to assist the Ad club in defraying the hospital expenses incurred by Officer Cunningham of the Omaha police force, who was seriously wounded in the pursuit of his duties as a policeman.
