WASHINGTON, Feb. 20.-The agricultural appropriation bill carrying funds aggregating \$18,947,000 and proposing many radical changes, including a general reorganization of the Department of Agriculture with a view to co-ordinating its various activities, was reported to the house today by Chairman Lever of the agricultural committee. The report accompanying the bill breaks all records for comprehensiveness. The proposed scheme of reorganization would include the weather bureau. The bill would change the name of the

bureau of statictics to the bureau of agricultural forecasts and would increase from \$50,000 to \$200,000 the appropriation for the new office of markets. The bill proposes a specific appropriation of \$55,-000 for the office of public roads. The total includes \$145,000 .or investigating the best methods of road making. Lands and Surveys.
