Other features of the week were the defeat of the Luxus team, which leads the Omaha league, by the Old Style Lagers, and the defeat of the leading Storz Triumphs team of the Gate City league at the hands of the Mickey Gibsons.

Several special matches were rolled between teams composed of the younger and less experienced rollers of this city.

Every day the local bowling supporters are receiving Literature from officials of the American Bowling congress, boosting the tournament to be held at Buffalo. Crown On account of the great distance, together with a little enmity that has sprung up between the western bowlers and the American Bowling congress, no Omaha team will be seen in the big tournament this season.

tournament was welcome news to the local rollers. They have been leading the Gate City league all seeson and are entitled to the trip. The players on this team are not the best in the city, but they are just good enough to tear off a good total if they get started. The El Paxos and Old Style Lagers are International tournament possibilities. Both have been shooting good ten pins and ought to make a good shwing at Minneapolis. There are now enough sharks in Omaha

to make up a big scratch tournament. The way the entries are coming into the tournament show this. About Booster 100 first-class rollers are entered.

also made up of Gate City stars. The idea that the Booster league tour-nament will in any way interfere with a city tournament, is all folly. The Booster leaguers invited the other leagues to take part and the invitation has been ac-cepted by all. If a city tournament is held the Booster leaguers will be found sup-porting it as well as they have their own tournament. The chances for a city tournament are slim owing to a lack of organization, and the individuality among the city's leagues. For this reason all the leagues rallied to the support of the Booster league tournament.

Booster league tournament.

Booster league tournament. Omaha alley managers are brought face to face every day with a condition that is hard to overcome. Every night the alleys are crowded to their capacity with league teams rolling their regular matches and many of the organized teams not identified with any league find it hard to secure alleys on which to roll their special matches. With the number of leagues and outside teams in the city this season a need for more alleys is seen. However, it is a known fact that Omaha is not much of a city for day-light bowling and as this is a big source of revenue, alley owners are a little un-willing to risk the expense of putting in a new set of alleys. A few of those best posted on bowling conditions assert that on account of the growth of the game here and the prospects for continued growth a new set of alleys would pay.

BEATRICE FIVE TAKES GAME

Defeats Council Bluffs Quintet by Score of 36 to 28.

FAST WORK BY NEBRASKANS

The Beatrice, Neb., High school basket ball team defeated the Council Bluffs High quintet Friday night at the Bluffs gymnasium by the close score of 26 to 28.

The Beatrice High five played all around the Bluffs boys, their teamwork and basket tossing was too much for them, especially in the forepart of the game

Captain McIntosh and Putnam featured for the Bluffs High, the former in passing and guarding and the latter in basket shooting.

Captain Herman, Le Bas and Adams put up a star game for Beatrice and they were responsible for most of the scoring for their team

In the first half Beatrice took the lead in the first few minutes, by their fast basket shooting and teamwork. Puryear, the Bluffs center, shot the first basket,

which woke his teammates up and they got more "pep," but the high schoolers from Nebraska got too much of a lead through the fouls called on the Bluffs High and their fast basket tossing. The half ended: Council Bluffs High, 8; Beatrice High, 25.

The Bluffs High went into the game with a will in the second half. They played all around Beatrice in this half and their spurt in the last ten minutes of playing came near tieing the score. Score:
