TAP LINE REBATES ILLEGAL

Allowances by Railroads to Big Shippers Must Cease.

AMOUNT TO MILLIONS YEARLY

Commission Says that Keeping These Big Sums by Railroads May Make Proposed Raise in Rates Unnecessary.

WASHINGTON, Jan. 27.—Millions of dollars paid annually to great industrial plants—so-called trusts—by railroad systems in the form of "allowances," or special services, were held today by the Interstate Commerce commission to be unlawful and unreasonable preferences, in fact, unlawful rebates, operating to the disadvantage of smaller manufacturing concerns throughout the country.

Eliminating of demurrage on "industrial lines" owned by the manufacturing plants and claiming to be common carriers, the admission of such industrial lines to the benefits of the so-called "per diem arrangements" and other practices, were condemned as unlawful. The commission held that if they should be determined as lawful, they should be extended to all shippers.

The very carriers that are augmenting their expense accounts and dissipating their revenues in this manner to the extent of many millions of dollars a year and for the benefit of a comparatively few shippers, are now complaining that their present earnings are insufficient and on that ground have asked our permission to make a substantial increase in their general rate schedule," says the decision. "In that sense the proposed advance in rates has a certain very definite and immediate relation to this proceeding."

Delaware Coal Case in Court.

PHILADELPHIA, Jan. 27.—Whether the Delaware, Lackawanna & Western railroad company has complied with the decision of the supreme court in the commodities clause case when the line was ordered to disassociate itself from the sale of its coal produced from the anthracite coal lands it owns, was the point to be decided when this case came up for argument today in the United States district court.

Street Car Strikes New Auto Patrol

Just three days in service and the new automobile patrol wagon at police headquarters is on the sick list. The new wagon was hauling a dozen or more prisoners to the county jail from the city bawling when it was struck by a street car at Fourteenth and Farnam streets. Joe Baughman was driving it at the time. The handcuffs on the rear and the step were torn off. The patrol conductor and the prisoners inside were badly shaken up.

BLAU GASMEN ARE GIVEN DINNER AT LOYAL HOTEL

About forty heads of Nebraska and Iowa subsidiary companies of the Nebraska Blau Gas company were given a dinner last night at the Loyal hotel by the Burgess-Granden company of Omaha and the Beech Manufacturing company of St. Louis, Mo. Addresses were made to the assembly by C. E. Snowden and Loyal Abbott. The visitors spent the day in conference with the officers and in looking over the company plant.

WOMAN FRIGHTENED BY BURGLAR LOSES WARDROBE

Miss Margaret Stearns, 1019 South Eleventh street, saw a burglar enter her home last night and became so frightened that she hid in her bedroom while the intruder stole all of her best gowns. After the thief departed she called the police.

exceeded the entire operating expense of the plant railway for that year.

A long list of industrial companies, among them the Republic, Pittsburgh, Bethlehem and Cambria steel companies, the Youngstown Sheet and Tube company and the Wheeling Steel and Iron company, are named as having received such plaintiffs and discriminations.

The commission found that during the fiscal year 1912 the Pennsylvania railroad had paid \$1,619,510, the New York Central \$999,957 and the Baltimore & Ohio \$336,317 in allowances to industrial railways. Five industrial lines received more than \$1,000,000 in per diem claims.

Makes Plant Railroads Profitable.

The commission found that "in many cases the cash revenues received by the plant railways out of the rates of the line carriers are sufficient to lift from the industries the entire cost of their operation." It says that in many instances the plant railway also is able "to declare large dividends on its stock held by the industry."

The Baltimore & Sparrows Point Railroad company, the plant railroad of the Maryland Steel company, paid annual dividends on such stock during the last eleven years that "aggregated more than 423 per cent and have ranged from 29 to 55 per cent a year."

The commission says it regards \$15,000,000 as a conservative estimate of the amount railroads lose annually in money and services.

Home Coming May Be a Feature of King's Festival

Although King Ak-Sar-Ben is not quite old enough to vote, the board of governors have about decided not to wait until he attains his majority, but to celebrate this year, which will mark his twentieth anniversary.

The board of governors met last night in the Omaha club and accepted the resignation of C. T. Koutse, which had been tendered several months. It was decided to start the initiations on June 1, and continue them until September 1. The carnival dates will be from September 20 to October 10. R. K. Brown, Gould Deltz and Joe Barker's terms as governors expire this year and new members will be chosen soon. No definite plans were made for the celebration of the twentieth year of the king's reign, but it was agreed that something special in the way of celebration would be arranged probably in the way of a home coming feature.

EAT

What You Will—When You Will—Stuart's Dyspepsia Tablets Will Digest the Meal Easily and Surely.

Food in itself is harmless. The reason stomach troubles arise is due to faulty digestion brought about by overworking the body or brain, sickness, over-eating, late hours, etc.

"Eat? Why, That's My Middle Name Now, But I Always Take a Stuart's Dyspepsia Tablets After Meals to Stay Safe."

The only way to correct faulty stomach troubles and digestive mistakes is to do what nature wants. All that nature needs is a little assistance to do this work. This is why doctors tell you to diet. By not eating nature is compelled to aid herself. You do not then overwork her when she is already exhausted. Stuart's Dyspepsia Tablets go into your stomach just like food. They help digest this food. Then they enrich the blood, and this when the next meal is eaten the system is better prepared to do its work without assistance or at least less harmfully.

By following this natural habit you will in a short time correct stomach trouble, do away with indigestion and remove all danger of fatal digestion troubles. Stuart's Dyspepsia Tablets are the best tablets made. They are composed of the very best natural ingredients, one grain of one element will digest 2,000 grains of meat, fish, vegetable, grains, soup, etc. Always take a Stuart's Dyspepsia Tablet after meals or just before bed time. Motor Car Bandits Hold Up Two People for Small Reward

Omaha's trio of automobile bandits once more signaled their presence here last night by stealing the auto belonging to Leo Hoffman from 714 North Thirtieth street and pulling off two more highway robberies in their usual sensational manner. W. P. Carr, 323 Davenport street, was stopped a few feet from his home and robbed of \$2, and C. S. Buttershelt was robbed of 50 cents a few blocks away. Immediately after the second robbery the holdup men made their getaway. The three bandits are described as youthful appearing, the youngest looking to be about 20 years old and the oldest about 25. All of the dozen or more robberies perpetrated by the three men have netted the thieves less than \$25 in money, and a diamond ring, worth about \$100, and several watches.
