

LINCOLN HOTEL MEN ANGRY Threaten Label Prosecutions Against Anti-Saloon Head.

CARSON ABLE TO PROVE CHARGE Declines to Confer with Lancaster Prosecuting Attorney Over Case—Re-elected Superintendent by Association.

(From a Staff Correspondent.) LINCOLN, Feb. 14.—(Special.)—The controversy between H. F. Carson of the Anti-Saloon league and Chief Malone of the Lincoln police department over charges brought by the former against the latter and asking that the chief be removed, has developed little except several interchanges of hot air between the two gentlemen.

Chief Malone claims that the charges made by Carson that Lincoln is vice ridden are untrue and defies the latter to make good in the charge. One hotel man whose place was mentioned in the charges as a breaker of the law has threatened to file a suit for damages against the secretary of the Anti-Saloon league.

Carson, however, remains calm and serene, simply saying that any charge that he has made which he cannot prove will be withdrawn. It is claimed that since Omaha, Norfolk, Grand Island and other places have made application to come in under the "Holy City" name, that Lincoln has had its female population greatly augmented, and that many of the former residents of those cities can be found in most any old place one might care to look.

The meeting of the Anti-Saloon league yesterday, held in this city, was interesting in that the board endorsed the activities of Mr. Carson and re-elected him superintendent for another year.

During the afternoon the county attorney of Lancaster county called up Mr. Carson by telephone and told him that the hotel men were going to start criminal libel suits against him and asked him to come to the court house and talk it over. Mr. Carson refused to go, telling Mr. Strode that if he considered that he had grounds for proceeding against him to start the suits, as he was ready to turn on a little light on the inactivities of the police department.

The league will push its campaign against violators of the law and will back Mr. Carson in his campaign against immorality and crime not only in Lincoln, but anywhere else that they can secure the evidence, is the word given out after the meeting closed.

The following officers were elected: President, S. K. Wirtick, Scottsbluff; vice president, J. J. Tiranzi, Grand Island; treasurer, J. J. Tiranzi, Grand Island; secretary, H. G. Knock, Lincoln; superintendent, H. F. Carson; superintendent of Omaha district, Rev. F. A. High; field secretary, Rev. G. M. Bing, St. Paul.

Malone Resents Arrest of Woman in Robbery Case

(From a Staff Correspondent.) LINCOLN, Feb. 14.—(Special.)—Chief of Police James Malone of the Lincoln department of public safety is not only very much peeved at the Omaha police department, but is exceedingly angry at Chief of Detectives Steve Maloney of the city for arresting Mrs. Sadie Walker, the Lindell hotel employee, who gave evidence against Tom Charetta, who is accused of killing Henry Nickell in the McVey resort January 15.

Malone said last night that the arrest was an outrage and the incarceration of Mrs. Walker in the Omaha jail entirely uncalled for. Mrs. Walker was the first woman arrested in the description of the man wanted for the crime that it fitted the man who had been working at the hotel and who had given her jewelry in security for a small loan she had made him, representing that the jewelry belonged to his mother, who had recently died. She at once turned over the jewelry to Police Judge Fullerton, telling him that she believed the Lindell hotel bell boy was the man wanted. Malone said that he at once notified the Omaha police that he was on the track of the man wanted, but they failed to give any credit to the information, and before he could get Tony had gone away.

Judge Fullerton of the Lincoln police court, who went to Omaha yesterday to try to secure the release of Mrs. Walker, returned today unsuccessful. He says that he feels that the Omaha department is working under a misunderstanding of the case, and while he feels that it was wrong to imprison his client, he feels very kindly toward the police people of Omaha and believes that they will do the right thing as soon as they understand the case.

Lancaster Judges Fix Law on Petition

(From a Staff Correspondent.) LINCOLN, Neb., Feb. 14.—(Special Telegram.)—The petition filed with the clerk of the city of Lincoln, asking for a recall of Commissioner King of the public safety department, which was declared to have insufficient names by City Clerk Berg, and which has been before the district court on a writ of mandamus to compel the clerk to do so, the petition, has been decided in legal form in that each paper circulated was not verified by one of the signers thereon, but gives the petitioner a reasonable time to remedy the defect.

The order of the court is that the clerk shall recount the names on the petitions and determine their efficiency, that 30 per cent of the votes cast for the highest candidate and not on any proposition shall be sufficient; that forged or fictitious names on a petition do not invalidate the whole petition; that names written in a foreign language should be counted; that a business address given by a petitioner is legal and valid names written in an illegible manner may be counted upon sufficient evidence that they are the names of legal voters.

The order is signed by all three judges of the court.

Condra Reports on Land Propositions Under Blue Sky Law

(From a Staff Correspondent.) LINCOLN, Neb., Feb. 14.—(Special.)—Prof. George Condra of the University of Nebraska, representing the conservation and soil department of the state, has returned from his trip to Texas where he investigated a large number of real estate companies which have been seeking to enter Nebraska and which the blue sky department of the railway commission felt were not entitled to do business in the state.

Dr. Condra visited the Panhandle country, Fort Worth, San Antonio and Crystal Springs, investigating the different schemes there which have been advertised in the north. He was assisted by Mr. Rockwell, representing the government, and together they went over the different propositions.

Dr. Condra said that the officials of Texas are beginning fully to understand that the state has received much unfavorable advertising by its laxity in letting people and companies pull off land deals which were shady. They believe that many of the acre tract schemes have been of such a nature that it has brought discredit upon some of the companies which have been putting out good propositions.

One of the projects which he found all right covers an irrigation scheme which has already cost the company between \$2,000,000 and \$3,000,000, having a reservoir covering a 300,000 acre tract of water. Four of the companies which were investigated will be reported all right, but there are several which will be denied admission to the state if the blue sky department accepts the report.

Eating Meat Regular Clogs Kidneys, Then Your Back Hurts

Flush your Kidneys occasionally with a tablespoonful of Salts to avoid danger. Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders. You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts is harmless, inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications. A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Advertisement.
