

LICENSE IS GRANTED MOISE

Three Commissioners Vote Against It After Secret Session.

TO REGULATE THE DRUG TRADE

While Commissioners Had Agreed Not to Grant New Licenses They Say Limit is Still Below Last Year.

City commissioners, by a vote of four to three, granted Walter Moise a wholesale liquor license to operate from 115-29 North Fifteenth street. The action followed an extended meeting of the commission behind closed doors. Commissioners A. C. Kugel, John J. Ryder and C. H. Withnell voted against the license. Moise has been running a wholesale liquor house in the city for approximately twenty years.

A drugist permit was issued and an ordinance providing for more stringent regulation of the liquor trade by drug stores was passed by unanimous vote.

Concerning the action on the Moise license, Mayor James C. Dahlgren said he could see no reason for "putting Moise out of business." Commissioner Withnell said simply that "enough licenses had been granted." The other commissioners did not discuss the matter. No argument occurred when the matter was put to a vote at the council meeting after the secret session.

City Clerk Flynn said the number of licenses issued to date are still under the total issued a year ago. The city council announced that no new licenses would be granted, and so far this agreement has not been violated. A few applicants for new licenses have been turned down, one of them being an outside wholesale company.

Interest is Shown in Sunday School Meet at Florence

Sunday school leaders and workers of Douglas county are looking forward with a good deal of interest to the annual convention which is to be held in Florence this evening and Friday afternoon and evening. The Florence people are furnishing free the beautiful Fontanelle hall for the purposes of the convention.

The program arranged is decidedly practical and a number of well known workers are in charge. Miss Margaret Ellen Brown, general secretary of the Nebraska State Sunday School convention, will speak at both evening meetings on her tour around the world in connection with the commission of Sunday school workers that was sent to Japan, China, Korea and other oriental lands a year ago, prior to the world's Sunday school convention at Zurich, Switzerland, last May.

Friday morning there will be an earnest discussion of home mission work through the Sunday school, in which a number of church missionaries and Sunday school workers will take part and at which the pastors of the county are urged to be present.

COLDER WEATHER PREVAILS IN WESTERN PART OF STATE

The western and central portions of Nebraska as well as parts of Wyoming were getting a touch of real winter again yesterday. According to the reports to the railroad, from Norfolk on the North-western, Ravenna on the Burlington and Goldenburg on the Union Pacific, west temperatures ranged from 5 to 14 degrees above zero. Generally through Wyoming it was from 12 to 28 above, with 3 degrees below at Winner, in the Northwestern, just over the state line, in Nebraska.

Word comes to the railroad headquarters that out in the state, on every stream and lake, large numbers of men are at work breaking ice, filling local icehouses and preparing to ship east and south, where indications are that the crop is going to be short.

Over in Iowa, east of the central portion of the state, there has been another heavy fall of snow. Around Marion, Cedar Rapids and Waterloo and Dubuque, it is said to be a foot in depth and sleighing is the best in years.

MILWAUKEE HAS MANY MILES OF DOUBLE TRACK DONE

The Milwaukee road is out with an official statement of what has been done in double-tracking its line across Iowa. The statement has to do with the conditions of the project up to the first of the year, and states that at that time the grading and bridging of 275 miles was completed. On the date named 182 miles of second track had been laid.

Across Iowa the entire line has been rebuilt and the grades reduced materially. For instance, east of Marion there has been a reduction from 67.100 of 1 per cent to one-half of 1 per cent, and between Marion and Manilla, from 1 per cent to one-half of 1 per cent. All curves have been reduced to one and one-half degrees, the old maximum being four degrees.

Up to the first of the year in carrying on the new work 15,700,000 cubic yards of earth had been removed and 14,000 cubic yards of concrete masonry put in place. In the new bridges 12,400 tons of steel had been used. Fifty-two grade crossings have been eliminated by means of concrete overhead and under crossings.

NEW BANK BUILDING PLANS WILL SOON BE SUBMITTED

Plans for the new United States National bank building are to be ready within a day or so. The building is to occupy the place of the old bank building at Sixteenth and Farnam streets. It is announced that plans may be ready to file at the Builders' exchange soon. Omaha contractors are looking forward to bidding for the job.

The income tax is the subject to be discussed at the public affairs luncheon of the Commercial club Thursday noon. Ross Hammond, collector of internal revenue for Nebraska, is to deliver the address. Any member of the assembly is to be permitted to ask him pertinent questions in behalf of the tax. Senator Norris Brown is to preside.

