

ROADS CAMPAIGN ON IN IOWA

Highways Board Takes Steps to Line Up Mahaska County.

LOCAL OFFICERS IGNORE LAW

Progressive Element of County Has Become Aroused and Resistance to Statute Probably Will End Soon.

DES MOINES, Feb. 1.—(Special.)—The worst spot in the state for rebellion against the laws of the state and refusal on the part of officials to recognize the state plan for systematizing highway construction is about to be reformed. This is in Mahaska county.

Conferences Held.

Recently several conferences were held in Des Moines by officials and others of the county and members of the State Highway Commission and other state officers.

The commercial and business interests of the city of Oskaloosa and the more progressive element of the farming community have become aroused to the situation and have indicated a desire to end the warfare and bring the county into line with others of the state for better roads.

The State Highway commission is unusually active and busy at this season of the year and is making preparations for a great year in highway improvement for 1914.

Prepare to Use New Rates.

The State Railroad commission has received information that shippers all over the state are preparing to take advantage of the new rail rates soon to be put into effect.

Just what will be the rates as between eastern points and Iowa towns is not yet known, but a better understanding has been reached as to the rates to Colorado, Utah, Kansas and other points.

Iowa's Largest Coal Mine.

The largest coal mine in Iowa is now in full operation in Lucas county. In fact, it is said to be the largest coal mine west of the Mississippi river in the valley.

No Hope of Solution of Case.

The officials have virtually given up all hope of ever finding out the real cause of the suicide of Cashier Wheelock of the Citizens bank at Colfax.

Children Hate Oil Calomel and Pills

"California Syrup of Figs" best for tender stomach, liver, bowels—tastes delicious.

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do.

If your child's stomach, liver and bowels need cleaning, give only California Syrup of Figs.

Ask your druggist for a 30-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle.

Put a steaming hot towel over the painful spot for a few moments to open the pores; then rub with Omega Oil. Quick relief usually follows this simple treatment. Trial bottle 10c.

ROAR OF ANTI-REMOVALISTS

Lincoln Paper Voices Unfair Statements Concerning Committee.

HEARING OPEN TO BOTH SIDES

Prominent Citizens Personally Invited to Attend, but Fail to Appear and Make Showing to College Presidents.

Lincoln, Feb. 1.—(Special.)—The Lincoln Daily Star again assails the university campus removal proposition, impugning the motives of the four able college presidents who were invited to look over the situation by the farmers of the state who desired the best kind of advice in the matter, and attempt to make its readers believe that the people opposed to removal of the state university from the downtown campus to the state farm had no chance to present arguments at the meeting held in Lincoln this week.

The facts are that both sides of the controversy had plenty of chance to present their arguments, notwithstanding the Lincoln paper says that no notice was given and that no one appeared with two exceptions to defend the cause of downtown extension.

To Reduce Number of Churches.

To prevent the further over-crowding of certain sections of the city the board of city of the Interchurch council was organized. Rev. J. W. Countermine was elected president and Rev. T. O. Douglass was chosen secretary.

Schlitz in Brown Bottles does not have that disagreeable taste

so often found in beer in light bottles. We reprint below an extract from an opinion rendered by another famous scientist:

"Bottles of strong glass should be selected. They should never be of colorless glass, inasmuch as through the influence of light the beer will not only take on a disagreeable odor and taste, but will also become turbid."

This is one of the authorities quoted by Dr. Robert Wahl, President of the Wahl-Henius Institute of Fermentology, to corroborate his own opinion.

Schlitz is made pure and the Brown Bottle keeps it pure from the brewery to your glass.

See that crown or cork is branded "Schlitz."