Fead Has Plan to Use City Bonds to Guarantee Deposits

A plan to secure deposits in depository banks by city bonds, held in escrow, has been prepared by John W. Fead, clerk in the city comptroller's office, and will be submitted to the city commission by Commissioner Dan B. Butler of the department of finance and accounts.

It is Fead's plan to have the \$351,000 in bonds shortly to be issued by the council for sewers, street improvements and interconnections taken by the banks to secure their deposits, instead of the present system of bonded protection.

"This plan has worked in other cities," said Fead, "and there is no reason why it should not be adopted here. If funds accrue to retire the bonds a considerable saving will follow, as exchange and premium items will be eliminated."

Commissioner Butler will ask the commission's consideration of this plan at a meeting of the city council in committee of the whole Monday morning.

COUNTY TREASURERS TALK TO THE REAL ESTATE MEN

A half dozen county treasurers from various parts of the state made short addresses to the Real Estate exchange at the regular noon meeting of the exchange. E. L. Hevelone of Beatrice told of the general increase in the cost of things, as indicated in the fund required to run the schools of Gage county ten years ago and now. While the school fund for the entire county used to be \$55,000 it is now \$170,000, he said.

County Treasurer William E. Douglas county spoke of making funds in the treasury available at once for the various schools and institutions for which they were appropriated. He called attention to the older customs of letting the money lie around in the treasury or in the banks while the schools were calling for it for six months without getting it.

BENSON PEOPLE TO ASK CAR LINE EXTENSION

A. Lindberg of South Benson has prepared a petition and plans which he intends bringing before the officials of the street car company in behalf of a car line extension from Forty-sixth and Cumming streets west to Benson. The suggested extension would bring the line where there are a number of residents who are now about a mile from street car service.

If Backache or Kidneys Bother

Eat less meat also take glass of Salts before eating breakfast.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll feel a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity; also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Advertisement.

Jack Holland is Given Ride in the Old "Black Maria"

Jack Holland, owner of the St. Joseph base ball team was in the hands of the Omaha police for a time yesterday afternoon, until Pa Rourke came to his rescue and took him away from the police station. He was arrested at the Union station as he arrived on a train from St. Joseph to talk over schedule with Pa Rourke before the two left last evening for Chicago to attend the meeting of the Western league. The charge was stealing an overcoat, the one he wore. Detective Johnson of St. Joseph, who was in Omaha on another case, made the arrest.

It turned out that Johnson was "jes' foolin'."

MR. AND MRS. GOULD DIETZ WILL LEAVE THIS EVENING

Mr. and Mrs. Gould Dietz are to leave Thursday evening for their trip around the world. They go west and are to sail from Vancouver directly for Australia. They expect to be gone until May or June. They will spend considerable time in Australia and New Zealand and also in the South Sea Islands. They will then likely spend some time in South Africa and later sail through the Suez canal. Mr. Dietz says he also has the Fiji Islands on his itinerary, and hopes to spend a little time there, providing there is no famine on and the cannibals will let him land with some degree of safety.

Lincoln's Birthday Not Legal Holiday in State of Nebraska

One hundred and five years ago today Abraham Lincoln was born. The day is a legal holiday in most states, but the banks will not close in Omaha as Lincoln's birthday is not a legal holiday in Nebraska. Exercises will be held in the schools of the city to a greater or less extent. The famous Gettysburg speech will be read in many of the schools and the martyred president will be remembered in many ways.

In the evening Bishop William A. Quayle of St. Paul, Minn., is to speak at the University club. Bishop Quayle's subject for the evening will be "Lincoln, the First American." Present indications are that 150 or more will be present.

Sues Man's Estate Because in Life He Failed to Wed Her

Suit against the estate of the late Joseph Waldecker, who died last June, for alleged breach of promise on the part of Mr. Waldecker to marry Miss Rosa H. Metzinger has been begun in district court. The plaintiff is asking \$7,000 damages and also filed a claim for that amount in probate court.

Miss Metzinger alleges that as a result of a promise to marry her, made in April, 1912, she secured a trousseau in preparation for a ceremony to be held July 25, 1912. On July 4, 1912, she asserts, Mr. Waldecker left for Florida and remained absent.

Both plaintiff and defendant made their homes in Washington county. Mr. Waldecker's estate is estimated to be worth \$1,000.
